Guests: Yvonne & Devon Morgan

I had two very special guests on the show with me to talk about bullying. I had my mother who has her degree in psychology and my little brother who has been bullied his whole life due to him being in special education.

The reason bullying is so important to me is because I myself had been bullied from elementary all the way through high school. It was important to me and also interesting to get somebody's feedback that studied psychology to explain bullying and give her reason why. My brother on the other hand described what bullying is to him and explained how to avoid and what to do when you see someone being bullied.

We talk about how some TV shows get it right. We discussed a Canadian show called Degrassi where someone who was bullied actually brought a gun to school and shot someone. We talked about how that is actually a reality now and that it could possibly be stopped.

We also talked about a Disney cartoon that glamorized bullying such as the Proud Family and how being exposed to a show like that could actually make bullying humorous when it really isn't.

But owners may not be expecting overnight relief — many recognize it will take time to see what the administration's plans are, and what it will accomplish.

Business owners were considerably more optimistic about 2017 in a survey taken shortly after the election. Forty-six percent of the 600 questioned in the Wells Fargo survey said the operating environment for their companies would improve next year

You may have noticed the Big Ape got a little makeover – D&I is painting CMG Jax Radio PINK in honor of Breast Cancer Awareness Month!

Often times, our schedules don't allow us ALL to be in the same place at the same time, so here's a fun activity *inclusive* of all.

**THIS STARTS TOMORROW!**

We're all about prizes so on each Wednesday, grab a coworker and snag a photo of you wearing pink.

The employee(s) with the most participation wins a prize from your D&I team! (you must post to social media using the hashtag #WAPEcares)

Also, our very own JUSTIN COUSART is our community partner for the inaugural Real Men Wear Pink program through the American Cancer Society.

If you're interested in being one of the 50 people to raise \$50, please email a D&I representative (Sequoyah G., Katie G., or Danielle M.).

We already have CJ, Todd, & Myself counted – only 47 more people to go! Make that pledge!!!  
(we don't care how you get the \$50, as long as you get it...legally)
