UAlbany Weather Camp Introduces Atmospheric Sciences to Future Scholars

ALBANY, N.Y. (Sept. 6, 2022) — A group of 10 high school students from districts across the Capital Region recently completed a two-week weather camp at the University at Albany that introduced them to the fundamentals of atmospheric science.

The UAlbany Weather, Climate and Chemistry Camp (<https://www.atmos.albany.edu/facstaff/jminder/UAWCCamp/about.html>) took place from Aug. 10-19 and included students from Albany, Troy, Schenectady, Watervliet and Rensselaer. The students were offered presentations, demos and hands-on activities, along with tours of the National Weather Service's Albany forecast office and the New York State Mesonet (<https://www2.nysmesonet.org/>) headquarters, both located inside the ETEC research and development complex (<https://www.albany.edu/about/our-campuses/etec>), and a day trip to the Atmospheric Science Research Center's (ASRC) Whiteface Mountain Observatory (<https://whiteface.asrc.albany.edu/>) in the Adirondack Mountains.

Students learned about career opportunities as well, including a presentation and "green screen" practice with WNYT on-air meteorologists Christina Talamo and Reid Kisselback, both recent Department of Atmospheric and Environmental Sciences (<https://www.albany.edu/daes>) alums.

The annual summer camp, which is free, and intended to serve students from local urban school districts, was launched in 2015. It is co-hosted by Sara Lance, a research associate at ASRC, and Justin Minder, an associate professor at DAES, with support from faculty in both departments.

Students attend through support from Lance's National Science Foundation Faculty Early Career Development (CAREER) award. The prestigious five-year grant is awarded to scientists who "have the potential to serve as academic role models in research and education and to lead advances in the mission of their department or organization."

Along with faculty, UAlbany graduate students are invited to offer presentations on topics related to atmospheric science or their own research projects. The campers also learn about the college experience through a campus tour, eating in campus dining halls, and lectures on the college financial aid process.

Hi Betsey,

Unfortunately I would only be able to do Wednesday so 10AM it is. This video is exactly what I plan to do (<https://www.youtube.com/watch?v=JyOGH-VzAWg>). I have all the materials already. Since there are a little more than 10 I can get up close and show them and as for volunteers if that works. Let me know what you think?

Best,

Reid

Hi Reid,

Wednesday at 10:00 sounds good. I would love it if you could stay all week! Just let me know what your schedule is like. I will accept any help I can get .

For the experiment, I will have the materials. Will you walk them through and explain? There will be a few more kids joining us but that also means a couple more adults to assist the kids. It will be awesome.

We are at W.C.Keane Elementary School, 1252 Albany St. 12304. School phone is 518 881-3960. My cell is 518 339-6515. Text or call whenever.

Thank you again for agreeing to join us for STEAM Camp '22!

Hi Betsey,

Let's shoot for Wednesday at 10AM if that is okay? I can do the cloud in a jar experiment. I can help with the forecast and green screen if you would like. How long would you like me there for?

Best,

Reid

Hi Reid,

Awesome! Thank you sooo much! Tuesday, Wednesday or Thursday works for me. I would think we would be ready by 9:00, so let me know what day and time is good for you.

Do you have an experiment that you think would work well? I only have 10 students top. I was thinking of doing the rain cloud in a jar. I say this because I was hoping I could get the students to make a video of a weather forecast. We have ipads with green screens, Any help with this would be very welcomed. Having said that though, nothing is set in stone and there is plenty we can do, so if you have another idea, I will be open to it. Just let me know what materials will be needed for each student.

I think it is great that the kids will get to meet and visit with you, Thank you again.

Hi Christina and Reid,

I am a teacher in Schenectady. Next week we are holding a STEAM Camp for a small group of students. Would either of you be interested and/or available to come in and do a simple weather experiment with a small group of students? I am looking forward to hearing from you soon.

Thank you in advance.

Good morning!

Thank you so so much for your willingness to be a part of this! Just a recap of what we spoke on the phone about regarding the speech!

The whole theme of the event is "**what being a woman in sports means to me.**" I plan to use different women's answer to this in all the advertisements leading up to the event and want to incorporate it throughout the event where I can. I feel as though hearing different women answer this will leave people feeling empowered and inspired, so I believe that this is definitely the most important question to answer. Other things to talk about could be **hardships/difficulties you've faced being a woman in this field, your favorite part of being in sports, and the mark you hope to leave in the world of sports.** These topics are optional talking points, so don't feel like you have to answer them all! The main focus is answering, "what being a woman in sports means to me."

