**WCMX AM**

1000 AM Leominster, MA

4th Quarter 2023

October 1 – December 31, 2023

George Small  
Station Manager

The following issues are being addressed through our broadcasts.

### 1. EDUCATION

We at Renuevo AM believe that a good Biblical education is the foundation of a rewarding and satisfying life (Jesus said that he came to give life and that abundantly!). Education is important because the more knowledgeable we are about God the better equipped we are to make life decisions that will benefit us (and other) in the long-term. We also believe that, in addition to studying God's word, it is important that our children are getting a good education in schools and that our undergraduate and graduate students are being taught unbiased truth in their learning institutions. So we encourage people to stand up for truth and fight for good teachers in educational systems.

### 2. THE ECONOMY & EMPLOYMENT

Renuevo AM tries to provide programming that encourages our listeners to make wise financial decisions through good financial stewardship and to put their trust in God knowing that he provides for our needs.

### 3. FAMILY & MARRIAGE

Renuevo AM understands that no family situation is perfect. We desire to provide programming that addresses all types of issues for struggling families. But our solution to these issues is found in Biblical principles and spiritual wisdom not just in psychologists and self help books. We strongly promote a family first structure of living with a high value put on Biblical marriage.

### 4. RELIGIOUS FREEDOM

At Renuevo AM we are doing our best to educate people that religious and constitutional freedoms are often an issue in schools and there is a constant struggle to take God out of the schools. RenewFM brings programming that addresses the true heart issues of fear, religious freedom and security.

### 5. PUBLIC SAFETY

Whether our listeners have to deal with icy roads, blazing fires or windy weather, we want them to be well equipped for anything that could come their way. So we provide programming to deal with some of the safety issues in hopes that it may just save a life one day. That's why it's important to us that listeners be aware of safety hazards within their homes, cars, and workplaces.

***“Regular Programming”*** are programs from around the world produced by more than 8 pastors, teachers and/or ministries. They unquestionably address our broadcast issues on a daily basis.

***“Special Interviews”*** is a locally produced program focusing on issues, informing the community and encouraging education that relates to the station's city and county of license (we receive no financial reimbursement).

**“Renuevo AM”** - WCMX AM
