**October 1 - October 31, 2009**

## **AIRDATE: October 1**

**Topic: IMMIGRANT LAY-OFFS** **Duration: 30 sec**  
**Synopsis:** A clothing manufacturer with a vast garment factory in downtown Los Angeles is firing about 1,800 immigrant employees in the coming days - more than a quarter of its workforce- after a federal investigation turned up irregularities in the identity documents the workers presented when they were hired. The lay-offs at the American Apparel company have become a showcase for the Obama administration's effort to reduce illegal immigration by forcing employers to dismiss unauthorized workers rather than through workplace raids.

**Topic: CENSUS 2010** **Duration: 30 sec**  
**Synopsis:** U.S. Census Bureau Director Robert Groves joined prominent Latino groups, labor and faith leaders and leading national Spanish-language media partners today to outline a historic campaign to ensure a full and accurate 2010 Census count of the estimated 50 million Latinos living in the United States. Members of the coalition - called the "Ya es Hora !HAGASE CONTAR!" Campaign - previewed a series of public service announcements that will begin airing today on major Spanish language media.

## **AIRDATE: October 2**

**Topic: MORE UNEMPLOYMENT** **Duration: 30 sec**  
**Synopsis:** The unemployment rate has hit another 26-year-high. The Labor Department says 263-thousand jobs were lost last month, raising the unemployment rate to nine-point-eight percent. That's up one-tenth of a percent from August. Congress today is holding a joint economic committee meeting on the new numbers. Many economists have said there are signs the economy is growing again, but today's jobs report shows job losses could continue well into the recovery, limiting the strength of any economic turnaround.

**Topic: IMMIGRATION REFORM** **Duration: 30 sec**  
**Synopsis:** Although President Obama has put off an immigration overhaul until next year, the federal agency in charge of approving visas is planning ahead for the possibility of giving legal status to millions of illegal immigrants, the agency's director said Thursday. Obama has told immigration officials that a legalization program would be part of legislation the White House would propose, said Mr. Mayorkas, who became director in August. The agency's goal, he said, is to be ready to expand rapidly to handle the gigantic increase in visa applications it would face if the legislation, known as Comprehensive Immigration Reform, passed Congress.

## **AIRDATE: October 3**

**Topic: HEALTH REFORM / EMPLOYMENT** **Duration: 30 sec**  
**Synopsis:** Administration officials say President Barack Obama is looking at ways to ease the burdens of laid-off workers, including possible extension of unemployment and health benefits. With the jobless rate continuing to climb, the President said in his weekly radio and Internet address that he is exploring "additional options to promote job creation." Administration aides say the options include extending enhanced unemployment-insurance benefits beyond Dec. 31, when they are set to expire. Another option is to extend a tax credit for laid-off workers who buy health insurance through the COBRA program.

Topic: **FLU VACCINE** Duration: 30 sec  
Synopsis: The largest U.S. supplier of seasonal flu vaccines says it's running behind on shipping vaccine for the regular, seasonal flu partly because of the crunch to produce millions of doses of the swine flu vaccine. The pharmaceutical company Sanofi Pasteur says it has shipped more than half of the 50 million doses of seasonal flu vaccine ordered by U.S. health care providers. But the French company has sent notices to customers indicating that additional doses may be delayed. Company spokeswoman Donna Cary says it could be November before some customers get the rest of their orders.

Topic: **PREGNANT WOMAN AND INFLUENZA** Duration: 30 sec  
Synopsis: A national coalition of health care and information providers for pregnant women and children has an urgent message for pregnant women concerning influenza. The normal changes of pregnancy make pregnant women at increased risk of the harmful effects of flu infection. Pregnant women are at increased risk for serious disease and even death from pandemic H1N1 influenza infection. Pregnant women, who have flu-like symptoms such as fever, cough and sore throat should contact their pregnancy care provider immediately so that flu medications can be started and further instructions can be given by their provider. They may also begin treating their fever with acetaminophen.

