I made a complaint to you on March 21, 2019 about radio interference on the KHYM, 103.9 station from a spanish station. My complaint number is 3135067.

I was told it may take as long as nine months to correct the issue. Has any progress been made to resolve the interference? Is it possible for you to contact me with an update?

Thank you for your attention to this matter in a timely manner.

Respectfully,
