ABORTION & PRO-LIFE ISSUES

IN FOCUS # 1-29-13
1-29-13, 1-30-13, 1-30-13, 1-30-13
58:30 Pastor Matt Trewhella; Mercy Seat Christian Church

Pastor Matt Trewhella discussed and showed video clips about his trip to President Obama second inaugural in Washington, DC. Pastor Trewhella had his team of pro-life protestors lined the street to the National Cathedral with abortion photos, so that President Obama and "The First Lady" could not miss seeing the explicit photos on their way to an inaugural prayer service there.

IN FOCUS # 2-12-13
2-12-13, 2-13-13, 2-13-13, 2-13-13
58:30 Pastor Matt Trewhella; Mercy Seat Christian Church

On the 40th Anniversary of Roe vs. Wade Pastor Matt Trewhella talked about the infamous law that has taken the lives of millions of babies in America. Also discussed was the Republican Party when they say " We're Pro-life" with theirs mouths; but with their actions, they still continue to fund Planned Parenthood when in power.

IN FOCUS # 3-12-13
3-12-13, 3-13-13, 3-13-13, 3-13-13
58:30 Pastor Matt Trewhella, Mercy Seat Christian Church

What is personhood and why is it so foundational to the pro-life movement? Put simply, a "person" is a human being who is fully protected under the law; and we use the legal term "personhood" to describe this condition. In other words, to be a person is to be protected by a series of God-given and constitutionally protected rights--Pastor Trewhella.

Pro-life groups in Maryland are hoping state regulators will revoke an abortionist's medical license and file murder charges after a patient under his care died. State authorities are investigating the death of 29-year-old Jennifer Morbelli, who passed away Feb. 7, just days after receiving an abortion from late-term abortion doctor Leroy Carhart. Maryland medical examiner's office is proceeding with a full autopsy of the victim.

ABORTION & PRO-LIFE ISSUES

WHY CAN'T WE LOVE THEM BOTH? # 674-53
1-18-13, 1-19-13, 1-19-13, 1-21-13
55 min Dr. & Mrs. John Wilke M.D.

The heartbeat begins on the 21st day after conception. Currently, twenty weeks is considered the accepted minimum. However, this time will be reduced as medical technology continues to improve. Pregnancy from rape is extremely rare. As reasons for legalizing abortion rape and incest are nothing more than emotional screens used by those profiting from abortion. But we must approach the victim of rape or incest with great compassion. The woman has been subjected to an ugly trauma, and she needs love, support and help. But she has been the victim of one violent act. Should we now ask her to be a party to a second violent act -that of abortion? How can a girl give up her own baby for adoption and go through life never knowing what is happening to her child? Which is better to remember, "I gave my baby life. And because I loved him, I gave him into the arms of a loving couple" Or to remember, "I selfishly ended my baby's life?"

A court ruling has cleared the way for Texas to end public funding for Planned Parenthood and other groups that support abortion. Republican lawmakers passed the "Affiliate Ban Rule" in 2012, but Planned Parenthood sought a temporary injunction to keep it from going into effect on Jan. 1. On Monday, a Texas district judge denied that bid.

IN FOCUS # 12-11-12 repeat
1-22-13, 1-23-13, 1-23-13, 1-23-13
58:30 Pastor Matt Trewhella; Mercy Seat Christian Church

Under discussion is the effects of pietism in America, and why pietism isn't good for the unborn baby. Pastor Trewhella talked about three excuses given by pietists who don't want to be publicly involved with pro-life efforts; how Christian pietism is helping perpetuate abortion and sinful lifestyles in the United States .

A new Time Magazine cover is acknowledging that the tide is turning in the favor of the pro-life movement. The news magazine's says, "40-years ago, abortion rights activists won an epic victory with Roe vs. Wade. They've been losing ever since." The story documents that many abortion clinics around the country are closing because of pro-life laws that give women more information and provide alternatives to abortion.

For years, it was unthinkable that society would tolerate so-called designer babies or the move toward gender-based abortion. Now, evidence shows some U.S. couples are making that choice. The conclusion is these families want boys so much they will use in vitro fertilization or abortion to get what they want.

1-1-13, 1-1-13, 1-2-13 / 1-7-13, 1-8-13, 1-8-13, 1-9-13
58 MIN Dr. David Menton, PhD.

