**WJCX ISSUES AND PROGRAM LIST QUARTER ENDING March 31, 2016**

Each quarter of the year we place in our public inspection file a list of what we (WJCX 99.5 FM Pittsfield) feel have been the problems and /or needs of our service area for the preceding three months. Following you will find a list of the programs we aired that addressed those specific concerns.

Following the list are specific WJCX programs that aired in response to these issues. This report is arranged by identifying the category on the issues list, the programs that aired which gave significant treatment to that issue, along with it's topic, discussion, date and time aired.

1. **Children's and Youth's Needs/Family**

As well as anywhere you can think of, Pittsfield has their share of abused, missing and runaway children. We at WJCX wish to help in any way we can. As time goes on, more and more youth feel the need to be part of a family. They seek for that feeling in other places, rather that with there own families. We want to let them know there is a better Way.

2. **Economy**

We have concerns about issues such as how economy effects many different aspects of our lives from the clothes on our back to the level of crime.

3. **Information on Health/ Health Care**

With rising medical and health insurance costs, it is crucial for the public to be informed about free and low-cost health services offered, as well as general information about health that might be beneficial. We also support efforts to upgrade the quality and availability of emergency medical care.

4. **Local Entertainment/Activities/Community Events/PSA's/Event Cancelations**

In addition to WJCX's desire to become more locally involved in our community's events as well as our support for our local public schools' activities, many people have noted a degradation of the quality of entertainment available for families. Therefore, we announce many family-oriented activities that parents and children both will enjoy.

5. **Local, State, and National Education**

It seems that the school system is slowly being influenced by improper values and opinions of men that have nothing to do with the way of life in our listening area. We at WJCX hope to keep parents informed on education issues on all levels.

6. **Marriage/Dating/ Men's and Women's Issues**

It is very important to keep up to date on things that affect our society because of dating and marriage issues. We at WJCX hope to keep the community informed on such issues.

7. **Crime / Crime Prevetion-Terrorsim**

Our community is really starting to feel the effects of Crime and of Terrorism since 09/11/01. Its seems as though life the effects the big cities has know we are now starting to see even more than we have been use to in the past.
