

**NOTE – FCC ONLINE PUBLIC INSPECTION FILE NOT  
FUNCTIONING 8/2/2021:**

Due to technical difficulties, the FCC's OPIF system was unavailable for uploads on Monday, August 2, 2021. As a result, the station was prevented from meeting the relevant upload deadline.

Reports were completed on time, but the licensee was unable to upload any reports on 8/2/2021.

Once the OPIF system came back online the station began uploading the annual EEO public file reports.
