

**WIOS AM 1480
QUARTERLY REPORT
OF PROGRAMMING ON ISSUES OF
COMMUNITY IMPORTANCE**

**FOR THE PERIOD
JANUARY 1ST THROUGH MARCH 31ST, 2023**

Below is a list of significant problems and needs of the WIOS AM service area and programming information includes:

The Economy and Job Opportunities: The state and local economy continues to hold steady, while business development is slow and unemployment is in check. Tourist related businesses dominate the market. We focus in on new and established businesses in to the area and what job opportunities might be available. Plus, career training facilities that might be available

Education: Northeast Michigan monitors assessments of education funding and effectiveness, test scores for students and employment placement for graduates. Continued debate over the state's primary, secondary and high school education system prompts examination of issues related to education.

Environment: As awareness of the environment increases nationwide, Northeast Michigan is confronted with an increasing number of environmental issues. More than protection and preservation of the environment, the state, and its residents must concern themselves with issues such as: hazardous waste, chemical manufacturing sites, contamination of streams and rivers by the former Wurtsmith Air Force Base in Oscoda, industrial pollutants, and the effects of these on the area's abundant wildlife.

Government: This section focuses on decisions made by national, state, and local officials, which affect Northeast Michigan. These include increased concerns regarding the various law enforcement agencies, environment, roads, and local communities.

Health Care: Among the concerns expressed for the elderly is medical issues regarding area nursing homes, hospitals, therapy centers, Iosco County medical care facilities plus, cost of housing. Also the continuous escalation of insurance costs.

Tourism and Recreation: Northeast Michigan continues to be one of the top vacation spots in the Midwest. This section of the report focuses on hunting, the Great Lakes, parks, and events that bring tourist dollars essential to our economy.

Description of WIOS AM Programs Providing the Most Significant Treatment of
Community Issues

<u>Program</u>	<u>Day</u>	<u>Time</u>
6:30 a.m. News	Monday through Friday	6:30 – 6:35 a.m.
7:30 a.m. News	Monday Through Friday	7:30 – 7:35 a.m
8:30 a.m. News	Monday Through Friday	8:30 – 8:35 a.m

QUARTERLY ISSUES REPORT, JANUARY-MARCH, 2023

Show # 2023-01

Date aired: 12/31/22 Time Aired: 12:30am

Jacquelyn C. Campbell, PHD, RN, FAAN, expert on domestic violence, violence against women and intimate partner violence, Professor and the Anna D. Wolf Chair at the Johns Hopkins School of Nursing, National Program Director for the Robert Wood Johnson Foundation's Nurse Faculty Scholars Program

Dr. Campbell developed the Danger Assessment, a groundbreaking questionnaire designed to assess a woman's risk of being killed by an abusive partner. She talked about recent updates to the tool that address concerns for immigrant women and same-sex partners. She said it's helpful for an abused woman to document for herself how often abuse is happening, levels of abuse and other patterns.

Issues covered:

Length: 9:21

**Domestic Violence
Women's Concerns**

Bryan Caplan, PhD, Professor of Economics at George Mason University, blogger for EconLog, author of "*The Case against Education: Why the Education System Is a Waste of Time and Money*"

Although it is immensely popular--and immensely lucrative--Dr. Caplan believes that higher education is grossly overrated. He said that decades of growing access to education have not resulted in better jobs for the average worker, but instead in runaway credential inflation. He is in favor of serious cuts in government education funding to curb this wasteful rat race, along with a renewed emphasis on vocational education.

Issues covered:

Length: 8:01

**Education
Career
Government Spending**

Cyrus Farivar, Senior Business Editor at Ars Technica, author of "*Habeas Data: Privacy vs. the Rise of Surveillance Tech*"

Mr. Farivar discussed how judges and activists have thought about privacy and surveillance in America in recent decades. He believes that laws need to be updated to address advances in surveillance technology, such as the mass use of license plate readers and facial recognition software.