Since there will be more than one speaker, I want to keep things short and sweet for our audience! Anything from 5-7 minutes is perfect, just try to keep it under 10 minutes!

I believe that's all I have, but if you have any questions, please let me know! Thank you again!

Ashley,

I cannot thank you enough for you and your crew, CJ, Stella, and Rachel all taking time out of your day to speak at our event. All of you were a big hit with our students. Thank you so much for your flexibility with some schedule changes too. Overall, it was a great experience for our students. I appreciate all of you being a big part of it. They had so much fun. The staff reported such positive things about you and your coworkers. Thank you!

It has been such a pleasure to work with you. Thank you for all of your time planning and organizing part of this with your co-workers.

I have enclosed a picture of all of you speaking with groups of students. Sorry some of my pictures didn't come out well due to the lighting so I didn't send all of them. However, I know there will be more pictures posted online on our district's facebook page at: facebook.com/troycsd as well.

Again, thank you so much for volunteering your time.

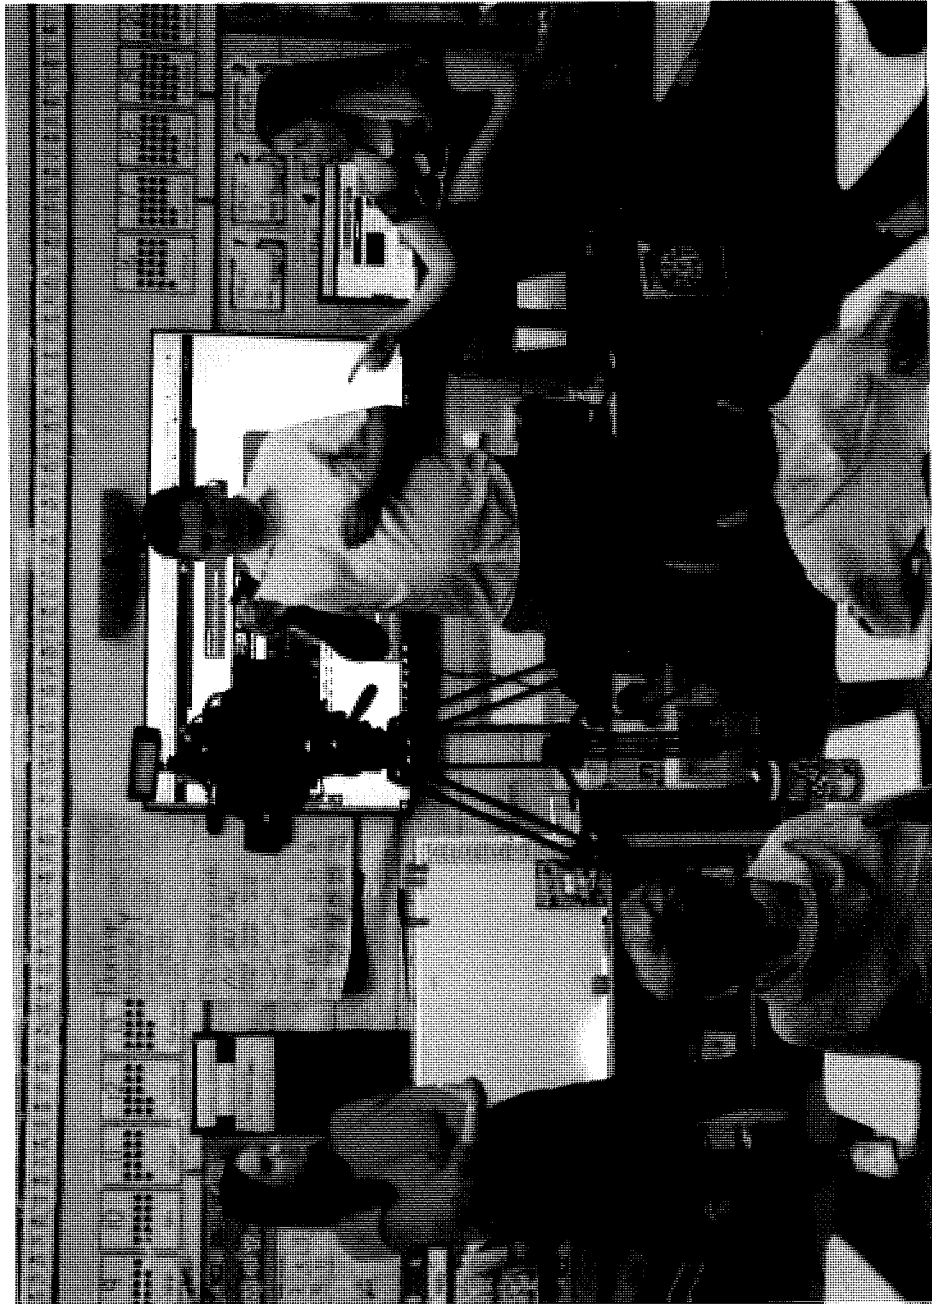

Cathy

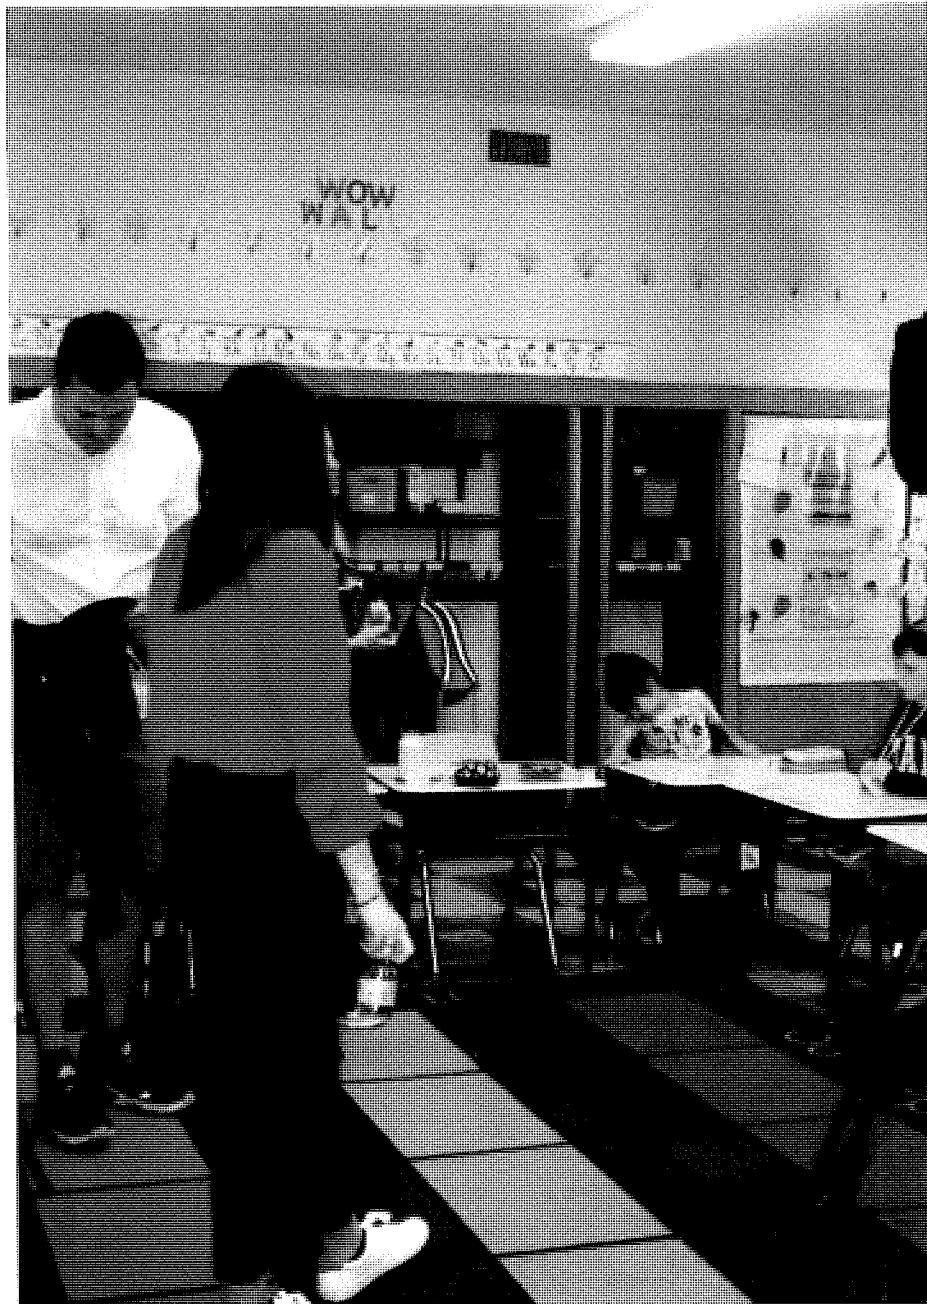

I apologize that I do not have your co-workers' emails, but if you wouldn't mind forwarding this message to them, I would appreciate it. Thank you so much! Cathy

Dear Employer Representative:

Thank you for agreeing to attend Siena's Fall Employer Social. This is a new type of event the Career and Internship Center is debuting. We believe it will have a good student turnout, and are grateful you are participating.

Please share this email with others from your organization who may be attending. We are only sending it to the registration contact.