An examination of the preciousness of LIFE and how LIFE begins with the union of the female egg and the male sperm at conception. The pathway of the egg from the ovary, oviduct with its cilia 'fingers' passing the egg down to the uterus was illustrated. Fertilization occurs between 12 and 24 hours. If a sperm unites with the egg, it is referred to as a conceptus. The conceptus will divide into a zygote within 30 hours and continue to divide into more cells. The placenta is like a plug-in power plant unit to which the mother's blood comes into an area separated from the baby's blood by a cell wall. No leakage is allowed or else blood clots or worse could occur. He went on to describe how the placenta can pass nutrients to the baby and also functions like the baby's kidneys, liver, an intestinal system and many more things! When the placenta is ejected at birth, 27 arteries of the mother are severed! It would be the end of life for mom except that there is a little sphincter that clamps down and the mother only loses about a cup of blood!

TRUTH THAT TRANSFORMS # 31302 new generation of pro-life leaders
1-13-13, 1-15-13, 1-16-13, 1-16-13
28 MIN D. James Kennedy, Jerry Newcombe, Jennifer Cassidy, Carmen Pate

Jan. 22, 2013, is the 40th anniversary of the Supreme Court's 1973 Roe v. Wade decision; over 55 million babies (1/3 of that generation) have died in the American Holocaust. Sanctity of life, a spiritual ethic, has been replaced by quality of life, a materialistic ethic, in our society. Some appeal to cases of incest or rape; these make up less than 2% of abortions; and 60% of the women who get abortions are pressured into making that "choice." The number of abortions has gone down in recent years, and a new generation of prolife leaders is continuing the battle. Kristin Hawkins leads Students for Life of America (over 700 groups on high school and college campuses) and emphasizes women do not have to choose between a child and an education. Lila Rose founded Live Action, which exposes Planned Parenthood crimes such as their cover-up of sexual abuse of minors, with undercover activities. Today's young people are more pro-life than their parents.

TRUTH THAT TRANSFORMS # 31303 Abortion: not a choice, a traumatic experience
1-20-13, 1-22-13, 1-23-13, 1-23-13
28 MIN Jerry Newcombe, Carmen Pate

Abortion is not really about choice: 64% result from pressure by others, often parents, unaware of the traumatic consequences for their daughters. Many women suffer grief and regret after abortions (several gave testimony). Nurses are also under pressure to violate their convictions and participate in abortions, despite legal protections. Americans can be encouraged by recent successes of the prolife movement in both our culture and in legislation..

THE PROCEDURE # 672
1-20-13, 1-25-13, 1-26-13, 1-26-13
29 min

A documentary about Partial Birth Abortion and how it takes three days to complete on babies of the fifth month. The baby's head is punctured and then the brains are sucked out. This collapses the head and the delivery is easier. Evidence is overwhelming to ban this gruesome procedure>

TRUTH THAT TRANSFORMS # 31301 Abortion -- Down Syndrome
1-6-13, 1-8-13, 1-9-13, 1-9-13
28 MIN D. James Kennedy, Jerry Newcombe, Jennifer Cassidy, Carman Pate

Forty years of abortion in America has led to the murder of 55 million babies (one third of that population) and the devaluing of all human life. God commanded "Thou shalt not kill." Many who promote abortion oppose capital punishment; in our nation we kill the innocent and spare the guilty. Though many children with Down Syndrome live happy, productive lives, 80-90% who are diagnosed before birth are aborted. Bobby Chamberlin knows Christ as Savior and brings joy to his family and many others. How arrogant to think that some people are better than others, just because they are different! Christians need to make clear to our culture thane very human life is precious; progress is being made with advances in medical science and education of the public.

LAW & JUSTICE #584
1-9-13, 1-10-13, 1-11-13 / 3-27-13, 3-28-13, 3-29-13
28 min Deborah Frantzich and Christy West

Deborah Frantzich of Rachel's Vineyard and Christy West of Liberty Godparent Home discussed how women who have had abortions suffer great distress, but can find forgiveness and healing in Christ!! Deborah had two abortions and during one the 'doctor' was unhappy that she was crying and made phone calls about repairing his car! She had regrets and fell into depression, was suicidal, drank, and sought counseling with a Christian organization and found healing and forgiveness and started 'Rachel's Vineyard'!

Dick Dean Commentary on the News
2-27-13, 2-27-13, 2-28-13
2 min Dick Dean

This year marks the 40th anniversary of Roe vs. Wade, the U.S. Supreme Court ruling that made abortion legal in all 50 states. Those in favor and against the practice have been fighting ever since. Today the debate is just as alive as ever, with both sides claiming victories and neither backing down. Choose life and reject abortion

HEROES # 15
2-3-13, 2-6-13, 2-7-13, 2-7-13, 2-8-13
30 min Allan Parker,

Allan Parker, President of Texas Justice Foundation discussed how his organization of attorneys are seeking to overturn Roe vs. Wade with the help of the very individual who was the primary party in the case! Ms Roe, Norma McCovey said that she was lied to by lawyers to get her to 'start the process' for overturning the abortion laws. Other women like Holly Heatly, are contributing their stories of how a janitor passing as a doctor did her abortion! Susan Renne tells of her 15 years of suicidal depression after her 'uninformed' abortion. The Foundation will be presenting these many testimonies to judges.

Planned Parenthood has come under fire by those who seek to federally defund the program. The Hyde Amendment, passed in the 1970s, makes it illegal for the federal government to pay for abortions except in the cases of rape, incest, and life endangerment. This is not to say that Planned Parenthood does not receive money from the federal government. In 2010 the organization reported receiving $363.2 million in federal grants and contracts. Title X federal funding and Medicaid reimbursements regularly go to Planned parenthood to cover its expenses for condoms, birth control pills and sex education programs. Critics argue that this money frees up non-federal money so that it can be used by Planned Parenthood to perform more abortions.

The first marijuana clubs have begun popping up in Colorado after voters legalized recreational pot-smoking. But the state's new amendment prohibits public marijuana consumption, prompting some pot-smokers to head indoors to Club 64. Club 64 gets its name from the number of the amendment.

WOMAN'S SPECIAL TOUCH # 154
3-4-13, 3-5-13, 3-6-13, 3-9-13
28 Min Nick and Patty Compartore

Nick and Patty Compartore discussed how they got into drugs. Nick began with Marijuana when he was in a rock band. He said that Rock Music and Drugs go together! Nick was in it for 14 years and did not know the consequences of drugs! Patty began using drugs when she met Nick and used them for 8 years. There was No Peace or Happiness in their lives and she got to a point where she was deathly ill and knew that she had to change her life style! She caught a Christian TV program and accepted Christ as her Savior and the Drugs and Drinking desire was taken away immediately!

BLACK HISTORY

RALLY # 071 William Federer - Black Americans Who Have Influenced America For Christ
2-7-13, 2-8-13, 2-9-13, 2-10-13
85 min William Federer, historian,

William Federer, historian, discussed how America was influenced for Christ by BLACK AMERICANS! Dr. Ben Carsen grew up having a difficult time in school, until his single mom turned the TV off and walked him and his brother to the library and made them read and write book reports to her on what they read! He desired to become a doctor after hearing a missionary speak! He earned a scholarship to Yale and went onto Medical School and currently at age 33 is the youngest Director of Pediatric Nero Surgery at John Hopkins University! Mr. Federer went on to talk about Justice Clarence Thomas, Dr. Alan Keyes, J.C. Watts, Harriet Tubman, Sojourner Truth and George Washington Carver

George Washington Carver #735
3-8-13, 3-9-13, 3-9-13, 3-11-13
58:30 Documentary Film

The documentary showed the life and scientific achievements of George Washington Carver. It also highlighted the racial tensions in Carver's day and how he rose above them. This film is not about a black man who rose to greatness, but about a humble servant of God who sought to be used by his God to serve mankind. In Carver's education, we see how he was blockaded at almost every turn despite his intelligence and impressive work ethic. From the local church school to Highland College, he was rejected due to the color of his skin. Rather than focusing on the injustice and prejudice Carver rose above all that to become one of America's greatest scientist--through God's goodness and mercy.

CAPTALISM, SOCIALISM & COMMUNISM

WORLDVIEWS #05 & #06
1-15-13, 1-17-13, 1-20-13 / 1-22-13, 1-24-13, 1-27-13
28 Min Dr. David Noble, David Horowitz, and Richard Ebeling

Dr. David Noble, David Horowitz, and Richard Ebeling analyzed the political systems of Marx and Socialism. It flourishes in Asia, Latin American countries, and College Campuses in the U.S.! Marx believed if the government owned the Land, the Factories, and the Machinery, then the 'Evils of Capitalism' would cease. Socialism is a transitional step towards Communism. In Socialism, the Workers have seized both the means of production and the government. Communism occurs when the government has faded away and Class Distinctions cease to exist with the means of production belonging to everyone.

