

Quarterly Issues and Programs List:

The following is a listing of some of the significant issues responded to by **KVRW 107.3-FM (107.3 Popcrush) Lawton, Oklahoma** along with the most significant programming treatment of those issues for the period of: **October 1st 2022 through December 31st 2022**

Section 01 Issues 4th Quarter 2022 I&P Report for KVRW:

- **Military:** Provide details of services for employment opportunities, education, housing, child care, financial services, activities and other assistance for service members and their families. Fort Sill and the Military are a large portion of our community. With the constant influx of new families moving to the area there's always a need to inform and advise where services and assistance can be obtained. Especially with the economy and inflation issues we're facing.
- **Health & Wellness:** Lawton, Fort Sill and Southwest Oklahoma have struggled with some of the worst numbers in overall health for heart, wellness and obesity in the state. There's a need to discuss topics of health/diet and specifically heart health along with weight loss within the community and surrounding area.
- **Education:** Lawton has a significant high school dropout rate and a large population of undereducated residents who remain in the workforce at minimum wage positions due to education and vocational skill level. Local government and state educators are working to reduce dropout rates and assist with college and vocational education needs in combination with privately ran organizations.
- **Crime:** Lawton has one of the highest crime rates in the state for violent crime, theft and narcotics. Working with local government, police and sheriff department to reduce crime levels with neighborhood watch and community policing.
- **Public Assistance:** We have a large portion of our population that are underemployed, near poverty or homeless. Informing local and area residents where they can find assistance for shelter, food, clothing and other services that are available at little or no cost is critical. It's worsened with COVID-19.
- **Economy & Inflation:** Like the rest of the country Oklahoma is suffering with the recent inflation rates and economic set-backs. Most of the state's population is at, or very near poverty level in need of assistance and financial aid. Identifying services and programs that will help in the crisis and assist people is required.
- **Law Enforcement:** Nationally and locally the relationship between law enforcement and citizens has been stained. We're working to improve that relationship and trust with Lawton Police department and other law enforcement agencies. Working together to address citizen's concerns, policing needs, crime prevention and how we can work together with police as a community.

Section 02 Programs 4th Quarter 2022 I&P Report for KVRW:
