## Quarterly Issues Programs List

Stations: KLYV (FM)/Dubuque, IA      KXGE (FM)/Dubuque, IA      WDBQ (AM)/Dubuque, IA  
WDBQ (FM)/Galena, IL      WJOD (FM)/Asbury, IA

Q3 July 1, 2020 through September 30, 2020

### Section I. Issues

The stations have identified the following topics as significant issues facing our community in this quarter:

- A. **Homeless Population:** One of the biggest impacts of the pandemic has been unemployment. Even with the assistance of unemployment or government stimulus checks, residents are finding it difficult to make ends meet. Some are forced to leave their homes, while the pre-Covid homeless population are having a difficult time finding a place to sleep at night due to Covid related restrictions. Our stations aired multiple public service announcements for Opening Doors, a local homeless shelter, throughout the quarter. As part of the campaign we also ran on-air interviews with the director of the shelter. In addition, Viewpoints shares a story of a mother in NYC who used creative thinking to help her five children when she found herself without a home due to the Covid-19 pandemic.
- B. **Traveling During and After the Pandemic:** Most people have not traveled in nearly 6 months – not just by plane, but by bus, cab, and train. Our stations aired a series of interviews with representatives of the Dubuque Municipal Airport discussing the new safety measures that will be taken due to the COVID-19 Pandemic. The series included reminders to support our local airport and travel agencies. In addition, Viewpoints spoke to an acclaimed travel guide about where to go after the pandemic and shared with us how to get the most out of your travels.
- C. **Back to school 2020 remote learning:** With 22% of local children opting for remote learning due to the COVID-19 Pandemic, we highlighted the best practices for this new way of learning. Our programs included discussions with a local medical expert listing options and recommendations for the new school year. In addition, Viewpoints speaks with two education experts about the pros and cons of an online education.
- D. **Mental Health:** Almost everyone, at some point through the pandemic, has felt high levels of stress, anxiety, and for some, depression. With months long quarantine, loss of jobs, child care, and much more, people's mental health has been put to the test. Viewpoints talks about how trauma can come in many different shapes and forms throughout your life, how Generation Z has turned to social media as a way to stay sane and connected, and how our young learners and their parents are coping with the new normal in education.
- E. **Rehabilitation while in prison:** According to the Des Moines Register, 25% of the Iowa prison inmates suffer from mental health issues. That number is up from 6.4% in 1983. Our stations ran announcements for NAMI of Dubuque which is a mental health organization trying to break the stigma of looking for help. In addition, Viewpoints talks about how popular reforms do more harm than good and what needs to change with the system.

### Section II. Responsive Programs
