

## Gold Coast Broadcasting LLC Public Affairs Programming Log

Station Call Letters: KVTA  
KVTA Morning Show  
1st Quarter February 2022  
Prepared By: Tom Spence

Program Name/Segment - KVTA Morning Show	Date: 02022022	<b>Program Format/Content Description:</b> Ventura County Supervisor Matt Lavere was on KVTA to talk about the mask mandate as it applies to school children. Some of the Supervisors during the meeting stated they feel the students are not in danger of COVID but they can have mental health and learning issues while wearing a mask. The problem for the council is that the state declares the mandate not the County. Mr. Lavere pointed out that the Board can make additional mandates and restrictions but not lessen them. The County and schools, parents along with students must wait until the State reduces the mandates or eliminates them altogether.
Issue Addressed: State Laws, County laws, students rights, Masks, vaccinations, parents rights.	Time: 7:20a Duration: 10 min	

Program Name/Segment - KVTA Morning Show	Date: 02022022	<b>Program Format/Content Description:</b> Jaci Johnson from Homes with Heart was on the morning show to encourage listeners to open their home to Yout Who Need Care, focusing on children in their late teens. Many of these kids have experienced trauma and need guidance from adults during this important time where life and career decisions are being formulated. Listeners were assured that there is significant support for them financially, psychologically and also times where they can enjoy an evening alone. The most important message is, never count yourself out until you speak to a counselor at Homes With A Heart. call with questions, 805-654-1564
Issue Addressed: Youth at risk, teenagers, education, child care, community service, family.	Time: 8:40a Duration: 10 min	

Program Name/Segment - KVTA Morning Show	Date: 02032022	<p><b>Program Format/Content Description:</b> Port Hueneme Councilman Steve Gama was on KVTA to talk about a field trip a Port Hueneme Grammar School enjoyed as they were invited to learn about marine life and fishing. The afternoon included the use of fishing poles, crab nets and hoop nets. Many people do not know that no fishing license is required when fishing off a pier in the ocean, the kids learned about fishing limits at different times of the year along with species that are protected and the size of the catch. Students were also asked to participate in the beach clean-up each Saturday. When students of all ages complete a day at the clean-up they are awarded “volunteer credits” for school. These credits are now a significant part of higher education.</p>
Issue Addressed: education, nature conservancy, recreation, outdoors, oceanography, life skills.	Time: 8:40a Duration: 10 min	

Program Name/Segment - KVTA Morning Show	Date:	<p><b>Program Format/Content Description:</b> The “Eagle Lady of Lake Casitas” Judy Spaar-Hillewaert told us about the nesting season for Eagles at Lake Casitas. Two eagles “Hannah” and “Mr</p>

Issue Addressed – Wildlife, endangered species, science, preservation.	02042022 Time: 8:10a Duration: 10 min	Majestic” are being observed as they build their nest. These birds are protected by fences and barriers so the general public cannot intrude and frighten the birds as has happened in the past. there are viewing points from a distance, binoculars and telephoto lenses are highly recommended. The population of eagles in Ventura County had gone down to zero, so rare is this siting, it is the first pair of eagles observed at the lake in over 100 years. Eagles do live on Santa Cruz Island where they exist virtually undisturbed.