EVENT DESIGN:

This event is meant to be a casual, low stress networking opportunity for Siena students. Wear business casual clothes (company shirts preferred), and dress for the weather, as we hope to be outside. There will be fall activities and refreshments. You are invited to network with the students who attend.

WHAT TO BRING:

As this is meant to be networking, not talking around a fair table, you need not bring anything; except maybe business cards.

DATE, TIME, LOCATION:

The event is on Thursday, Oct. 6, 2022 starting at 4 pm. We anticipate it lasting approximately 2 hours. Please arrive a few minutes early.

We will be outside of Foy Hall (building #3 on the [campus map](#)) or Foy Hall lobby as rain location. However, the weather forecast is predicting a perfect fall day.

PARKING:

At that hour, there should be parking available beside Foy Hall (lot L) or behind Foy Hall (lot H). **Attached to this email is a parking pass. Print it and put it on your dashboard, please.**

COVID PROTOCOLS:

Siena is a fully vaccinated campus, and is mask friendly. You can review visitor information on the [Siena Marching Forward Visitor webpage](#).

As always, please be in touch if you have any additional questions or concerns.

Sincerely,

Hi Mike,

I just added you to the career fair. You should get an email or something about this. If you log into the general home page of Handshake, you can find this career fair under 'events'. There is a group session at Noon EDT for you and I but I don't see any students signed-up yet. However, most students sign-up last minute. You also have one on one sessions available from 12:30-4:00 PM EDT. If you want to block any of that time off, you can go in and mark yourself busy. Please let me know if you have questions, trouble finding anything in Handshake or need help doing something. I'm hoping for a good event Friday! Thank you for helping out!

