

**2019-Q4 (October-December) Radio Health Journal  
Quarterly Report – Compliancy Issues & Programs List**

Affordable Housing	Interpersonal relations
Agriculture	Law & crime
Business & industry	Local government policy
Cancer	Malnutrition
Child safety	Mass shootings
Climate Change	Mental health
Community water fluoridation	Mental illness
Consumerism	Nutrition
Drug use	Parenting issues
Economics	Police & law enforcement
Education	Population decline
Emergency responders	Poverty
Environment	Prevention
Ethics	Psychology
Family values	Public health
Federal government	Public policy
Generational issues/conflict	Regulation
Gun violence	Rural community issues
Health care	Suicide
Health care accessibility issues	Vaccination
HIV & AIDS	Women's issues
Homelessness	Workplace & employment issues
Hospitals & emergency room	Youth at risk
Infant mortality	

**Radio Health Journal Program Log**

Program	19-40	Writers/Producers	Reed Pence
Air Week	10/06 – 10/12/2019	Studio Production	Jason Dickey
Time	Segment	Dur.	
1:55	<b>SEGMENT 1: DOES PRENATAL FLUORIDE LOWER IQ?</b>	<b>13:20</b>	
<p><b>Synopsis:</b> Fluoride in community drinking water has been controversial since its introduction nearly 75 years ago. A new study adds to this with evidence that pregnant women who drink fluoridated water may produce children with slightly lowered IQ. The study author and two other experts discuss what's known and what the ramifications of the study could be for communities, for oral health, and for children.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Brittany Seymour, Assistant Professor of Oral Health Policy and Epidemiology, Harvard School of Dental Medicine; Dr. Christine Till, Associate Professor of Psychology, York University; Dr. Patricia Braun, Professor of Pediatrics, University of Colorado and Chair, Section on Oral Health Executive Committee, American Academy of Pediatrics</p>			
<p><b>Compliance issues covered:</b> public health; youth at risk; local government policy; parenting issues; community water fluoridation; health care; child safety</p>			
<p><b>Links for more information:</b>  <a href="https://hsdm.harvard.edu/people/brittany-seymour">https://hsdm.harvard.edu/people/brittany-seymour</a>  <a href="http://health.info.yorku.ca/health-profiles/index.php?mid=645764">http://health.info.yorku.ca/health-profiles/index.php?mid=645764</a>  <a href="https://www.denverhealth.org/provider-directory/b/braun-patricia-a">https://www.denverhealth.org/provider-directory/b/braun-patricia-a</a></p>			
16:17	<b>SEGMENT 2: TRYPOPHOBIA: THE FEAR OF CLUSTERED HOLES</b>	<b>6:38</b>	
<p><b>Synopsis:</b> As much as 16 percent of the population suffers from trypophobia, which makes them uneasy at the sight of holes clustered together, as in a honeycomb. Two experts and a sufferer discuss this phobia, which can be remarkably debilitating.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Morgan Kelly. <b>Guests:</b> Dr. Geoff Cole, Center for Brain Science, University of Essex; Kerry Taylor, trypophobia sufferer and administrator of support group; Dr. Keith Wagner, University of Texas Medical Branch, Galveston</p>			
<p><b>Compliance issues covered:</b> health care; consumerism; mental health</p>

