Date	Duration	Program Title	Issues Addressed	Guests
11/6/22	30min	COVID	COVID-19, Omicron and ways to be proactive with his Covid 10-point plan. Kai Kahele also talks about the \$3 billion infrastructure going to happen within Hawaii and touch base on the Red Hill Crisis in O'ahu. Congressman Kai Kahele also speaks on COVID-19 compensation that has not been disbursed to the people of Hawai'i and his plans to research the money trail led by the governor's office.	Congressman Kai Kahele
11/13/22	30min	Marine Debris Research	how the polystyrene had a limited impact on improving Hawaii beach environments. Dr. Lynch also talked about a plan to significantly reduce plastic on beaches, by focusing on international foreign fishing fleets, which use lines and nets made from plastic.	Dr. Jenifer Lynch
11/20/22	30min	PAL Kauai	non-profit PAL Kauai. Their mission is to help house local people by working with the Habitat of Humanity. In this episode, we talk about their programs, about the struggles of becoming a homeowner and how they are solving the crisis one house at a time. Learn about the housing crisis in Hawaii and how you can sign up to own a home today.	Larry Graff Taylor Kaluhine Mr. Edmund
11/27/22	30min	Nature Conservancy	conserving the land and waters of Hawaii, climate change, biodiversity loss and a recent carbon capture study.	Alex Wegmann Kate Longley-Wood
12/4/22	30min	Reef Power	Talked about their new app/website that shows where our water comes from and where waste goes when you flush the toilet, as well as conservation measures and advocacy. This app will go statewide by the end of the year	Travis Ligget
