Dear Gary & Steve,

Thank you for continuing to support the mission of Vail Veterans Program through helping us spread awareness by sharing the stories and experiences of our Nation's Heroes. Your continued partnership and support of our mission allows our wounded Veterans and their families to build confidence, reconnect with each other, and create a lifelong community of mutual support. The Winter Family Program would not be possible without your generosity.

Britny Connella, a 2019 Winter Family Program Participant and Caregiver to a wounded Veteran, shared her thoughts on her family's experience. "When Randy started to have his health issues, he was unable to do a lot of things he loved and feared that he'd never do them again, one of which included snowboarding. This week, he got to snowboard, all thanks to Vail Veterans Program and his instructor, Eugene. God had His hand in this week and provided Randy with the best instructor who showed compassion and could relate to all he's been through. This program means so much to us and has given us something we thought we'd never be able to do together again, so thank you. It was amazing to watch him push himself and feel "normal" again. As much pain as we have been through, these positive moments help us remember how truly blessed we are."

Enclosed is an advertisement placed in the Vail Daily newspaper on January 19<sup>th</sup>. Thank you for supporting our Nation's Heroes.

Sincerely,

*Cheryl Jensen* Thank you!
