

2nd Quarter FCC Community Issues 2020

Community Issue- National Autism Awareness Month: Community Issue- National Autism Awareness Month: Autism Spectrum Disorder, simply known as Autism is a serious issue in America and probably the most misunderstood issue, as the autism spectrum is very broad, and symptoms are sometimes hard to diagnose. The rate of autism has steadily grown over the last twenty years, and it now affects 1 in 68 children. Boys are four times more likely to have autism than girls. The month of April is Autism Awareness Month, and we worked with Autism specialists in our area to get awareness out and educate the public.

2nd Quarter FCC Community Issues 2020

Community Issue- National Safety Month: The summer months are care-free but are usually the most dangerous time of the year. This is especially true for children. Studies find that small children are even more likely to encounter summer dangers such as drowning, heat stroke, and even household items. We used our platform to stress the importance of summer safety for National Safety Month.
