Re: Warner Bros. Discovery, Inc. - 2023 Children's Television Act Certification

Dear Affiliate:

This letter is intended to assist you in satisfying your obligations under the Children's Television Act of 1990 and the Federal Communications Commission ("FCC") regulations relating thereto in connection with your carriage of our video programming services that aired "children's programming" as defined by the FCC in the calendar year of 2023. To the best of my knowledge and belief, I certify the following:

1. Each of our networks has fully complied with the provisions of the Children's Television Act of 1990 and the FCC rules and regulations promulgated thereunder for "children's programming" during the 2023 calendar year other than the incident specifically identified in Paragraph 2. The WBD television networks include Cartoon Network, Boomerang, Discovery Family Channel, Discovery Familia, HBO Family, TBS, TNT, Turner Classic Movies, TruTV, CNN, HLN, Discovery, Science Channel, TLC, Animal Planet, Investigation Motor Trend, Oprah Winfrey Network (OWN), Discovery en Espanol, Discovery Life Channel, American Heroes Channel, Destination America, HGTV, Food Network, Travel Channel, Cooking Channel, Magnolia Network, Hogar, Cinemax, and HBO branded television networks.
2. On Thursday, November 16, 2023, Cartoon Network inadvertently aired two commercials twice during the 4 p.m. hour due to a technical error occurring between the scheduling and playout automation systems, causing a 30-second commercial time overage in the clock hour.

Sincerely,

WARNER BROS. DISCOVERY, INC.

Dear Affiliates:

Pursuant to 47 CFR § 73.3526(e)(11)(ii) and changes the Federal Communications Commission made in July 2019, broadcasters, cable operators and DBS operators are permitted to file their certifications of compliance with the commercial limits for children's programming under the Children's Television Act annually rather than quarterly. Certifications must be filed within 30 days after the end of the calendar year. Accordingly, we now will be providing affiliates with Children's Television Act commercial limit compliance certifications on an annual basis in January 2024.

Sincerely,

* "The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for stations that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day. Further, TBN's multicast channel, Enlace (a Spanish language service), also provides additional Children's Programming.

* "The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for stations that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day. Further, TBN's multicast channel, Enlace (a Spanish language service), also provides additional Children's Programming.