CHILDREN'S ISSUES

BECKY'S BARN # 14 - School Daze
1-21-13, 1-26-13
28 MIN Becky's Barn cast

It was raining outside so the Becky and the other animals wanted Miss Jenny and Uncle Henry to be pretend to be School Masters and teach classes to them that day. They learned about setting up rules and classroom conduct.

BECKY'S BARN # 15 - FIRE SAFETY
1-28-13, 2-2-13
20 min Becky's Barn cast

A fire started by spontaneous combustion in the barn, the animals got out quickly and safely. Someone called 9-1-1 for the fire dept. and they came and put the fire out! Fireman 'Sparky' instructed Uncle Henry and the children about the Three Things needed for a Fire to start: Heat, Fuel, and Air. If you take ANY ONE of these away, the fire WILL GO OUT! He also discussed the Dangers of Matches and Cleaning Fluids, etc. as well as what to do if a fire starts!

DAVEY & GOLIATH # T-05A - Down On The Farm
1-31-13, 2-2-13
14 min Davey & Friends

Davey spends the summer down on his Grandpa's farm. Davey decides to raise some prize winning vegetables for the county fair. His Grandpa helps Davey get the garden ready for planting. Davey plants the seeds but then does not bother to water it or pull the weeds out of it, but rather likes spending time with the neighbor boy down the road swimming and playing. His grandpa reminds Davey that he has to do his part because God won't do that which Davey should do for himself! The result is a disappointed Davey with his vegetables eaten by bugs and choked out with weeds

DAVEY & GOLIATH # T-01A - BLINDMAN'S BLUFF: RACE PREJUDICES
1-3-13, 1-5-13
14 min Davey & Friends

Jonathon asked Davey, his black friend, to come and stay with a cousin of his. The cousin was recovering from a chemistry set accident that caused his eyes to be bandaged for a few days. The only problem was that his cousin hated white people, but his eyes would be blindfolded! Davey became fast-friends with him and when the bandages came off, he was stunned to see that Davey was white! After the shock, they still continued as good friends!

DAVEY & GOLIATH # T-01B - THE CARETAKERS
1-3-13, 1-5-13
14 min Davey & Friends

Davey and his dog, Goliath, are going on a hike through a forest. Davey's dad reminds him to take lots of water. Davey says, "Who needs water when you got soda pop?" As they hike, they come across a well. They stop and decide to throw rocks down it and a can of red paint that they found along the way! They leave it a mess! Later they meet dad and he wants to stop by the old well for a cold drink of water! Davey gulps as his dad discovers the trashing of the well and wonders what idiot did something like that! Davey learns his lesson!

DAVEY & GOLIATH # T-08-A WHO'S GEORGE?
2-21-13, 2-23-13
28 Min Davey, Friends and Family

Davey and Jonathan learn that they didn't know all of their neighbors like they should. A nearby apartment door, belonging to Mr. Hunt was piling up with unopened milk bottles and newspapers. Neighbors were getting angry with seeing all that stuff. A Policeman knocked to sell tickets and went away thinking nothing wrong. Davey had to help deliver papers there and started imagining what might have happened. He and Jonathan climbed the fire escape and discovered Mr. Hunt was very sick in bed. They immediately called for help. Mr. Hunt was taken to the hospital and everyone was talking about 'letting George do it!' 'George' was somebody else but themselves. So they decided that each of them would be 'George.'

BLACK BUFFALO # G 1541 - Abe Lincoln, Springfield
2-26-13, 3-2-13
28 Min Black Buffalo

Black Buffalo and his family toured Abraham Lincoln's home in Springfield, IL. They showed the various rooms in the house along with hearing stories about Mr. Lincoln and his family from some of the rooms. They then went a short distance to where The President was buried in Springfield. The children were taught to Respect and Honor this great American!

BECKY'S BARN # 16 - Lost Money!
2-4-13, 2-9-13
20 min Becky's Barn cast

Maxine found some money and wondered what to do with it. Her good conscience told her that it belonged to someone else, while her bad conscience told her, Finder's Keepers! and to buy new clothes with it. So she listened to the evil thoughts and bought lots of things for herself and the other barn animals! Miss Jenny questioned her and found out it was missing from a friend that was helping around there. Maxine felt bad and her dad told her that she would have to do extra chores to earn back the money to return.

DAVEY & GOLIATH # T06-A - The Shoemaker
2-7-13, 2-9-13
14 Min Davey, Family and Friends

A French shoemaker opened a store. Davey and his friend investigated it and thought the man was swearing at them. The shoemaker was speaking French. His wife was ill and in his anxiety about that, he didn't take time to speak English. Davey and his friend then began to assume that he was a bad person. With the help of Davey's Father, he learned the whole story!

ADVENTURE PALS # 1711-A STEALING
2-8-13, 2-9-13
10 Min Miss Jean

Adventure Pals had a skit about two teen girls, Michelle and Suzanne, working at a Christian Bookstore during the summer. Michelle was stealing a little money from the cash register. The owner mentioned to the girls that the cash register was 'short' in cash sometimes. They both seemed surprised and said they didn't know about it. One day Suzanne noticed Michelle taking $2 out of the cash register! She couldn't believe her eyes, but had to say something. The next morning Suzanne confronted Michelle. Michelle told how she needed it for summer church camp. Suzanne told her that it was stealing and that she should confess it to the owner. Michelle said that she would and pay it all back.

ADVENTURE PALS # 1711-B 'BAFFLE' The CLOWN
2-8-13, 2-9-13
10 Min Miss Jean & 'Baffle'

Anthony Pagalini plays 'Baffle the Clown.' He explained the different types of clowns and that he was an 'aggust' clown, one that gets tricks played on him. He plays the age of a 6 or 7 year old trying to do adult things. Clowning is basically doing Good over Evil and Tony enjoys 'Clowning' for church groups where he can bring a testimony for the Lord Jesus Christ!

UNICEF and the Violations Documentation Center in Syria warn that nearly 2 million Syrian children are facing malnutrition, disease, and severe trauma on account of the civil war. Hundreds of thousands of children have dropped out of school and many have been forced to beg for money in Lebanon. A UNICEF report said rape, unrelenting violence, population displacement, and community infrastructure damage could scar an entire generation.

DAVEY & GOLIATH # T-11 -- SCHOOL, Who Needs It?
3-14-13, 3-16-13
28 min Davey & Friends

It was time for School to start again and the boys were excited that the teacher was doing something different to perk their interests. Each student was learning about Safety for themselves and their homes. Their 'homework' assignment was to check around home for Safety Dangers! Some found Oily rags, a fire hazard in the basement; Unmarked Medicine bottles; Frying pan handle protruding way out causing a Burn hazard; Dirty basement attracting rats; People careless about crossing streets; and an unsafe ladder! They also put on a parade with their float demonstrating Safety Education! The float burned down, but they still used it to show how being careless with gasoline rags caused the fire!

BECKY'S BARN # 23 -Beautification & Recycling
3-18-13, 2-25-13
20 min Becky's Barn cast

Becky, a barnyard cow puppet, wanted to Beautify the Barnyard. So she got other barnyard animals along with Miss Jenny, Uncle Henry to study about recycling trash into their various types for collection and disposal. They planted flowers and painted around the buildings as well. Then they had a celebration party.

DAVEY & GOLIATH # T-12 -- TO THE RESCUE
3-21-13, 3-23-13

It was time for School to let out for the summer. The teacher encouraged them to learn something while on vacation! They were against that! At summer camp they were told to help everyone by doing certain chores that helped the whole group out! They went on an overnight canoe trip and had to gather lots of provisions and they wondered 'Why?' While camping, they heard a plane crash nearby. They went in search for it and had the right supplies to help them out and get to safety! After that, the children did not have to be told to do chores or to help out! They 'learned' lots of useful traits that summer!

Here's a one seater car that will get you back and forth to work on the cheap. This $600 Volkswagen's car gets 258 mpg. This $600 car is not a toy; it is ready to be released in China next year. Volkswagen did a lot of very highly protected testing of this car in Germany; it was not announced until now where the car would make its first appearance in China. The car was introduced at the VW stockholders meeting as the most economical car in the world. Is it coming to America soon?