You will need to accept the invite to join handshake. Once you do, I will create a schedule for you for this Friday. We have one group session scheduled and then you can have one on one appointments with the students. It will make sense once you log-in but I can help find a user guide for Handshake if need be. Dear Cayla:

Thank you for participating in the New York State Broadcasters one hour college outreach zoom meetings on:

- October 13th

Our program reaches out to students attending colleges and universities throughout New York. Its goal is to enhance the diversity of those seeking employment in broadcasting across the Empire State. Your participation made the program a tremendous success.

Participation in the program helps your station comply with the FCC's EEO policies regarding outreach to qualified job applicants from diverse backgrounds and can count towards the outreach requirements of the FCC's EEO rules.

Again, thank you for helping to make NYSBA College Outreach program a success. Reaching students from diverse backgrounds will help broadcasting achieve its goal of expanding opportunities in broadcasting for minorities, women, and other underrepresented groups. The 20th Annual Science Research Symposium took place last night at CHS, hosted by Science Teacher Leader Mike Nocchio and his Science Research students: Senior Sara Thant, Juniors Quincy Hytko, Joseph McCormick and Amanda Opalka and Sophomores Kalyn Law, Rachel Seeger and Luke Paradi.

Keynote speaker CHS Alum Reid Kesselback, @newscharnell3 meteorologist, mingled with the students following the presentation to learn more about their projects.

Class of 2022 Valeritorian Sara Thant presented her three-year long research on the effect of student physical activity on cardiovascular conditioning in high school students.

