Join us for our 2024 Fun Run/Walk for Wellness as we raise funds for a new Pristina Serena 3D Biopsy Unit for St. Joseph's Medical Center Cancer Institute!

Your registration fee, plus any money you raise, will go towards the purchase of a Pristina Serena 3D DBT guided biopsy positioner - the premier breast cancer diagnosis tool.

This life-saving technology provides a quicker process from diagnosis to treatment plan. With the funding for this equipment, it will allow patients to be seen locally, so they won't have to travel.

The Pristina Serena 3D Biopsy Unity provides:

- Technology to treat most cancers close to home
- Quicker detection and faster exams
- More comfortable positioning for the patient