**Radio Health Journal Program Log**

<b>Program</b>	19-41	<b>Executive Producer</b>	Reed Pence
<b>Air Week</b>	10/13 – 10/19/2019	<b>Studio Production</b>	Jason Dickey
<b>Time</b>	<b>Segment</b>		<b>Dur.</b>
2:02	SEGMENT 1: RURAL MATERNITY UNITS CLOSING		13:25
<p><b>Synopsis:</b> A large number of hospitals in rural areas have closed, and many more have closed their maternity units, leaving many rural mothers-to-be with no nearby place to deliver their babies or even get prenatal care. Experts discuss the financial and demographic reasons behind these closures, the danger it presents to mothers and children, and some ways to counter the risk.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Carrie Henning-Smith, Assistant Professor of Health Policy and Management, University of Minnesota School of Public Health and Deputy Director, University of Minnesota Rural Health Research Center; Dr. John Cullen, President, American Academy of Family Physicians; Brock Slabach, Senior Vice President, National Rural Health Association</p>			
<p><b>Compliance issues covered:</b> public health; health care; parenting issues; child safety; emergency responders; rural community issues; economics; population decline; workforce issues; health care accessibility issues; hospitals</p>			
<p><b>Links for more information:</b>  <a href="https://directory.sph.umn.edu/bio/sph-a-z/carrie-henning-smith">https://directory.sph.umn.edu/bio/sph-a-z/carrie-henning-smith</a>  <a href="https://www.aafp.org/about/governance/board-directors/board-chair-cullen.html">https://www.aafp.org/about/governance/board-directors/board-chair-cullen.html</a>  <a href="https://www.ruralhealthweb.org/about-nrha/staff-directory">https://www.ruralhealthweb.org/about-nrha/staff-directory</a></p>			
16:29	SEGMENT 2: ECZEMA IN INFANTS: A STARTING POINT FOR ALLERGIES AND ASTHMA		6:33
<p><b>Synopsis:</b> Doctors have learned that childhood allergies and asthma may have their start in dry, dysfunctional skin in infancy, when allergens such as food particles enter the body through cracks in the skin. A noted pediatric allergist discusses this "atopic march" and ways to combat it.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Reed Pence. <b>Guest:</b> Dr. Donald Leung, Head, Pediatric Allergy Division, National Jewish Health, Denver</p>			
<p><b>Compliance issues covered:</b> health care; youth at risk; public health; consumerism</p>

**Radio Health Journal Program Log**

<b>Program</b>	<b>19-42</b>	<b>Executive Producer</b>	<b>Reed Pence</b>
<b>Air Week</b>	<b>10/20 – 10/26/2019</b>	<b>Studio Production</b>	<b>Jason Dickey</b>
<b>Time</b>	<b>Segment</b>		<b>Dur.</b>
<b>2:01</b>	<b>SEGMENT 1: THE PSYCHOLOGY OF GIG WORKERS</b>		<b>13:12</b>
<b>Synopsis:</b> Gig work is becoming more and more a part of the American economy. It takes a certain temperament for a worker to thrive on the freedom gig work offers without being paralyzed by the lack of security. Experts discuss the psychological benefits and difficulties of multiple part time jobs or freelancing.			
<b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Jeff Kreisler, Editor in Chief, PeopleScience.com; Dr. Brianna Caza, Associate Professor of Business Ethics, University of Manitoba			
<b>Compliance issues covered:</b> economics; workplace & employment issues; mental health; psychology			
<b>Links for more information:</b> <a href="http://jeffkreisler.com">http://jeffkreisler.com</a> <a href="https://umanitoba.ca/faculties/management/faculty_staff/academic_professors/brianna-caza.html">https://umanitoba.ca/faculties/management/faculty_staff/academic_professors/brianna-caza.html</a>			
<b>16:15</b>	<b>SEGMENT 2: CARING FOR STRANGERS</b>		<b>6:42</b>
<b>Synopsis:</b> Emergency room physicians have to make sense of and care for complete strangers every day. A recently retired ER doctor looks back at lessons he’s learned that are applicable to everyone’s life.			
<b>Host:</b> Nancy Benson. <b>Producer:</b> Polly Hansen. <b>Guest:</b> Dr. Paul Seward, author, <i>Patient Care: Death and Life In the Emergency Room</i>			
<b>Compliance issues covered:</b> health care; public health; hospitals & emergency room			
<b>Links for more information:</b> <a href="http://www.washingtonindependentreviewofbooks.com/index.php/bookreview/patient-care-death-and-life-in-the-emergency-room">http://www.washingtonindependentreviewofbooks.com/index.php/bookreview/patient-care-death-and-life-in-the-emergency-room</a>			