#### **AIRDATE: October 4**

Topic: **US VISA LOTTERY** Duration: 30 sec  
Synopsis: Each year, the Diversity Lottery (DV) Program makes 55,000 immigrant visas available through a lottery to people who come from countries with low rates of immigration to the United States. Of such visas, 5,000 are allocated for use under NACARA beginning with DV '99. The State Department (DOS) holds the lottery every year, and randomly selects approximately 110,000 applicants from all qualified entries.

Topic: **FLU VACCINE** Duration: 30 sec  
Synopsis: Days before the swine flu vaccine becomes available, more than half of U.S. adults say they will get the vaccine for themselves and 75 percent will get it for their children, according to a survey released Friday. The team at the Harvard School of Public Health found forty percent said they would not get the H1N1 vaccine. The survey conflicts with one published earlier this week by Consumer Reports showing only 35 percent of Americans would definitely have their children vaccinated. The Harvard researchers polled 1,042 U.S. adults for what they said was a representative sample of national opinion late last month.

#### **AIRDATE: October 5**

Topic: **H1N1 VACCINES** Duration: 30 sec  
Synopsis: Vaccinations against the H1N1 swine flu virus began in the United States this week as part of the Obama administration's mass immunization effort to help limit the worst effects of the pandemic. The U.S. Centers for Disease Control and Prevention expects up to 7 million doses of vaccine by the end of this week, mainly AstraZeneca unit MedImmune's nasal spray. The U.S. government has ordered vaccine from five companies: Sanofi-Aventis SA, CSL Ltd, Novartis AG, GlaxoSmithKline and MedImmune.

Topic: **CENSUS AND IMMIGRATION RAIDS** Duration: 30 sec  
Synopsis: With the 2010 census six months away, the Commerce Department said Thursday it won't seek a halt to raids as it did in the previous census in hopes of improving participation in hard-to-count communities. In a statement, the department said it is committed to an accurate count of U.S. residents, including both legal and illegal immigrants. Spokesman Nick Kimball said officials will not ask the Homeland Security Department to stop large-scale immigration raids during the high stakes count that begins April 1.

### Airdate October 6

Topic: **H1N1 VACCINE** Duration: 30 sec  
Synopsis: Vaccination against the H1N1 swine flu is off to a slow start in the United States, but states have ordered more than 2 million doses of mostly nasal spray for the first patients, a top health official said Tuesday. Dr. Thomas Frieden, director of the U.S. Centers for Disease Control and Prevention, told a news briefing every state has ordered a share of the pandemic vaccine.

Topic: **MORE CASES OF AUTISM** Duration: 30 sec  
Synopsis: Federal health officials say greater awareness and broader definitions in spotting autism in younger children may explain some of the increase in the proportion of children with disorders. Two new government studies indicate about 1 in 100 children have autism disorders, higher than a previous estimate of 1 in 150.

### Airdate October 7

Topic: **HEALTH CARE POLL** Duration: 30 sec  
Synopsis: A new poll suggests public opinion on health care legislation is now an even split and a solid gain for Democrats after September results showed 49 percent opposed. The latest Associated Press-GfK poll has found that the opposition to Obama's health care remake dropped dramatically in just a matter of weeks. Still, Americans remain divided over the complex legislation. The poll finds the public is now split 40-40. In September, only 34 percent of those polled supported the effort. Anger about health care boiled over during August town hall meetings.

Topic: **AIRLINES SURCHARGE** Duration: 30 sec  
Synopsis: Flying around the holidays is already more expensive and could get more so. Several big airlines have added \$10 surcharges for busy days around the holidays. Last month airlines added a \$10 each-way surcharge for Nov. 29 (the Sunday after Thanksgiving) and Jan. 2 and 3. Now, FareCompare.com CEO Rick Seaney notes that the same airlines have added 10 more days: Nov. 30; Dec. 19, 26, and 27; March 14, 20, 21, 28; April 11; and May 28. He said the surcharges have been added by Delta Air Lines and Northwest, American Airlines, United Airlines, Continental Airlines and US Airways. Seaney said discounters such as Southwest and JetBlue appear to be avoiding the surcharges.