We are so proud of these hard-working students! Thank you to Mr. Nocchio for his leadership and Mr. Kesselback for supporting this event. Check Facebook for more information and additional photos from the event.

Here's some info for our career day on May 11th. We will be "presenting" together. Don't feel like you have to prepare anything specific. We can explain how things work. Show the camera. I'll bring a laptop so we can show them the process of shoot, ingest, edit etc. We can play off one another. And then it'll be the same thing over again in the second hour.

Thanks,

Ashley

Hello Presenters,

I would like to personally thank you again for volunteering your time to spend with our students on May 11th. I do believe this will be an experience our students will never forget.

The career fair is about 2 weeks away. I wanted to provide you with some information for that day.

- Each session will be one hour long, and each presenter will have 2 sessions. Your time will be from 9am-10am and repeated presentation from 10am-11am with the second group.
- The group sizes should be not be larger than 25 students

You will be able to park on the street, but not directly in front of the school on Collins Ave, due to the buses and drop between 7:20-8am. The parking lot is reserved for staff members and usually fills up fast. You will find space on other surrounding roads, Maple and Walker, which are the two roads around the school. My cell # is 518.322.1506 if you have any questions that day.

I will have your name and occupation listed outside the classroom doors. Upon your arrival, you will be directed to room 107 to receive directions to the location of your room and coffee and refreshments will be served.. Each room is equipped with a computer and a smartboard if needed.

Please feel free to reach out to me if you have any questions. Thank you again for your time and support.

Hi Kris and Rachel,

I am so excited about seeing you both on Wednesday for our Horned Frogs Connect Networking session on Broadcast Journalism. We have a good group registered and it's growing!

I'm going to hop on around 11:45 AM to make sure we are ready. We've had no questions or topics submitted in advance but I'm confident that we will once we get started. I'll introduce myself VERY briefly and then ask you both to introduce yourselves to kick us off.

Cayla-
I've been meeting with St. Rose College folks about developing a recruitment effort with students from their Communications School.
I got Mike involved as well.

I met Oct 3rd with Shawn McIntosh, Assistant Professor of the Broadcast News & Mobile Journalism program at St Rose as well as Lori Valentin, Director of Professional Development at the school, to discuss developing a collaboration that would help train their students to prepare them for jobs at the station.

And Mike and I met on Nov 14th with Shawn as well as Professor Liz Richards to discuss the collaboration further.

I am also in touch with Shawn on an ongoing basis to let him know about opportunities here that his students may qualify for.

I also am going to make sure their students apply for our internship program, when we open applications for it.

Lori:
Other than Nov. 2 and Nov. 8 (Election Day), my schedule is very flexible next month. We can arrange a visit at the campus or a visit here. I'm fine with either option.
Take care.

Thank you for this wonderful introduction, Darcy!

It is a pleasure to be acquainted, Michael, and we are excited to learn more about how our organizations can support each other's growth and goals.

If you have availability in November, we would love to host an initial meeting on campus. Are there any days in particular next month that work best for you both? Alternatively, we would be happy to come to your location or set something up via zoom if either is more convenient.

Gratefully,
Lori Ana

Thanks.

I look forward to talking to you. One of our standout reporters/anchors Caitlin Irla is a St. Rose graduate.

I would love to speak to classes and have students visit the station.

If you need anything from me, please don't hesitate to ask.

Mike-

I would like to introduce you to the team at The College of St. Rose, who I have been talking to about developing a relationship that I feel we all would find beneficial.

Looped into this email from the College are:

Dr. Shawn McIntosh, Asst Professor of Broadcast News & Mobile Journalism

Sharon Edwards-Grant, Director of Career Services

And Lori Valentin, Director of Professional Development and Continuing Education

I told them of the need that we (and many other TV stations) are having, for TV News Line Producers and Videographers. While hiring graduates right out of college for a middle market TV news job used to be unheard of, things have changed and that is no longer the case.

And since The College of St Rose has a strong Communications program, with a very nice TV studio, we can tap into their pool of graduating students for our workforce needs.

The College can tout a high employment success rate for their Communications graduates and we get strong candidates joining our staff!

A win-win, I would say!

Can we set up a meeting to discuss this further?

I look forward to hearing back from you all.

Best-

Darcy
