**SUBJECT:** K.V.F.D. and Aux. 33

**Discussion:** Today we welcome Lynn Robinson as she talks about the Keyser Volunteer Fire Department as well as their Auxiliary 33. The KVFD needs new members. As older members are retiring, they need new members to help fulfil those rules. The less members their department has the less productive their station is for large fires. A large house fire would need more people to be present to put out the fire and that requires stations that are further away to send people causing the fire to burn longer. Ask any current member what you would need to do to become a new member as well as ask for an application. The Aux. 33 will be having an open house with face paintings, crafts for kids, as well as food at Station 2 on west piedmont street. As well as those events, anyone can come by the open house and learn more about becoming a volunteer. Check them out on Facebook to learn more.

**SUBJECT:** Savage Mountain Punk Arts

**Discussion:** 8<sup>th</sup> annual Savage Mountain Punk Fest at Mezzo's underground. Thursday night starts the festival. The Do What's will be playing, they were runners up at the Punk Picnic. They have other bands that are local, Baltimore based, Morgantown based, spanning all varieties of punk subgenres. The next day, Friday, will have even more great artists. Saturday features the battle of the band winners, President Bomber, an old Cumberland band, and more. Saturday starts early and goes on all night. There is something for everyone who loves punk! DZN should play some of these smaller bands beforehand. Before the show on Friday, they are having an acoustic show and art expo at Centre Street Collective. Savage Mt. Punk Arts is a 501-C non-profit organization. They are there to celebrate the underground arts, regardless of how people gravitate towards the mainstream. They want to bring these amazing things that feed our local arts community to light and celebrate it. They want to recognize that underground art is an economic steam engine. The people who come want to be there and support these bands. There is no geographic barrier to who comes, they have people all they way from Indiana, Richmond, V.A., and farther to come to this show. They also have people who come home to Cumberland for this show. They get to come home, see friends, see family, and a great punk rock show. They are sponsored by the Allegany Arts council, Maryland State Arts Council, and Mt. City Traditional Arts. Visit their website [SavageMountainPunkArts.org](http://SavageMountainPunkArts.org).

**SUBJECT:** Henry the 5<sup>th</sup> or courting 2.0

**Discussion:** Scott Reiley joins us today to talk about the play he produced called Henry the 5<sup>th</sup> or courting 2.0. The performances are August 10<sup>th</sup> – 20<sup>th</sup> Thursday through Friday with a Matina show on Sunday. In October of 1415 Henry V's army defeated the much larger French Army at the battle of Agincourt. As a result, the Treaty of Troyes (1420), gave Henry the French King the Crown of France upon the French king's death and the King's youngest daughter in marriage. Almost everyone in the play has a name that can tell you a lot about the characteristics of that character. It is a fairly comical show that feels like William Shakespear sat down with Mel brooks, Monty Python, and the Marks Brothers. **SUBJECT:** Maryland Tax Free Week

**Discussion:** Tax free week is a week where there is no sales tax on clothing or backpacks at any Maryland store. It is done to help people save some money and promote shopping from Maryland businesses. People are encouraged to keep their money locally. Purchases under \$100 are tax free for clothing, and under \$40 for backpacks. This is perfect for back-to-school shopping, a wardrobe refresh, or just a generally good time to spend. August 13 through the end of the week. Info available at [MarylandTaxes.Gov](https://www.marylandtaxes.gov), follow Maryland Comptroller's social media, (Twitter, Instagram, Facebook) for all news about Maryland taxes and tax-free week. This week is fantastic for supporting the local economy, promoting shopping at Maryland stores and local businesses. When you shop in Maryland, you are not just helping the whole state's economy, but your neighbor's economic health.

**Discussion:** Amy is joined today by Tina Rosa with the Allegany Animal Shelter. They are always in need of volunteers whether it be at their front desk, kitchen, dog walkers, or building maintenance, they could always use the help. The shelter accepts donations like dog food, cat food, treats, toys, bedding, used towels, used blankets, leashes, office supplies, and always cash. They very much encourage anyone who can to come out and adopt because they are full of cats and almost full of dogs. There are programs for students off all ages to come out and read to the animals, spend some quality time with the animals, and help enrich their environment. Students can also come to their cat room and study with the cats/ hang out with the cats. The shelter also has this lovely program called "Hounds Around Town". This is basically where you would "check out" one of their dogs and can take them anywhere. Go for a walk, take them home for a while, or even buy them ice cream; it is a way to get a better idea of the personality of the dogs. If you want to become a volunteer, you can either stop by the shelter or go online to [AlleganyAnimalShelter.org](http://AlleganyAnimalShelter.org) where they have an online application.

**SUBJECT:** Red Cross Blood Drives

**Discussion:** Decrease in blood donors in the summer anyways, but there have been many disasters this summer that has depleted their blood supply. They hope that the public will consider donating blood. When they donate blood, they are helping their neighbors. One person's blood can help up to 3 individuals. It could be for someone experiencing cancer treatments, burn patients, various traumas. Type O is especially helpful, as they are the universal donor. This is a great way for you to find out your blood type and help out a person. You can find out if your community is having a blood drive by calling 1-800-RED-CROSS, download the Red Cross Blood Donor app, or go online to RedCrossBlood.org, enter your zip code, and see what blood drives are happening around you. You can even schedule a time to donate there. Sickle Cell disease awareness month is September. Sickle Cell disease primarily affects African Americans. 2 years ago, Red Cross expanded their donors to include people with the same blood properties as those with Sickle Cell disease. This month is used to call attention to this disease in hopes of raising the number of African Americans donating to help those suffering from Sickle Cell disease. One of the incentives is a free haircut by Foreclips for donating blood. If you would rather donate time, you can be a Blood Donor ambassador to staff the drive. You help people sign in, make sure they have provisions after donating blood. To volunteer, go to RedCross.org/Volunteer.
