Ms. Kalagian, I would like to ask for a further extension from 10/28/22 to 11/15/22. The person primarily responsible for EEO documentation has been out sick since the beginning of September and we have now learned is not expected back before the end of this year. Other EU staff are diligently working on the response but in order to provide a thorough response, they requested additional time.

Thank you very much for your consideration. We look forward to your response.