**Radio Health Journal Program Log**

<b>Program</b>	<b>19-43</b>	<b>Executive Producer</b>	<b>Reed Pence</b>
<b>Air Week</b>	<b>10/27 – 11/02/2019</b>	<b>Studio Production</b>	<b>Jason Dickey</b>
<b>Time</b>	<b>Segment</b>	<b>Dur.</b>	
<b>2:02</b>	<b>SEGMENT 1: CLIMATE CHANGE = LESS NUTRITIOUS FOODS</b>	<b>12:12</b>	
<p><b>Synopsis:</b> Rising levels of carbon dioxide in the atmosphere are making crops grow bigger &amp; faster. However, researchers have found that these crops contain significantly lower levels of protein, iron, zinc, and other important nutrients, potentially endangering nutrition for hundreds of millions of people. Experts explain the effect will get worse as CO2 levels continue to rise, and what might be done to combat the problem.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Sam Myers, Principal Research Scientist and Director, Planetary Health Alliance, Harvard University; Dr. Kristie Ebi, Director, Center for Health and the Global Environment, University of Washington</p>			
<p><b>Compliance issues covered:</b> environment; climate change; agriculture; malnutrition; poverty; public health</p>			
<p><b>Links for more information:</b>  <a href="https://planetaryhealthalliance.org/people/sam-s-myers-md-mph">https://planetaryhealthalliance.org/people/sam-s-myers-md-mph</a>  <a href="https://globalhealth.washington.edu/faculty/kristie-ebi">https://globalhealth.washington.edu/faculty/kristie-ebi</a></p>			
<b>15:16</b>	<b>SEGMENT 2: PAID PARENTAL LEAVE</b>	<b>7:21</b>	
<p><b>Synopsis:</b> The US is one of the few world nations that offers no paid job leave for either new moms or dads. A new study shows that paid leave has benefits in infant mortality as well as mother’s health. An expert and advocate for paid leave discusses the benefits.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Reed Pence. <b>Guest:</b> Lucy Sullivan, Executive Director, 1000 Days</p>			
<p><b>Compliance issues covered:</b> health care; public health; youth at risk; infant mortality; workplace &amp; employment issues; economics</p>			
<p><b>Link for more information:</b>  <a href="https://thousanddays.org/person/lucy-martinez-sullivan/">https://thousanddays.org/person/lucy-martinez-sullivan/</a></p>			

**Radio Health Journal Program Log**

<b>Program</b>	<b>19-44</b>	<b>Executive Producer</b>	<b>Reed Pence</b>
<b>Air Week</b>	<b>11/03 – 11/09/2019</b>	<b>Studio Production</b>	<b>Jason Dickey</b>
<b>Time</b>	<b>Segment</b>		<b>Dur.</b>
<b>2:02</b>	<b>SEGMENT 1: MASS VIOLENCE: HOW MUCH IS MENTAL ILLNESS TO BLAME?</b>		<b>12:11</b>
<p><b>Synopsis:</b> Mass shootings and other forms of mass violence are on the increase. Where to assess blame is in sharp dispute. A new report from a blue ribbon panel of behavioral scientists has found that mental illnesses carry some of the blame, but mental “distress” is a much more likely factor. Panel members discuss mental health first aid, red flag laws, and other report recommendations on ways to prevent mass violence.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Jeffrey Lieberman, Professor and Chair, Dept. of Psychiatry, Columbia University College of Physicians and Surgeons; Dr. Joseph Parks, Medical Director, Natl. Council for Behavioral Health</p>			
<p><b>Compliance issues covered:</b> crime; police &amp; law enforcement; public health; gun violence; prevention; mental illness; education; workplace issues; school safety; youth at risk; mass shootings</p>			
<p><b>Links for more information:</b>  <a href="https://www.columbiapsychiatry.org/profile/jeffrey-lieberman-md">https://www.columbiapsychiatry.org/profile/jeffrey-lieberman-md</a>  <a href="https://www.thenationalcouncil.org/press-releases/national-council-behavioral-health-announces-dr-joseph-parks-first-medical-director/">https://www.thenationalcouncil.org/press-releases/national-council-behavioral-health-announces-dr-joseph-parks-first-medical-director/</a></p>			
<b>15:15</b>	<b>SEGMENT 2: “MIND CONTROL,” PSYCHEDELICS, AND THE CIA</b>		<b>7:53</b>
<p><b>Synopsis:</b> Intelligence agencies have long sought ways to control the mind to get people to do their bidding. An author discusses his investigation into CIA mind control efforts in the 1950’s and 60’s through the use of psychedelic drugs, which unwittingly led to an explosion of the drugs’ use.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Polly Hansen <b>Guests:</b> Stephen Kinzer, Senior Fellow, Watson Institute for International and Public Affairs, Brown University and author, <i>Poisoner In Chief: Sidney Gottlieb and the CIA Search for Mind Control</i></p>			
<p><b>Compliance issues covered:</b> ethics; drug use; federal government</p>			
<p><b>Links for more information:</b>  <a href="https://watson.brown.edu/people/visiting/kinzer">https://watson.brown.edu/people/visiting/kinzer</a></p>			

**Radio Health Journal Program Log**

<b>Program</b>	<b>19-45</b>	<b>Executive Producer</b>	<b>Reed Pence</b>
<b>Air Week</b>	<b>11/10 – 11/16/2019</b>	<b>Studio Production</b>	<b>Jason Dickey</b>
<b>Time</b>	<b>Segment</b>	<b>Dur.</b>	
<b>2:02</b>	<b>SEGMENT 1: SUICIDE SURVIVORS</b>	<b>13:43</b>	
<p><b>Synopsis:</b> For those left behind when a loved one dies of suicide, recovery can be difficult. Stigma, guilt, and blame are exceptionally common. They need more support, but often get less, and their own risk of suicide is elevated. Experts—one a suicide survivor herself—discuss the difficulties and ways survivors can cope.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Joyce Bruggeman, Exec. Director, Survivors of Suicide Loss; Dr. Holly Prigerson, Co-Director, Center for Research on End of Life Care, Professor of Geriatrics and Sociology in Medicine, Weill-Cornell Medical College</p>			
<p><b>Compliance issues covered:</b> mental health; public health; family issues; suicide; mental illness</p>			
<p><b>Links for more information:</b>  <a href="https://www.soslsd.org/board-leadership/#bruggeman">https://www.soslsd.org/board-leadership/#bruggeman</a>  <a href="http://vivo.med.cornell.edu/display/cwid-hgp2001">http://vivo.med.cornell.edu/display/cwid-hgp2001</a>  <a href="https://suicidepreventionlifeline.org">https://suicidepreventionlifeline.org</a>  <a href="https://save.org/what-we-do/grief-support/">https://save.org/what-we-do/grief-support/</a></p>			
<b>16:47</b>	<b>SEGMENT 2: FERTILITY RATE DECLINE AND THE AGING POPULATION</b>	<b>6:00</b>	
<p><b>Synopsis:</b> Birth rates in the US are at an all time low, and fertility for all age groups under age 30 is dropping. Experts explain that it may not be as good a thing as we may think, and cite nations like Japan and Italy, which are facing labor shortages and elderly populations as a result of less-than-replacement-level fertility.</p>			
<p><b>Host:</b> Nancy Benson. <b>Guests:</b> Richard Jackson, President &amp; founder, Global Aging Institute; Dr. Elise Berlan, Director, Young Women’s Contraception Program, Nationwide Children’s Hospital, Columbus, OH</p>			
<p><b>Compliance issues covered:</b> health care; teen pregnancy; labor and employment; economics; generational conflict</p>			
<p><b>Links for more information:</b>  <a href="http://www.globalaginginstitute.org/about-gai/team.html">http://www.globalaginginstitute.org/about-gai/team.html</a>  <a href="http://www.nationwidechildrens.org/elise-d-berlan">http://www.nationwidechildrens.org/elise-d-berlan</a></p>			

**Radio Health Journal Program Log**

<b>Program</b>	<b>19-46</b>	<b>Executive Producer</b>	<b>Reed Pence</b>
<b>Air Week</b>	<b>11/17 – 11/23/2019</b>	<b>Studio Production</b>	<b>Jason Dickey</b>
<b>Time</b>	<b>Segment</b>		<b>Dur.</b>
<b>1:59</b>	<b>SEGMENT 1: THE RISKS OF EGG DONATION</b>		<b>11:32</b>
<p><b>Synopsis:</b> Some agencies estimate that 50,000 children have been born in the US using donor eggs. But egg donation (or sale, as some insist) is not regulated, and while short-term risks are known, few donors have been followed for years. Long-term risks are not well understood. Experts discuss what we know... and what we don't.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Linda Kahn, postdoctoral fellow in pediatrics, New York University School of Medicine; Dr. Richard Paulson, Professor of Reproductive Medicine, University of Southern California and President, American Society of Reproductive Medicine; Dr. Wendy Chavkin, Professor of Public Health and Obstetrics and Gynecology, Columbia University</p>			
<p><b>Compliance issues covered:</b> health care; economics; ethics; technology; women's issues; federal government; regulation</p>			
<p><b>Links for more information:</b>  <a href="https://med.nyu.edu/departments-institutes/pediatrics/divisions/environmental-pediatrics/our-team">https://med.nyu.edu/departments-institutes/pediatrics/divisions/environmental-pediatrics/our-team</a>  <a href="https://uscfertility.org/about-usc-fertility/richard-paulson-md/">https://uscfertility.org/about-usc-fertility/richard-paulson-md/</a>  <a href="https://www.mailman.columbia.edu/people/our-faculty/wc9">https://www.mailman.columbia.edu/people/our-faculty/wc9</a></p>			
<b>14:33</b>	<b>SEGMENT 2: THE CHANGING FACE OF HIV</b>		<b>8:00</b>
<p><b>Synopsis:</b> HIV/AIDS was once an epidemic and a death sentence. But many Americans are too young to remember that, so HIV awareness has faded. One of the nation's top HIV experts discusses HIV as a treatable, chronic illness and the need to still be vigilant—and be tested.</p>			
<p><b>Host:</b> Nancy Benson. <b>Guest:</b> Dr. Laura Cheever, Associate Administrator, HIV/AIDS Bureau, US Health Resources and Services Administration</p>			
<p><b>Compliance issues covered:</b> health care; HIV/AIDS; public health; prevention; poverty</p>			
<p><b>Links for more information:</b>  <a href="https://www.hrsa.gov/about/organization/bureaus/hab/bio-cheever.html">https://www.hrsa.gov/about/organization/bureaus/hab/bio-cheever.html</a></p>			

