BROADCAST AGREEMENT

This BROADCAST AGREEMENT ("Agreement") dated this 16th day of April, 2007, is made by and between the Piscataway Township Board of Education ("PBOE"), on behalf of Piscataway High School, licensee of radio station WVPH-FM ("WVPH") and Rutgers, The State University of New Jersey ("Rutgers").

RECITALS:

WHEREAS, Piscataway High School ("PHS") is licensed by the Federal Communications Commission (the "FCC" or "Commission") to operate noncommercial FM broadcast station WVPH at Piscataway, New Jersey, on an assigned frequency of 90.3 MHz; and

WHEREAS, Rutgers, on behalf of RLC Radio ("RLC"), the radio production facility of the Livingston Campus of Rutgers University, entered into a programming agreement with PBOE that was executed on March 17, 1999, formalizing a programming relationship that began in October of 1998, and that has resulted in more than eight years of successful radio programming jointly produced by RLC and PHS; and

WHEREAS, in 2005 PHS defeated a challenge to the renewal of its broadcast license due in no small part to the combined efforts of the staff and students of RLC and PHS and the programming that RLC provided to extend the broadcast day of WVPH, and to technical and administrative assistance provided by RLC; and

WHEREAS, both parties have committed to upgrading the transmitter facility of WVPH to the extent that PHS has applied for and received from the FCC a Construction Permit to relocate the transmitter facility to the existing 250-foot radio tower on the Livingston Campus, and the students and staff of RLC and PHS were the catalysts that brought together students and staff from both schools in a major fundraising effort in October, 2005, called the "Tower of Tomorrow Radio Marathon," to begin the process of funding the upgrade, and both parties have subsequently committed to provide, on an equally-shared basis, the remainder of the funding necessary to complete the relocation project; and

WHEREAS, after more than eight years of successful partnership in programming WVPH, the parties recognize each other's intrinsic value in their relationship with respect to WVPH and wish to recommit themselves to the spirit and intent of the 1999 agreement; and

WHEREAS, the parties recognize the need to create a formal organizational structure to manage those aspects of the overall operation of WVPH that are jointly owned by PHS and Rutgers, or represent the respective contributions of the parties to the programming of WVPH, which organizational structure is hereinafter referred to as "WVPH-RLC";
