➢ Madeline Adams, Executive Director – Homework Hotline
➢ Michelle Rind, Assistant Director – Homework Hotline

Madeline Adams, Executive Director, and Michelle Rind, Assistant Director of Homework Hotline, highlight their commitment to providing free tutoring and academic support for all K-12 students in Tennessee. During the interview, Adams and Rind discuss their added hour of service and increased support during the pandemic, their hiring more teachers and staff to accommodate increased demand, their partnerships, how the community can support their efforts and more.

- Madeline's moved into ED role from the AD role and we welcome our new AD
- Hotline has remained open during COVID-19 school closures, with some changes.
    - teachers are working from home
    - added an hour of business for the 2020-21 school year
    - continue to use tech features to assist students (image share, online whiteboard, essay share, online chat)
- More scheduled, weekly tutoring sessions, which allows Hotline to track student's process and provides consistency for students
- Changes in usage include longer sessions and different types of calls'
- Hiring more staff to accommodate the demand
- Tech is an issue for students and families, both connectivity but more so how to use the tech.
- Community can continue to spread the word that Hotline is available to all TN K-12 students
- Partnership continues with SCS, MNPS, and we're growing our district partnerships and with community partners.
- We're hoping to plan an end of year event, TBD.

➢ Jenny Galligan, Senior Development and Marketing Manager – Junior Achievement of Middle Tennessee

Jenny Galligan, Senior Development and Marketing Manager for Junior Achievement of Middle Tennessee, talks about their volunteer-delivered, kindergarten-12th grade programs that foster work-readiness, entrepreneurship, and financial literacy skills, and that use experiential learning to inspire students in the community to dream big and reach their potential. During the interview, Galligan talks about their pivots with the pandemic and how their resources are now all available virtually and for free, as well as ways the community can support their efforts.

- What JA does and why it is important
- How we have transitioned during COVID19: Free, virtual resources available for students and teachers
- JA's commitment to diversity, equity, and inclusion
- Upcoming Spring events
- Volunteer opportunities available now
- How to donate

AIR Date Oct. 18, 2020 – Nashville Radio Show Talking Points

- **Demetrius Short, CEO & Founder – Transformation Life**
- **Myles Harris - President, Student Advisory Board – Transformation Life**

Demetrius Short, CEO and Founder of the Transformation Life Center, and Myles Harris, President of their Student Advisory Board, talks about the organization and it's mission to Ignite, Inspire, and Transform the lives of college students and youth living in underserved communities. During the interview, Short and Harris discuss their 10th Annual Steps of Success virtual 5k run/walk, which raises money for scholarships, and their Pathway to Success Initiative, which is their life changing program that develops students and inner city youth into leaders, equipping them with the necessary tools to overcome barriers and succeed in life. They also talk about the power of relationships and their newest endeavor focused on helping students with their virtual learning.

- Our mision: Ignite (purpose), Inspire (success) and Transform the lives of collegiate students and youth living in underserved communities.
- Vision Statement: Cultivating Tomorrow's Leaders, Today!
- We are celebrating 10 years as a non-profit organization! We are in the middle of our 10th Annual Steps of Success VIRTUAL 5K run/walk fundraiser (kick off was September 12th and Demetrius ran 3.1 miles in a suit and sneakers for the 10th year with over 600 virtual runners! Over 13 million steps have been taken over 10 years to help fuel our mission and vision! We can talk a little bit about the story behind the 5K run/walk and why Demetrius runs in a suit and why Transformation Life Center is so important to the community.
- I invited Mr. Myles Harris, one of our amazing success stories to join me on this interview. I would LOVE to have a candid conversation about the various barriers students and young professionals are dealing with due to COVID-19. Myles recently graduated from Fisk University and we were instrumental in developing and creating a pathway to success for him to an amazing job at HCA despite the pandemic. I would love for Myles to share how TLC helped him and the important work TLC does in the community. Our Pathway to Success Initiative (P2SI) is our life changing program that develops students and inner city youth into leaders, equipping them with the necessary tools to overcome barriers and succeed in life.
- Myles can share some of the traumatic experiences he and other students face having their graduation taken away due to covid-19 and how so many students didn't have an outlet of support. We helped him secure an internship in 2019 that led to a Full Time job at HCA he loves and doing very well.
- We want to tell our story and bring awareness to ways the audience can partner to help us fulfill our mission. 95% of the students we impact are African American/Black students. We are facing tough times with social injustice and TLC is taking a leading position to help African American students overcome various barriers in society and THRIVE in their communities and Corporate America.
- Here are a few short documentary pieces that may yield great conversation about our organization and the important work we do in the community:
