EEO Audit Response

Declaration of Richard P. Bott, II
Vice President of Community Broadcasting, Inc.

I, Richard P. Bott, II, hereby declare under penalty of perjury that the following is true and correct.

Community Broadcasting, Inc. ("CBI"), licensee of the above-referenced radio station, hereby responds to the Commission's March 22, 2024 EEO audit letter directed to WECV(FM), Nashville, TN (Fac ID 67633), a noncommercial educational FM station licensed to serve Nashville, TN.

WECV has only one employee regularly assigned to work 30 hours or more per week at the station. CBI relies on local contract engineers to assist with the station as necessary. As such, WECV is not required under the FCC's rules to have an EEO recruitment program.

During WECV's current license term, there have been no complaints filed, and there are none pending, before any forum with jurisdiction under federal, state or local law, alleging unlawful discrimination in the employment practices of WECV's employment unit on the basis of race, color, religion, national origin or sex. WECV is not a party to a time brokerage agreement.

Please direct any questions regarding this response to CBI's FCC counsel at the following address:
