**Re: Television Station KLFY-TV
Lafayette, LA
Facility ID No. 35059**

Dear Sir or Madam:

KLFY, L.P. ("KLFY"), licensee of Station KLFY-TV, Lafayette, LA, hereby provides the information requested by the Media Bureau of the Federal Communications Commission in a letter dated February 24, 2016 (the "EEO Audit Letter").

As requested in the EEO Audit Letter, KLFY provides information for the applicable Station Employment Unit ("SEU"), which consists of one station, KLFY-TV.

In making this response, KLFY relied upon an examination of its files and records and due inquiry of current employees who are knowledgeable of employment-related issues at the Employment Unit. The responses below correspond to paragraphs as they are set forth in the EEO Audit Letter.

Paragraph 3(a):

The SEU's two most recent EEO Public File Reports are attached hereto as Attachment A.

The SEU maintains the following website: klfy.com. The most recent EEO report can be found by a link in the footer of the website.

As described further below, Attachment B provides the date of hire of each position referenced on the last two annual EEO public file reports.

Paragraph 3(b):

During the period covered by the EEO Public File Reports, the SEU filled 31 vacancies. Copies of notifications, postings and advertisements (collectively, "notifications") announcing the full-time positions filled during the period covered by the most recent EEO Public File Reports are attached as Attachment B.

The notifications sent to recruitment sources are organized by vacancy and generally appear in the order set forth in the EEO Public File Reports. In this period, the SEU did not receive any requests from local organizations to receive job notifications – as described in §73.2080(c)(1)(ii).

Please note that the SEU does not distribute vacancies to Indeed.com, an Internet job bank that aggregates job posting from various other sources. Several interviewees reported Indeed.com as a source.

Paragraph 3(c):

The total number of interviewees for each full-time vacancy and the referral source for each such interviewee during the period covered by the EEO Public File Report are attached hereto as Attachment B.

Paragraph 3(d):

As of the date of this response, the SEU employed 69 full-time employees and is located in a market with more than 250,000 people. The SEU therefore must complete four recruitment initiatives in each two year period.

The EEO Public File Report located in Attachment A describes the SEU's recruitment initiatives. The backup for these initiatives is located in Attachment C.

Paragraph 3(e):

To KLFY's knowledge, there have been no complaints filed during the SEU's current license term before any body having competent jurisdiction under federal, state, territorial or local law, alleging unlawful discrimination in the employment practices of the SEU on the basis of race, color, religion, national origin or sex.

Paragraph 3(f):

The SEU's General Manager, Kenny Lawrence, has ultimate responsibility for ensuring that the SEU's EEO policy is followed for each vacancy. The SEU also has an EEO Coordinator, Jessica Ponthie, who works with appropriate managers when a vacancy occurs to ensure that the Unit's EEO policy, including all proper recruitment procedures, is followed. Upon completion of the recruitment process, the EEO Coordinator advises the General Manager that all requirements have been met and that the vacancy can be filled.

The EEO Coordinator's responsibilities also include widely disseminating information for each full-time vacancy, ensuring the Stations fulfill all supplemental recruitment initiatives over each two-year period, keeping accurate recruitment and hiring records, preparing the SEU's annual EEO Public File Report, and conducting annual self-assessment of recruitment efforts at the Stations.

The SEU informs job applicants that it is an equal opportunity employer. Newly hired employees are given information regarding the SEU's EEO policy during their training orientation. These new employees receive the Media General, Inc. No Harassment Policy. Employees also receive revised copies of this policy when it is revised. Employees have continuous access to the No Harassment Policy, which

includes the SEU's EEO policies, at anytime via the Media General, Inc. online intranet site. Notice to employees of key employment rights, including instructions about how to submit a discrimination claim, is conspicuously posted on the SEU's employee bulletin board. In addition to these measures, all management-level employees, the EEO Coordinator, the Corporate Vice President of Human Resources and the General Manager are available to discuss the SEU's EEO policies at any time with job applicants and employees.

Paragraph 3(g):

Since the beginning of the license term, the General Manager and EEO Coordinator continually have instructed hiring managers on the FCC's EEO policies to be sure that hiring managers understand the requirements of the FCC's EEO policies.

In December 2014, Media General, Inc. acquired LIN Television Corporation, stretching Media General's footprint across 48 national markets. Early in 2015, the integrated company provided group and individualized training on Broadcast 1 Source ("B1S"). Training was bolstered further by email updates and webinar trainings provided by Media General's in-house legal team, including at the three-day Business Administrator Summit in May 2015, attended by Jessica Ponthie.

