Message Body:

Hi Jim and Justin

Listening to the show from Greater London England on my work computer, between calls.

It's very picky on where I can go on the web, we use a VPN, but it loves WION i1430 :)

You are sounding truly amazing in Am Stereo 'As usual'

Jim, that fantastic voice of yours is sounding silky smooth again...Hooray!

Absolutely love the new website! Huge pat on the back for Scott!

Keep up the Excellent work!

Kindest Regards

Jon B