**Radio Health Journal Program Log**

<b>Program</b>	19-47	<b>Executive Producer</b>	Reed Pence
<b>Air Week</b>	11/24 – 11/30/2019	<b>Studio Production</b>	Jason Dickey
<b>Time</b>	<b>Segment</b>	<b>Dur.</b>	
1:49	<b>SEGMENT 1: HOMELESSNESS MYTHS</b>	11:34	
<p><b>Synopsis:</b> Around a half million people are homeless in the US on any given night, but the street homeless who are most visible often incorrectly influence our assumptions about the homeless. A noted researcher discusses myths and truths about their addictions, employment, residences, and more, and why people often become homeless.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guest:</b> Dr. Deborah Padgett, Professor of Social Work and Global Public Health, Silver School of Social Work, New York University</p>			
<p><b>Compliance issues covered:</b> homeless; poverty; economics; mental illness; addiction and substance abuse; crime; employment and unemployment; affordable housing; public health</p>			
<p><b>Links for more information:</b> <a href="https://aaswsw.org/member/deborah-padgett/">https://aaswsw.org/member/deborah-padgett/</a></p>			
14:25	<b>SEGMENT 2: PRESERVING BEAUTY THROUGH CANCER</b>	7:44	
<p><b>Synopsis:</b> Women undergoing cancer treatment often suffer hair loss and other impacts on appearance. A noted beauty expert discusses best ways to deal with it.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Polly Hansen. <b>Guest:</b> Guest: Caitlin Keirnan, former fashion columnist &amp; beauty director, cancer survivor and author, <i>Pretty Sick: A Beauty Guide for Women With Cancer</i></p>			
<p><b>Compliance issues covered:</b> women's issues; health care; cancer</p>			
<p><b>Links for more information:</b> <a href="https://www.littlebrown.co.uk/books/detail.page?isbn=9780349417271">https://www.littlebrown.co.uk/books/detail.page?isbn=9780349417271</a></p>

<b>Time</b>	<b>Segment</b>		<b>Dur.</b>
1:49	<b>SEGMENT 1: THE SLEEP DEPRIVATION OF LOCAL POLICE</b>		<b>12:56</b>
<p><b>Synopsis:</b> Studies show that law enforcement is the most sleep deprived of all professions, with potentially damaging and even fatal consequences for decision-making and reaction time, as well as long-term health damage. Experts discuss the unique challenges in having a poorly rested police force and in fixing it.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Jagdish Khubchubdani, Professor of Health Science, Ball State University; Dr. John Violanti, Research Professor Of Epidemiology and Environmental Health, University at Buffalo</p>			
<p><b>Compliance issues covered:</b> police &amp; law enforcement; public safety; local government; public health</p>

<b>Time</b>	<b>Segment</b>	<b>Dur.</b>	
<b>1:46</b>	<b>SEGMENT 1: BRIDGING THE VAX/ANTI-VAX DIVIDE</b>	<b>14:10</b>	
<p><b>Synopsis:</b> The debate over vaccination isn't as civil as it once was, and leaves little room for common ground or even discussion. Pro-vaccine advocates often point to science showing safety and effectiveness, but as a noted medical humanities researcher explains, values common among anti-vaccine advocates lead them to reject this science, and both sides need to understand where the disconnect comes from.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Bernice Hausman, Professor and Chair, Dept. of Humanities, Penn State University College of Medicine and author, <i>Anti-Vax: Reframing the Vaccination Controversy</i></p>			
<p><b>Compliance issues covered:</b> youth at risk; politics; ethics; family values; science and technology; government; vaccination</p>