The SEU continues to utilize the B1S system, which provides many benefits:

- The SEU can contact organizations with job postings in an efficient, electronic manner.
- The SEU can address concerns with "bounce back" e-mail correspondence.
- The SEU can regularly track and audit EEO data in a real-time manner.

Paragraph 3(h):

For each job hire and promotion at the SEU, the applicable pay rate or pay increase is reviewed and approved by at least two levels of management. Pay rates, benefits, promotions, seniority practices and selection techniques are reviewed annually by the General Manager and department heads and decisions are made based on performance without regard to race, color, religion, national origin or sex to assure equal opportunity and the absence of discriminatory effect. In promotion situations, all candidates are evaluated equally based on their qualifications and the requirements of the position. Outside candidates applying for positions with the SEU are evaluated in the same manner. Media General, Inc.'s Vice President of Human Resources, in consultation with other members of Media General Inc.'s management team, regularly reviews the company's pay rates, benefits, promotions, seniority practices and selection techniques independent of the General Manager's local review. The SEU does not have a union.

Paragraph 3(i): n/a

Paragraph 4: n/a

Should any questions arise regarding this information, please contact the undersigned at (804)887-5049 or hgola@mediageneral.com.

Respectfully submitted,

KLFY, L.P.

MEMORANDUM

From: Kyle Brinkman, KLFY News Director
Date: April 8, 2016
Subject: Cross Training – News Room

Upon my arrival at KLFY in the fall of 2014, I continued the practice of cross training employees to improve their skills and prepare them for other positions.

Additionally, from October 2014 to January 31st, 2015, I began to make changes to newsroom operations that required more cross training for employees.

Here are examples of the cross training I did during that time-period:

Weekend anchors were trained on producing newscasts so that the weekend anchors could take control of their shows and produce it themselves when needed (specifically Renee Allen and Hope Ford).

Weekend producers were trained on digital media strategies in order to improve their skills at posting stories to our website, our Facebook page, and sending push alerts.

I also continued the practice of cross-training weekday producers on how to produce all newscasts instead of just the newscast they were currently assigned so that they would all be familiar with, and be able to fill-in on, other newscasts when needed.

I continued the practice of training reporters on how to anchor. 3 reporter/Multi Media Journalists were trained on the anchor desk in order to be able to fill-in when needed (Jazmin Thibodeaux, Dalfred Jones, Brheanna Berry).

2 part-time editors were trained in photography so that they could be called in to assist with shooting video when needed.

MEMORANDUM

From: Kyle Brinkman, KLFY News Director
Date: April 8, 2016
Subject: Mentoring Program – News Room

It is the policy of the newsroom that any newly hired, or newly promoted, employee is assigned to a veteran for training and mentoring.

This policy was in place when I arrived in October 2014 and continues to this day.

For example, the 4 newly hired Multi Media Journalists during this time period spent their first couple of weeks in a training/mentorship program with veteran photographers, reporters, anchors, and producers.

First the photographers would show them the basics of shooting and how to use our cameras. Then the new reporters would "job shadow" the veterans to get a feel for the area, the people, and the style of reporting for KLFY. That was followed by spending time with anchors on their writing skills, voicing skills and historical perspectives for stories. Producers would teach them how to post their stories for broadcast and separate out their introductions, packages, and tags. All the commands needed to fully execute their jobs.

This mentorship program was followed up with continued feedback from the anchors and chief photographer to continue to hone their skills at shooting, writing and presentation.

Even today, reporters review scripts and video with anchors and the chief photographer.

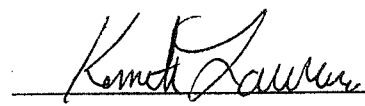

During this time period we also hired 3 new producers. These producers were teamed with a veteran producer to mentor them on the way to produce the newscast in the KLFY style. The producers are also mentored by anchors who help with writing and historical perspectives for scripts.

Additionally, we have a constant mentorship program for photographers and editors that include reviews of each other's work and training on editing. Our editing system is capable of many things and we team photographers up with editors who know how to get the most out of the edit system. And the photographers train the editors on shooting skills and tactics to improve their ability to go in the field and gather video.

This practice was in place in 2014/15 and I continued this practice upon my arrival in the fall of 2014.
