

Quarterly Issues Program List
WENJ/Atlantic City, NJ
Oct 1 - Dec 31, 2019

WENJ solicits input from Atlantic City and Southern New Jersey residents so they can tell us what concerns they have in their communities. From that feedback, we have identified the following topics as significant issues in our community:

Section 1. - Issues

- A. **Elder Population:** The elder population in Atlantic City continues to grow, which leaves residents to decide whether they will take on the burden of care for their elder family members themselves or hire professional care. For those who take on the task personally, they find that their own health and wellness often takes a back seat. A closer look is taken at people's decisions on both side of the spectrum.
- B. **Pollution.** With the Atlantic City casinos bringing more and more out-of-state visitors, it's important that we keep our communities clean. However, it is almost 2020 and it seems like almost everyday a smoker is seen stomping a cigarette into the ground. In fact, 38% of all litter collected is from cigarettes.
- C. **Identity Theft:** Atlantic City Police have charged five men in connection with an identity theft case that led to approximately \$12,000 in fraudulent charges at the Borgata Hotel Casino and Spa. This is an unfortunate issue that we are seeing more and more in our local areas.
- D. **Education:** For the 2019-2020 school year, there are 11 public schools managed by Atlantic City School District serving 6,993 students in Atlantic City, New Jersey alone. Issues dealing with the education of our young minds are always at the forefront of discussion. Have you ever wondered however how children in other countries are taught? What can we learn from other cultures approach to education?
- E. **Bullying:** As most schools do, the Atlantic City Board of Education prohibits acts of bullying within our local schools. Most schools even require anti-bullying policies in place and put a focus on how to help those children who are being bullied. But what about the bully? A discussion needs to be had on the child bully and ways to get him/her the help they need before they get stuck in a perpetual cycle of trouble throughout life.

Section 2. - Responsive Programming