<b>16:58</b>	<b>SEGMENT 2: "AFFLUENZA"</b>	<b>6:00</b>	
<p><b>Synopsis:</b> Rich people receive deference that the rest of us don't, but do wealthy kids grow up knowing they can get away with what others can't? Research finds that <i>all</i> children apparently know this. Experts discuss.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Reed Pence. <b>Guests:</b> Dr. Suniya Luthar, Foundation Professor of Psychology, Arizona State University and Professor Emerita, Columbia University Teachers College; Maia Szalavitz, co-author, <i>Born for Love: Why Empathy is Essential and Endangered</i></p>			
<p><b>Compliance issues covered:</b> youth at risk; mental health; law &amp; crime; ethics</p>

Time	Segment	Dur.	
1:49	<b>SEGMENT 1: CHRISTMAS IN THE E.R.: IT'S NO HOLIDAY</b>	<b>12:39</b>	
<p><b>Synopsis:</b> Winter in general, and the holidays in particular, are the busiest time of year in hospital emergency departments, even in places where it doesn't snow. Experts discuss the increase in deaths of all kinds, including the "Merry Christmas Coronary" and possible reasons those deaths bounce up.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Christopher Michos, emergency physician; Dr. Robert Kloner, Chief Science Officer and Scientific Director of Cardiovascular Research, Huntington Medical Research Institutes and Professor of Medicine, University of Southern California Keck School of Medicine; Dr. David Phillips, Emeritus Professor of Sociology, University of California, San Diego</p>			
<p><b>Compliance issues covered:</b> health care; family issues; prevention; hospitals &amp; emergency room</p>

15:30	<b>SEGMENT 2: GERD AND YOUR HOLIDAY FEAST</b>	<b>7:29</b>	
<p><b>Synopsis:</b> During the holidays, reflux problems are magnified by big meals with trigger foods like chocolate and alcohol. But reflux sometimes doesn't show up as heartburn. A gastroenterologist discusses reflux, how it may appear as asthma or hoarseness, and how it can be treated.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Reed Pence. <b>Guest:</b> Dr. Jeffrey King, Chief of Gastroenterology, National Jewish Health, Denver</p>			
<p><b>Compliance issues covered:</b> health care; family issues</p>

**Radio Health Journal Program Log**

Program	19-52	Executive Producer	Reed Pence
Air Week	12/29/19 – 01/05/20	Studio Production	Jason Dickey
Time	Segment	Dur.	
1:49	<b>SEGMENT 1: HOARDING DISORDER: IT'S ABOUT MORE THAN THE CLUTTER</b>	12:17	
<p><b>Synopsis:</b> Hoarding disorder affects at least five percent of Americans, and despite TV programs showing its effects, it is still widely misunderstood. Experts discuss the danger hoarding poses to others, including neighbors, children, and first responders; why those with the disorder are so attached to things; and the right and wrong ways to address the problem.</p>			
<p><b>Host &amp; Producer:</b> Reed Pence. <b>Guests:</b> Dr. Carolyn Rodriguez, Associate Professor and Associate Chair of Psychiatry and Behavioral Sciences, Stanford University School of Medicine; Elaine Birchall, social worker specializing in hoarding disorder and co-author, <i>Conquer the Clutter: Strategies to Identify, Manage and Overcome Hoarding</i></p>			
<p><b>Compliance issues covered:</b> mental health; family issues; public safety; first responders; youth and children at risk</p>

15:08	<b>SEGMENT 2: MELANOMA ADVANCES</b>	7:14	
<p><b>Synopsis:</b> Fifteen years ago, advanced melanoma was usually lethal. But new treatments harnessing the immune system have increased survival so much that researchers haven't completely been able to quantify it. An expert physician discusses the advances.</p>			
<p><b>Host:</b> Nancy Benson. <b>Producer:</b> Reed Pence. <b>Guest:</b> Dr. Philip Friedlander, Director, Melanoma Medical Oncology Program, Mt. Sinai, New York.</p>			
<p><b>Compliance issues covered:</b> health care; prevention</p>
