## VI. EDUCATION

### **New England Lifestyles**

January 28th, 2024, 6:20 am  
20 minutes of 60-minute show

One of the more interesting a head scratching developments in education is puzzling. **Ravi Hateesing**, author of “Pivot” spoke about the way kids learning cursive handwriting is a vanishing breed. The loss of this skill speaks to the further reliance our young people have developed on computers for spelling, sentence stricter and even AI thinking. Many kids can’t even sign their name, as it is no longer taught. This loss is a symptom of the way we slow down our thoughts before we consider them. This has created a loss in many ways of youth identity.