Topic: **FLU/VACCINE** Duration: 30 sec  
Synopsis: U.S. Health and Human Services Secretary Kathleen Sebelius Wednesday sought to dispel fears about the H1N1 swine flu vaccine, declaring it safe and urging parents to take precautions against the pandemic. Sebelius was seeking to ease worries about the vaccine to target the new strain of influenza that is spreading around the world and she urged the public to visit flu.gov for more information. Sebelius said it was important to protect the more vulnerable population such as children and pregnant women from the H1N1 flu.

Topic: **IDENTITY THEFT RING BUST** Duration: 30 sec  
Synopsis: According to AP the FBI is making dozens of arrests in the U.S. and overseas to crack an identity theft ring that victimized thousands of people. Laura Eimiller, an FBI spokeswoman in Los Angeles, says agents are making arrests Wednesday morning in Southern California, Nevada, North Carolina and overseas. They allegedly used computer intrusion and fraud to obtain personal information that allowed them to withdraw money from bank accounts. In "phishing," people answering an e-mail are directed to a bogus Web site where they are asked to update personal information, such as passwords and account numbers.

Topic: **YOUTH VIOLENCE EPIDEMIC** Duration: 30 sec  
Synopsis: US Attorney General Eric Holder and Education Secretary Arne Duncan made a trip to Chicago to meet with city leaders to discuss youth violence in the wake of the beating death of 16-year-old Derrion Albert. Holder says youth violence is an American problem and not just a Chicago problem. He says the nation was shocked at the violence on the video that captured Albert's fatal beating.

Topic: **SOCIAL SECURITY NO MATCH RULE** Duration: 30 sec  
Synopsis: The Department of Homeland Security (DHS) today formally issued a final rule rescinding the Social Security "no match" rule. The "no match" rule, which was never implemented, would have forced employers to fire workers based on discrepancies in their Social Security records. DHS first announced its plan to rescind the rule in July, and with today's publication of a final rule in the Federal Register, the rescission will go into effect in 30 days.

Topic: **ARPAIO LOSES POWER** Duration: 30 sec  
Synopsis: Maricopa County Sheriff Joe Arpaio has lost the power to arrest a person solely because of his or her immigration status but said he will continue conducting crime suppression sweeps that target illegal immigrants. Arpaio said the federal government has stripped the Maricopa County Sheriff's Office of the power to enforce federal immigration law in the field. Instead, the sheriff plans to use a state law to arrest illegal immigrants.

#### **Airdate October 8**

Topic: **HEALTH CARE REFORM LATEST** Duration: 30 sec  
Synopsis: Despite a report from the Congressional Budget Office that the plan would reduce federal deficits by \$81 billion over a decade, Republicans aren't ready to count on any savings from the health reform measure emerging from the Senate Finance Committee. Senate GOP leader Mitch McConnell says Democrats are going to fatten up that bill as it proceeds through Congress. He predicts that it will "never see the light of day." According to the Congressional Budget Office report, Senate Majority Leader Harry Reid has announced that the Finance Committee will vote Tuesday on the proposal that would expand coverage to 94 percent of eligible Americans.

Topic: **BLOOMBERG ON IMMIGRATION** Duration: 30 sec  
Synopsis: Michael Bloomberg announces plan to support immigrants in the five boroughs. The mayor's plan will ensure that immigrants can contribute fully to our economy and are integrated into civic life, that the children of immigrants are properly educated, and policies to protect immigrants from exploitation. Bloomberg today unveiled a plan to better protect and assist immigrants living in the five boroughs.

Topic: **CREDIT CARD REFORM** Duration: 30 sec  
Synopsis: Rep. Barney Frank says Congress should move up the enactment date of its credit card reform bill to Dec. 1 because banks are raising rates on customers. Last spring, Frank helped push a bill through Congress that imposes strict new rules on lenders, including a limitation on when and how banks hike rates. Most of the rules will take effect in mid-February, a date set by Congress to give banks time to prepare for the changes.

Topic: **UNEMPLOYMENT BENEFITS** Duration: 30 sec  
Synopsis: The House approved on Sept. 23 a bill that would extend benefits by up to 13 weeks for jobless workers living in 27 states, plus the District of Columbia and Puerto Rico, with unemployment rates of 8.5 percent or higher. A look at the states in the House measure as the Senate considers extending benefits to all 50 states.

