

Script:

Hi, I'm Anita Judd Jenkins. (Long Pause) Did that silence make you uncomfortable? It should. This is exactly what the Kansas Chamber and Americans for prosperity want. They want to silence me for working for our district and for standing up for our rural values. These special interest groups don't care about our communities but I do. I fought to balance the budget, increase transparency, and put an end to corporate tax loopholes that are unfair to our families. Our community is important to me and I'll always fight for our values. Don't allow these special interest groups to silence your voice in the legislature. Make your voice heard on Aug. 7<sup>th</sup> and tell the big money special interest that we are sick and tired of their dirty politics. I'm Anita Judd Jenkins and I ask for your vote on Tuesday, Aug. 7 because I work for you not the special interest groups.

Paid for by Anita Judd Jenkins for Kansas state representative district 80. Otis Morrow and Carol Hern treasurers
