Re: Election of Retransmission Consent

Dear Mr. Riddle:

This letter is in response to your June 19, 2019 letter notifying Fox Television Stations, LLC ("FTS") that Bel Air Internet, LLC ("Bel Air") intends to begin providing cable television service in the Los Angeles DMA. Television stations KTTV and KCOP-TV, Los Angeles, CA ("Stations") elect retransmission consent with respect to retransmission of their broadcast signals by Bel Air. This election is for the headend located at 15301 Ventura Boulevard, Building D, Suite 250, Sherman Oaks, CA 91403, as well as in or around any and all communities serving the Los Angeles DMA.

Accordingly, Stations hereby notify Bel Air that, pursuant to Section 325(b)(3)(B) of the Communications Act of 1934, as amended (the "Act"), and Section 76.64(f)(2) of the Rules and Regulations of the Federal Communications Commission (the "Rules"), Stations elect to assert their rights under section 325(b)(1)(A) of the Act and Section 76.64(a) of the Rules to require that Bel Air obtain Stations' express consent before retransmitting their signals (which consent is not granted herein).

To the extent that Bel Air does not qualify as an "MVPD" as defined by the FCC as of the date hereof, FTS has no obligation to provide Bel Air with a notice of a must-carry or retransmission consent election and has no obligation to negotiate in good faith. Nothing contained herein shall be allowed to constitute a waiver of, or forbearance from the exercise of, any of FTS's rights and remedies.

Should Bel Air desire to obtain from FTS the applicable permission to retransmit the Stations' signals or distribute the Stations' programming, please contact Lindy Markarian at [lindy.markarian@fox.com](mailto:lindy.markarian@fox.com) or (310) 369-0053.

Sincerely,

Joseph M. Di Scipio