### Airdate October 9

Topic: **MORE SWINE FLU CASES** Duration: 30 sec  
Synopsis: Health officials say swine flu activity is picking up, with 37 states now reporting widespread cases. Officials with the federal Centers for Disease Control and Prevention reported Friday that the count is up from 27 states the previous week. The figures suggest a leveling off of flu activity the previous week may have been short-lived. Meanwhile, CDC officials say states have ordered 3.6 million doses of swine flu vaccine for a campaign that started this week.

Topic: **FORECLOSURE AID** Duration: 30 sec  
Synopsis: The Obama administration's mortgage relief program has hit its goal of helping 500,000 borrowers, almost a month ahead of schedule. The government in July gave the lending industry a Nov. 1 deadline to meet that goal for the \$50 billion program, which is designed to reduce foreclosures by lowering borrowers' monthly payments to more affordable levels. The lenders hit the government's goal on Oct 6, officials said Thursday.

### Airdate October 10

Topic: **HEALTH CARE REFORM LATEST** Duration: 30 sec  
Synopsis: President Barack Obama said Saturday he's seeing "unprecedented consensus" behind overhauling health care, though he acknowledged continued partisan gridlock in Congress. "The historic movement to bring real, meaningful health insurance reform to the American people gathered momentum this week as we approach the final days of this debate," Obama said Saturday in his weekly radio and Internet video address. The consensus "includes everyone from doctors and nurses to hospitals and drug manufacturers" -- even Republican governors and former GOP lawmakers, Obama said.

Topic: **OBAMA "DON'T ASK DON'T TELL"** Duration: 30 sec  
Synopsis: The climate for passing gay civil rights laws has never been better, but it could be a decade before another chance comes around, the highest-ranking openly gay official in the Obama administration said Friday. A House vote Thursday put Congress on the verge of significantly expanding hate crimes law to make it a federal crime to assault people because of their sexual orientation. Later this year, Congress is expected to hold hearings on a measure prohibiting workplace discrimination -- including decisions about hiring, firing and wages -- based on sexual orientation or gender identity.

Topic: **BORDER FENCE** Duration: 30 sec  
Synopsis: A provision that would set up another 300 miles of tall fencing along the U.S.-Mexico border has been stripped from an appropriations bill. A Texas congressman says it represented "an unproductive and inefficient border security strategy" that is "out of touch with border needs." Seven border state congressmen asked the House leadership in July to strip the amendment from the final bill. As of the end of June, there were about 633 miles of pedestrian and vehicle barriers along the U.S.-Mexico border, which runs 2,100 miles. Many of the gaps in the fencing are in Texas, where landowners continue to fight the government.

### Airdate October 11

Topic: **GAY RIGHT** Duration: 30 sec  
Synopsis: Thousands of gay rights supporters have marched from the White House to the Capitol. They demanded that President Barack Obama keep his promises to allow gays to serve openly in the military and to work to end discrimination against gays. Rainbow flags and homemade signs dotted the crowds filling Pennsylvania Avenue in front of the White House. Many children were also among the demonstrators. A few counter-protesters also joined the crowd.

Topic: **VACCINES H1N1**

Duration: 30 sec

Synopsis: A top U.S. health official says the risks from not getting the swine flu vaccine are greater than any potential risks associated with the vaccine. Dr. Anne Schuchat of the Centers for Disease Control and Prevention says she's surprised by all the misinformation going around about the new vaccine. She says a good safety record from past vaccines bodes well for the swine flu vaccine now becoming available.

#### **Airdate October 12**

Topic: **BILL TO RAISE INSURANCE**

Duration: 30 sec

Synopsis: The health insurance industry is striking back against the Senate's current plan for health care reform claiming that the plan will not only fail to reduce costs but will actually increase the cost of coverage for the privately-insured by thousands of dollars a year. Over the weekend America's Health Insurance Plans, an industry trade group, released to its members a PricewaterhouseCoopers analysis which projected that the current Senate legislation would cause premiums for families to increase by \$4000 by the year 2019.

