

## MUST CARRY & RETRANSMISSION AGREEMENTS

Pursuant to FCC Rule 76.55(d), WDWO-CD does not qualify for mandatory carriage rights and therefore did not elect mandatory carriage with the various cable, satellite and IPTV systems located in its designated market area.

WDWO, however, has entered into a retransmission consent agreement with Wyandotte Municipal Cable system located in Wyandotte, Michigan for the period of 10/01/2011 through 12/31/13.

WDWO also maintains a fulltime leased access channel (#157) on the Detroit Comcast cable system.

Copies of these agreements are attached for reference.
