MUST-CARRY OR RETRANSMISSION CONSENT ELECTION

WNMN made no election between must-carry or retransmission consent, for either cable television or satellite, for the periods covering 2007-2008 (when it was a new station), 2009-2011, 2012-2014 or 2015-2018.

Therefore, by default, WNMN was and is a must-carry station on cable and a retransmission consent station on satellite during all four election cycles.