Issues covered:

Length: 5:04

**Constitutional Rights

Show # 2023-02

Date aired: 1/7/23 Time Aired: 12:30am

Todd Spencer, President of the Owner-Operator Independent Drivers Association

Trucking is critical to virtually every aspect of the US economy. Mr. Spencer talked about the biggest challenges faced by truck drivers. He said drivers often spend 30% of their work week being detained by inefficiencies in the supply chain, waiting for shippers and receivers. He discussed the lack of adequate training of new truckers. He also talked about road congestion and needed improvements in the nation's highway system to better accommodate trucks.

Issues covered:

Length: 8:39

**Transportation
Supply Chain Issues
Employment**

Natasha Slesnick, PhD, Professor of Human Development and Family Science in the Department of Human Sciences, and EHE Associate Dean for Research and Administration at Ohio State University

Prof. Slesnick led a study that suggests that giving some homeless mothers with young children a place to live may do little to help them if it is not combined with support services. She outlined the most significant challenges faced by homeless mothers and their children, and the most effective forms of support.

Issues covered:

Length: 8:45

**Homelessness
Government Programs
Drug Abuse**

Donna Thompson, PhD, MBA, retired college educator, an advocate for children's literacy and creator of The Adventures of Carly and Charly, a book series "written" by cats for kids

Ms. Thompson discussed the importance of encouraging reading in young children, and the major obstacles created by electronic screens. She talked about the long-lasting health and wellness benefits connected to reading, and why it is so important for parents to set a good example in reading habits.

Issues covered:

Length: 5:01

**Literacy
Parenting**

Show # 2023-03

Date aired: 1/14/23 Time Aired: 12:30am

Nora Volkow, MD, Director of the National Institute on Drug Abuse, part of the National Institutes of Health

Fentanyl overdoses are the leading cause of death for Americans ages 18 to 49, more than car accidents or suicides. On average, one person dies of a fentanyl overdose in the United States every seven minutes, and the number of Americans killed by the drug has jumped 94 percent since 2019. Dr. Volkow discussed why the problem has skyrocketed and what steps the federal government is taking to address it. She said that, while the epidemic was worse in certain rural areas of the US in past years, the problem has now overwhelmed every city and state. She talked about the importance of education and treatment programs, and also explained why fentanyl is a particularly troubling issue for pregnant women.

Issues covered:

**Substance Abuse and Treatment
Government Policies**

Length: 17:52

Sam Quinones, author of *"The Least of Us: True Tales of America and Hope in the Time of Fentanyl and Meth"*

The opioid crisis' damage to US communities cost the economy \$1.5 trillion in 2020 alone, according to a congressional analysis. Mr. Quinones talked about steps that cities and towns can take to try to repair community bonds, most effectively on the neighborhood, school and church level. He believes that stronger law enforcement is necessary to force drug abusers into treatment, whether they want it or not.

Issues covered:

**Substance Abuse and Treatment

Show # 2023-04

Date aired: 1/21/23 Time Aired: 12:30am

Lauren Fleshman, one of the most decorated American distance runners of all time, winner of five NCAA championships at Stanford University and two national championships as a professional, author of *“Good for A Girl: A Woman Running in a Man's World”*

Girls drop out of organized sports at twice the rate of boys at age 14, and half have quit by 17. Sixty-five percent develop disordered eating habits that compromise their ease around food, sometimes irreparably. Ms. Fleshman talked about emerging research on the physiology and psychology of young athletes, and what coaches and parents should know. She outlined changes in organized sports to empower and encourage young women to join and stay.

Show # 2023-06

Date aired: 2/4/23 Time Aired: 12:30am

Ismail Karabas, PhD, Marketing Professor at Murray State University

Tipping for food at the end of a dining experience has traditionally been the norm at full-service restaurants. Prof. Karabas shared his research into a new trend: tip requests at businesses where customers order at the counter, pay for their items before getting their food, and receive minimal-to-no service. He explained the reasons behind the change. He found that some consumers are so annoyed by the requests that they take their business elsewhere.