90 MIN Ron Rhodes; Bible Doctrine, and Apologetics

Ron Rhodes: Actually, I think it's some of the older cults that continue to pose the greatest threat to orthodox Christianity. I am referring to groups like the Mormons and the Jehovah's Witnesses. I say this because these groups seem to be Christian, but they're really not. They use Christian words, and sing Christian hymns, and have Christian-looking church buildings, and the like, but they do not believe what the Bible teaches, and therein lies the deception. Many people who might join with one of these groups might think they've joined a Christian church, when in fact they've joined a cult. If I might use an analogy, one's natural assumption is that if it quacks like a duck and walks like a duck, it's a duck. In this case, however, it quacks like a duck and it walks like a duck, but it isn't a duck. Mormons and Jehovah's Witnesses position themselves as the true form of Christianity on earth, but in fact they represent a radical departure from Biblical Christianity. Millions and millions of people are being deceived. Both of these groups hold to a counterfeit God, a counterfeit Jesus, and a counterfeit gospel of salvation.

Whether Rowling herself is a witch or avid New Age dabbler, it is obvious that no one is really trying to veil the tie between the Harry Potter series and the occult, quite the opposite in fact. On the ABC.com web site, there is a page dedicated to Harry Potter information. There, we found a link which leads unsuspecting kids to "Divination Class with Professor Susan Miller." While we are aware that much of the world praises Rowling's stories due to the supposed life lessons and ethical content taught in them, we more than question how a biblical Christian could rationalize around the occult and increasingly more disturbing content in the Harry Potter series. Scripture demands that we have nothing to do with the deeds of darkness (Ephesians 5:11). This is not the story of good vs. evil. Once again, it is the story of white magic (or magick, as it is spelled in the occult) opposed to black.

ORIGINS #1110 - Creation Genetics
1-1-13, 1-2-13, 1-5-13
28 Min Donn S. Chapman; Dr. Robert Carter, Ph. D.

The Genesis account of Creation, the Flood, and the Tower of Babel harmonize with human genome discoveries. Secular geneticists agree modern man came from a very limited population, since genetic variations due to mutations are limited. The Y-chromosome of men can be used to build a family tree of humanity going back to one man (Adam); mitochondrial DNA (found outside the nucleus and inherited from the mother) can be used to build a family tree of humanity going back to one woman (Eve). Y chromosomes are similar (one male ancestor, Noah); three lines of mitochondrial DNA can be traced (Noah's son's wives); and about eight lines of X chromosomes are found (eight survivors of the Flood). Genetics also indicates a dispersal of people from the Middle East, the "out of Africa" theory (Tower of Babel).

Marc Kirschner, Harvard Medical School Biologist and Evolutionist, stated, "In fact, over the last 100 years, almost all of biology has proceeded independent of evolution, except evolutionary biology itself. Molecular Biology, Biochemistry, Physiology have not taken evolution into account at all." Over the last hundred years we have research has flourished without considering evolution at all. James Crow, University of Wis Medical School, stated, "The typical mutation is very mild. It usually has no effect, but shows up as a small decrease in viability or fertility." Natural Selection is dependent upon an Increase. Also, the 'fittest' among the creatures is of little value, if it does not reproduce anything on the planet.

Dr Austin explored the Santa Cruz River in Argentina which was one of the stops Charles Darwin made during his famous voyage.. Reading Darwin's paper's and reports, Dr. Austin noted that Darwin was first of all a geologist! Dr Austin revisited this same area and noticed that Darwin misinterpreted what he saw. There's evidence of a giant glacier in the past that formed a huge lake, 60 miles long by 30 miles wide, This lake failed and drained causing the canyon Darwin thought was the result of the slow moving river eroding the six-mile wide canyon. Darwin was 'viewing' the strata and boulder deposits through the 'eyes' of Dr Lyell's book on geology, which stated slow erosion not a catastrophic flood from a glacier dam that opened up carving, cutting rock and canyons. His observations were good, but his interpretations were wrong!

The Bible says, "For in Six Days, the LORD made Heaven and the Earth, the sea, and all that in them is, and rested the Seventh Day." What does the word 'day' mean? 24 hours? Millions of Years? Does it matter What a Christian believes? Ken Ham addressed these questions. For those 'believing in evolution,' they must have millions of years to satisfy their theory! Some argue that the word 'Day' can mean a period of time, but can it also mean 24 hours too? In Genesis, the Creation Days are always prefaced by the phrase, "The Evening and Morning were the '#' Day." Thus, signifying a 24 hour day..

