

2nd Quarter FCC Community Issues 2018

Community Issue- National Autism Awareness Month: Autism Spectrum Disorder, simply known as Autism is a serious issue in America and probably the most misunderstood issue, as the autism spectrum is very broad, and symptoms are sometimes hard to diagnose. The rate of autism has steadily grown over the last twenty years, and it now affects 1 in 68 children. Boys are four times more likely to have autism than girls. The month of April is Autism Awareness Month, and we worked with Autism specialists in our area to get awareness out and educate the public.

Bluffton News- Lorrie Spencer	30 Min.	4/2/18	Welcome to Autism Inc., where the children are top priority. Here at Autism Inc., we want to supply not only your child with all the developmental tools that he or she will need, but we also want to equip you, the parents with the necessary know-how for handling the road ahead. Our goal is to support families whose resources are limited to a school setting. We want to meet each child individually, get to know them, and help them become more independent.
Talk of the Town- Lorrie Spencer	30 Min.	4/3/18	Welcome to Autism Inc., where the children are top priority. Bluffton News- Cathy Cramer	30 Min.	4/23/18	The mission of Special Olympics is to provide year-round sports training and athletic competition in a variety of Olympic-type sports for children and adults with intellectual disabilities. This gives them continuing opportunities to develop physical fitness, demonstrate courage, experience joy and participate in a sharing of gifts, skills and friendship with their families, other Special Olympics athletes and the community.

2nd Quarter FCC Community Issues 2018

Community Issue- National Healthy Vision: During Healthy Vision Month, held each May, the National Eye Institute encourages Americans to make their eye health a priority and informs them about steps they can take to protect their vision. Taking these steps can help prevent vision loss or blindness from many eye diseases and conditions. In addition, comprehensive dilated eye exams can detect problems early, when they're easier to treat. We felt the need to educate our local population on the importance of routine eyecare for healthy vision.

Talk of the Town- Linda Warnock	30 Min.	5/22/18	BAC organizes and promotes safe group bicycle rides and holds social activities for our cyclists. We were founded in September 2006 and now have more than 180 members. We are a non-profit bicycle touring club open to cycling enthusiasts in and around Southern Beaufort County, South Carolina. We are affiliated with the League of American Bicyclist and Palmetto Cycling Coalition of South Carolina.

2nd Quarter FCC Community Issues 2018

Community Issue- Hurricane Preparedness Month: Hurricane Matthew was devastating to our area in 2016. Though we stress hurricane preparedness every year, no one saw the effects of Hurricane Matthew coming our way. This year, we made extra efforts to educate viewers by speaking with hurricane preparedness professionals who work for the town, and insurance professionals. We even took to our social media to cover expos, and prepared hurricane preparedness videos to urge our viewers to prepare for these natural disasters ahead of time, in case they occur.
