:30 TV Script

We open on a close-up of a photo of our sufferer in happier, healthier times. Our sufferer then addresses the viewer, telling his story. He is then joined by his granddaughter, and shares the photo/history with her.

SUFFERER: Diabetes is a killer. After I was diagnosed, I didn't feel sick, so I didn't listen to my doctor. Then it STRUCK. I had a heart attack, then a stroke, and I was only 49!

V/O: Most people with diabetes also have high blood pressure and cholesterol, which can cause severe heart damage. In fact, two out of three people with diabetes die from heart disease or stroke.

SUFFERER: Don't let diabetes destroy your life.