Dr. Humphreys reviewed his theory from 1984 when he pursued the prediction that the magnetic fields of the planets came from water and core of the planets. Water is made up of Hydrogen Atom and two Oxygen Atoms. They have Electrons Spinning and creating a tiny magnetic current. When there is enough of them there becomes a large current, if something happens to make them line-up. This current can be transferred to other electrical conductors such as the
molten core of the planet. Then once this is established, Magnetic fields tend to preserve themselves. They do encounter 'resistance' and will tend to wear down. Dr. Humphrey's Theory developed from a verse 2 Peter 3:5 that says God made the Earth standing out of Water and in from Water. .The theory tests out with the decaying of the magnetic currents .

58:30 Ken Ham

The meaning of anything is tied up in its 'origin.' Our origin was 'perfect and good' as described in Genesis. Genesis describes the reason for the 'first death' when God killed at least one animal to provide 'coats of skin' for Adam and Eve as an 'atonement' for sin. Death is an Enemy to Man's World. Man now 'lives' in a 'fallen world.' Death is an intrusion and repulsive to Man's World. Evolution puts Death and Time together. The Fossil Record displays the Death of many living things as a result of a world-wide flood. Such a flood is described in Genesis during Noah's Time. Evolution teaches that 'Death' is part of the 'evolutionary process.' After 'millions of years of Death, Man evolved. It is a 'Tree of Death.' Is 'Death' the 'End?' The Evolutionist says, "YES!" The Creationist says, "God Created Man with 'LIFE' and Sin brought the Judgment of Death, The Bible puts 'Sin and Death' together, and the Giving of His Son for Sin's Payment as the Restoration of Eternal Life.

58 Min Dr John Blanchard, Christian author, teacher

Some Scientists say, "Evolution is not a religion." Evolution IS a religion, because it lacks scientific evidence, thus requiring it's adherents to follow Darwin's theory by Faith. Evolution is a Religious Creed based upon blind faith. There is not in existence one single piece of scientific evidence which proves that man has evolved upward from animals. It is impossible to prove any theory of origins "scientifically," because the very essence of the scientific method is based upon Observation and Experimentation, and no scientist has ever observed or experimented with the origin of the universe. All scientists know belief in the theory of evolution is exactly parallel to belief in special creation, both are concepts which believers know to be true but neither, up to the present, has been capable of proof. In other words, the theory of evolution is a theory based on Faith, rather than scientific Fact.

58 Min Dr. Carl Werner

In his book The Origin of the Species, Charles Darwin admitted that "intermediate links" were "perhaps the most obvious and serious objection to the theory" of evolution. Most people are at least somewhat familiar with the theory of evolution, but few are truly knowledgeable about the theory. Even fewer are aware of new discoveries being made in science which have undermined some of the previously accepted evidence supporting evolution. Evolution has been dogma for so long, now many people consider it a foregone conclusion that life arose by random processes. In the Evolution: The Grand Experiment it takes the unusual step of bringing together scientists on both sides of this cultural divide to present their findings. The viewer is allowed to make up his or her mind as to which view is supported by the evidence.

There are variations in the amount of skin pigment. Some critics believe he story of Babel is Mythology and not Historical, Considering what the Biblical Data gives about names of people that were living at that time, we have clues to where some of the names of countries and cities came from that we have today. It is estimated that there were a minimum of 78 language families coming out of Babel. Today there are 6900 language groups, but current Language Institutes can trace these back to about 94 language families.

Dr. Frank Garlock argues that music is important in the lives of Christians for several reasons. Based passages in Philippians: Christians must be of one mind in their philosophy of music. He reasons music is a language by quoting several well-known musicians. Music is a universal and spiritual language. Music contains great influence and can either conflict or reinforce the spiritual lives of Christians. Through the several examples in the Scriptures, he state that God should be the Christian's song and that music is part of God's nature. Music has three effects on listeners: physically, mentally, and spiritually. Music has three parts: melody, harmony, and rhythm. They then claim that the melody specifically affects the spirit, the harmony specifically affects the mind, and the rhythm specifically affects the body. Rock music, rather it be secular or sacred (in the form of Christian Contemporary Music) is sensual, and addictive. Also, there is a great deal of data out there on how much repeated exposure to loud (RocK/CCM) music has directly affected hearing loss of teens over the years. That's due, in part, to the fact that there's no way to completely isolate the factors that contribute to ear damage. Although everyone seems in agreement that loud music is a major culprit. Some teens have a the hearing loss of a 65 year old person. God designed the body to listen music at a reasonable sound levels that don't damage your ears. The order in which music and the Christian's life should be; First: Spirit -- Melody -- Dominant, Second: Mind --Harmony --Secondary, Last: Body -- Rhythm --Controlled. Country music specifically is "designed to entertain, satisfy, and please the world." Elements in sacred music that please God: unity, praise, thanksgiving, and power.

