

To: KJIL/KHYM
P.O. BOX 991
Meade, KS 67864

I have recently contacted you to report that there is interference on KHYM, 103.9, from a spanish station. It does not happen all the time but when it does, it comes in very clear and overrides 103.9.

I was told to contact the Federal Commuations Center in Dodge City as you are unable to control the station interference. I have contacted them to report this issue as requested.

Thank you for your help in this matter and for providing Christian music to our area.

Respectfully,

Robert Kessler
