Re: EB-FIELDSCR-14-00017192

Dear Mr. Wells:

Transmitted herewith, on behalf of Victory Publishing Company, Ltd., is its response to the Letter of Inquiry dated October 31, 2014. Although the response initially was due on November 10, 2014, an email request for extension of time was sent to you on November 10, 2014 and November 17, 2014, requesting consent until today within which to respond.

If there are any questions, please contact this office.

Very truly yours,

Dan J. Alpert

Victory Publishing Company, Ltd., licensee of Station KBEY, Facility No 40764, hereby submits its response to the Letter of Inquiry ("Letter") issued on October 30, 2014. Requests for additional time to respond from the time afforded in the original Letter has been requested. Victory's responses follow the inquiry requests contained in the original Letter.

(1) List the days and times in September, October, and November 2014 when the auxiliary/main transmitter in Burnet, Texas broadcast a football game at the same time that the auxiliary transmitter in Marble Falls, Texas broadcast a different football game. Next to the dates and times, note the football teams playing in the games. Are you scheduled to broadcast two different football games at the same time using the two auxiliary transmitters in October or November 2014? If so, list the dates and times for the upcoming games.

- a. **During these dates and times, describe the status of the main transmitter. What type of maintenance, if any, was performed on the main transmitter during these dates and times? List the name and title of the person who performed this maintenance, if any.**
- b. **Provide a copy of the station log for KBEY-FM for September and October 2014.**

September 12 - 6:30PM to 10:00PM

Burnet vs. Fredericksburg
Marble Falls vs. Boerne

a) Program testing of MF Auxiliary Transmitter and Power Down of Main Transmitter. Remote switch did not work on Main Transmitter. Additional service and replacement of equipment required as a result of test. Amplifier readings taken at both Auxiliary Transmitter and Main Transmitter during test/power down.

September 19 - 6:30PM to 10:00PM

Burnet vs. University
Marble Falls vs. Vista Ridge

a) Post repair program testing of MF Auxiliary Transmitter and Power Down of Main Transmitter. Remote switch passed tests. New antenna installed to meet MF Auxiliary Transmitter License requirement. Program testing of new antenna resulted in low readings of amp/transmitter. Replacement of amp/transmitter necessary for Auxiliary

broadcast. Subsequently license filed at lower amplification power until new amplifier is installed and able to ensure full power.

September 26 - 6:30PM to 10:00PM

Burnet vs. Taylor
Marble Falls vs. Dripping Spring

a) Post repair program testing of MF Auxiliary Transmitter and Power Down of Main Transmitter. Replacement unit ordered and installed for testing. Amplifier readings taken at both Auxiliary Transmitter and Main Transmitter during test/power down. Auxiliary Transmitter able to amplify at full power. As a result license amendment filed at full power. Burnet football game rebroadcasted Saturday September 27th at 10pm.

October 10 - 6:30PM to 10:00PM

Burnet vs. China Spring
Marble Falls vs. Georgetown

a) Additional remote control equipment installed at MF Auxiliary Transmitter for quicker response and better response of the MF Auxiliary Transmitter. Internet equipment for web service and network equipment installed for the new equipment. Post repair program testing of MF Auxiliary Transmitter and Power Down of Main Transmitter. Amplifier readings taken at both Auxiliary Transmitter and Main Transmitter during test/power down. Burnet football game rebroadcasted Sunday October 12th at 8pm.

October 17 - 6:30PM to 10:00PM

Burnet vs. Robinson
Marble Falls vs. Leander

a) Amplifier readings taken at both Auxiliary Transmitter and Main Transmitter during test/power down. No issues found at either location. Burnet football game rebroadcasted Sunday October 19th at 8pm.

October 24 - 7:00PM to 10:00PM

Burnet vs. Gatesville
Marble Falls vs. Cedar Park

a) Amplifier readings taken at both Auxiliary Transmitter and Main Transmitter during test/power down. No issues found at either location. Burnet football game rebroadcasted Sunday October 26th at 8pm.

October 31 - MF - Radio Broadcast / Burnet - Internet Broadcast

Burnet vs. La Vega
Marble Falls vs. Vandegrift

a) Remote control of MF Auxiliary Transmitter down. Unable to contact and control transmitter during program test. Additional inspection of equipment found a problem with internet service. Test failed and readings unable to be taken. Burnet recording damaged due to technical difficulties and not rebroadcast.

November 7 - MF, Radio Broadcast / Burnet - Internet Broadcast

Burnet vs. Lampasas
Marble Falls vs. East View

(a) FCC Letter of Inquiry received questioning duel broadcast within Broadcast Contour during program and equipment testing. A decision was made to not duel broadcast and instead rebroadcast Burnet football game, Sunday, November 9 at 8pm as planned.

(b) The Station Log for Station KBEY is attached as Attachment A.

(2) Submit any contracts or written agreements to broadcast either or both football seasons for the Burnet and Marble Falls football teams.

The "Broadcast Agreement" by and between KBEY-FM and Marble Falls Independent School district for broadcast of Marble Falls High School football broadcasts is attached hereto as Attachment B. No contract exists for Burnet High School football.

(3) Other than the above referenced football games, list the dates and times from January 1, 2014 until the present when the auxiliary/main transmitter in Burnet, Texas broadcast programming that differed from programming broadcast at the same time by the auxiliary transmitter in Marble Falls, Texas. Next to the dates and times, note the name or topic of the programming and the status of the main transmitter. Are you scheduled to broadcast different programming at the same time on the two auxiliaries in October or November 2014? If so, list the dates and times for the upcoming programs and a description of the programming.

No other duel broadcasts have been performed.

Additional Information.

Burnet businesses, community members, and the Burnet Consolidated Independent School District ("BCISD") School Board strongly requested KBEY to broadcast Burnet High School

football games after such broadcasts were turned down by KITY 102.9FM. See attached letter from Superintendent of BCISD Keith McBurnett in response to the possibility of radio broadcast of Varsity Football games. Attachment C. As seen therein, the Superintendent of Schools for Burnet High School “found that KBEY is the best and only option to meet this community need.” Without other options for broadcast, a decision was made to attempt a duel broadcast during testing as a benefit to a community within our broadcast contour. When that failed, the main transmitter was instead taken down for servicing, and plans continued used separate auxiliary transmitters. KBEY has provided a dedicated streamer for BCISD Varsity Football, Basketball, and Baseball games while streaming MFISD Varsity Football and Playoff Basketball/Baseball.

I declare, under penalty of perjury, that the forgoing is true and correct.

Amber Weems
President
Victory Publishing Company, Ltd.

BROADCAST AGREEMENT

BETWEEN RADIO STATION KBEY-FM AND MARBLE FALLS INDEPENDENT SCHOOL DISTRICT

MARBLE FALLS INDEPENDENT SCHOOL DISTRICT (MFISD) grants exclusive broadcast rights to Radio Station KBEY-FM to broadcast ALL FOOTBALL GAMES, REGULAR AND POST SEASON, ALL BOY'S AND GIRL'S BASKETBALL DISTRICT AND PLAYOFF GAMES, ANY OTHER STATE TOURNAMENT GAMES FOR BOYS AND/OR GIRLS starting with 2012-2013 school year and ending with the 2017-2018 school year.

MFISD will not be compensated by KBEY-FM and KBEY-FM will not be compensated by MFISD for broadcasts.

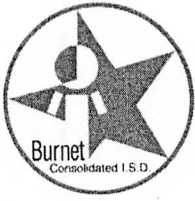

This privilege is granted on the following conditions:

1. KBEY-FM will allot at least 1 minute of air time each game to the district approved booster club(s).
2. KBEY-FM will receive appropriate signage inside stadium, field, gym, arena or where applicable.
3. MFISD will remind students, faculty, and staff of upcoming sports broadcasts on 103.9 FM.
4. MFISD will designate specific areas suitable for the broadcast team and/or field reporter.
5. KBEY-FM will provide free internet streaming for any MFISD broadcast on station.
6. KBEY-FM will place a link to the MFISD website; MFISD will place KBEY-FM logo and link on the MFISD website.
7. KBEY-FM will be committed to promoting overall academics of the MFISD.
8. There shall be no political announcements or advertising of liquor, malt spirits, or tobacco during the broadcasts.
9. KBEY-FM is to be responsible for any expense incidental to setting up the broadcasting arrangements.
10. MFISD shall not be liable for any expenses incurred by KBEY-FM in putting on broadcast.
11. KBEY-FM shall not feed broadcasts of games to any other radio station without the signed approval of the two schools playing said games.
12. There shall be no destructive criticisms of officials' decisions.
13. No mention shall be made of injuries, unpreventable accidents, or other incidents which may cause any anxiety on the part of listeners.
14. There shall be no discussion of the University Interscholastic League policies which are of a controversial nature.
15. In case one or both parties decide to opt out of the agreement for reasons of indifference that can't be worked out then party must notify the other by January 31 of current school year for the following school year.

Burnet Consolidated Independent School District

STUDENTS FIRST

September 19, 2014

Dear Amber,

On behalf of the BCISD Board of Trustee and Burnet community leaders, I would like to thank KBEY and its staff for meeting the needs of fans and families in Burnet by broadcasting Burnet football on KBEY. After a season of being off the air, attempts at internet only broadcasting and the other local radio station expressing no desire to broadcast the games, we found that KBEY is our best and only option to meet this community need. KBEY provides a valuable service to this community by providing entertainment, news and coverage of local events. I value our partnership greatly.

We look forward to hearing the radio broadcast on KBEY 103.9FM for many seasons to come!

Sincerely,

Keith McBurnett

Keith McBurnett
Superintendent of Schools