28:30 Mark Looy

Mark Looy discussed Dr. Ken Ham and Tim Lovett's research on the reality of such a construction as Noah's Ark. Dr. Morris and Dr. Whitcomb describe in their book that the Biblical Ark was large enough to house all the land dwelling-air breathing animals. With the Biblical dimensions given it verified the needed proportions to make it a sea-worthy craft. The life span of Noah and the Healthy environment would enhance the 120-year construction process as well. Tim Lovett inquired of Naval Engineers further details that would benefit the Ark's steadiness. With a Fin on the front deck and a low stable rudder on the rear, it would line itself with the wind. In fact as Tim built his experimental models he noticed that the ancient Greeks had these same features! Perhaps that was something cared down from Noah?

The First Jesuit Pope and How Biblically Thinking Christians Should Respond. Since God delivered man from the Dark Ages, a debate has raged among Catholics and Protestants concerning the one true church, and the foundation upon which it is built. For centuries, the Catholic Church has maintained that Jesus Christ founded His church upon the apostle Peter, and that the papacy represents an "unbroken" line of apostolic succession from Peter to the present day. This belief keeps many Catholics bound in the Catholic faith.

"Speechless: Silencing the Christians," is how liberals and homosexual activists are outlawing Christianity and Judaism to force their sexual agenda on America . Christians are being silenced all across America: in political debate, in the public square, in the school, the workplace, even in their own churches. Claiming they only want "tolerance," a coalition of liberal secularists, homosexual activists, and Fortune 500 companies have waged war for years on Christians. In fact, they want Christianity itself to be redefined as a form of bigotry. Christian churches are being ordered by the government to perform gay marriages, despite the fact that such ceremonies violate their core teachings. Christians have been threatened with prison for exercising their First Amendment right to protest. So-called anti-bullying programs actually explicitly promote homosexuality in public schools. Proposed federal laws would make discrimination against Christian charities, including child adoption services, illegal. Christians throughout America are being harassed and intimidated and discriminated against by individuals, corporations, even by the federal government.

DNA was discovered by two scientists in 1953. They observed a 'Language of Code' in the Human Cell. Dr. Warner Gitt says a code System is always the result of a Mental Process (it requires an Intelligent Origin or Inventor.) Matter as such is unable to generate any Code. DNA is a language system and an information system, it could not come from matter on its own. This 'Information' The Bible talks about Noah bringing 'Kinds' of animal not every 'specie.' Gene combinations can be changed over time to form a variety of species 'within their kind.' The 'Information' has always been there previously, just altering within the 'Kind.' Erosion of canyons by mud-flow and water have been seen to take place within days at Mt St. Helen's. Eruption, thus demonstrating that the Grand Canyon may not have taken 'billions of years' to form. 'Intelligent Design' was examined with Dr. Richard Dawkins who thought if that could happen, it had to come from another planet in space, etc. (Not God). It comes to where you place 'your faith' in. Logic does not make sense in a world of evolution which supports everything by chance..

Nicki Cruz, former New York city gang leader, discussed with actor Jake Seinfeld, the mindset of kids who kill kids at school. Nicki reiterated how he was a violent quick-tempered gang leader in a war-zone and how the Gospel of Jesus Christ's Love reached his Soul and filled it one day with what was missing! He said that these kids are crying for 'Love', and that that Love & Trust should be in God and their parents!

30 min Darrel Scott

Darrel Scott, father of Rachel who was murdered at Columbine High School, spoke about the two boys, fellow students that murdered unarmed students! It was found that these boys had it 'in' for Rachel and several of her friends, because of their Religious Faith! The boys had made a tape ahead of time announcing that they were going to get Rachel. They also spoke Racial Slurs to a Black student before they shot him! This was conveyed by Darryl's son who 'played dead' in the same room with the Black friend! This truly was a 'Hate Crime' unreported by the Press!

5 MIN CBN Newswatch segment

America is facing a family crisis. Single parent families are on the rise and fathers are disappearing from the family picture. The impact of the loss is devastating. The nation's crime blotters are packed with examples of the impact of fatherless homes. "You can see a pattern at the very beginning stages of these young men lives. You see it in every one of the reports of these people I deal with; no father, no father, no father," Virginia criminal defense attorney Tim Anderson told CBN News.
