### **Laura Parker- The Exodus Road**

The Exodus Road began through the journey and work of co-founders Laura and Matt Parker. Moving to SE Asia with their family in April 2010, Matt and Laura initially directed a children's home for hill-tribe girls in rural Northern Thailand. During that time, Matt and Laura were exposed to marginalized people groups – targets for human trafficking. Eventually, Matt began networking with NGOs and local police to learn about the problem at the ground level. After a period of research, he was deputized by police and started working personally to find those trapped in slavery as an undercover investigator.

### **Dana Schield- Colorado Springs Airport**

It means a low stress place to start and finish your travels. Fly with COS and enjoy Colorado's small airport. Always remember "Look Before You Book" anywhere else as the fares are competitive and they offer 40 flights a day with lots of connections available. [www.flycos.com](http://www.flycos.com)