Topic: **IMMIGRATION REFORM BILL PREVIEW**

Duration: 30 sec

Synopsis: Hispanic lawmakers in the House are writing an immigration reform bill that will outline the minority community's position before the debate begins in Congress. The House and Senate are not expected to take up comprehensive immigration reform until next year, but those involved in writing the bill say the legislation being prepared by Rep. Luis Gutierrez, D-Ill., will lay down a marker on what is expected. Members of the Congressional Hispanic Caucus are behind the effort to lay a legislative blueprint.

Topic: **CENSUS CITIES**

Duration: 30 sec

Synopsis: With the 2010 census looming, major U.S. cities whose residents are at high risk of being missed are struggling with a shortage of money and manpower to prepare for an accurate count. A study by the Pew Charitable Trusts, released Monday, examined preparation efforts in 11 major cities. It found only five cities had committed public funds to census outreach -- Los Angeles, New York, Houston, Phoenix and Baltimore.

Topic: **US SWINE FLU LATEST**

Duration: 30 sec

Synopsis: The rising swine flu death toll among children has reached disturbing heights. The H1N1 virus is blamed for the deaths of 19 children over the past week, a total of 76 overall, about the number which usually die in an entire flu season ending in May. The American Medical Association comes out with its own report focusing on two major themes: children, and how to handle a massive influx of patients if the virus runs out of control.

Topic: **ECONOMY SURVEY**

Duration: 30 sec

Synopsis: The worst U.S. recession since the Great Depression has ended, but weak household spending as the labor market struggles to create jobs will slow the pace of the economy's recovery, according to a survey released Monday. The survey of 44 professional forecasters released by the National Association for Business Economics, also known as the NABE, found that 80 percent of the respondents believed the economy was growing again after four straight quarters of declines.

#### **Airdate October 13**

Topic: **HEALTHCARE/SENATE**

Duration: 30 sec

Synopsis: Now that the Senate Finance Committee has approved its version of healthcare reform legislation, Senate Democratic leaders will merge it with a more liberal bill passed earlier by the Senate Health, Education, Labor and Pensions Committee.

Topic: **IMMIGRATION REFORM** Duration: 30 sec  
Synopsis: Immigrants, workers, union leaders and advocates of progressive immigration reform from 10 cities nationwide converge at the U.S. Capitol on Tuesday to call for action in Congress. Activists will gather in the morning at the Church of the Reformation in D.C., and then proceed to Congress to speak to their representatives about supporting immigration reform.

Topic: **PROSTATE CANCER** Duration: 30 sec  
Synopsis: U.S. researchers said that men who have less invasive prostate cancer surgery - often done robotically -- are more likely to be incontinent and have erectile dysfunction than men who have conventional open surgery,.

Topic: **DIABETES STUDY** Duration: 30 sec  
Synopsis: People who live in neighborhoods with safe sidewalks, ample parks, good public transportation and ready access to fresh fruits and vegetables are 38 percent less likely to develop diabetes than others, U.S. researchers said Monday. They said unlike a lot of other factors that influence Diabetes, creating a healthy neighborhood is one thing policymakers can do to address the epidemic of diabetes, which costs the United States more than \$116 billion in medical expenses each year.

#### **Airdate October 14**

Topic: **CENSUS 2010** Duration: 30 sec  
Synopsis: The Commerce Department and Census Bureau declared Tuesday that an amendment by Sen. David Vitter, R-La., to require the 2010 census to ask all persons their citizenship and immigration status would scuttle any chance that the census could be done on time and would cost taxpayers hundreds of millions of dollars.

Topic: **SWINE FLU LATEST** Duration: 30 sec  
Synopsis: Vaccine maker Sanofi Pasteur said test results of its swine flu vaccine suggest that children under 10 may need two shots to be fully protected. The U.S. Centers for Disease Control and Prevention said the news is not surprising, since this age group needs two doses of regular seasonal flu vaccine for full immunity to develop.

Topic: **BEEF RECALL** Duration: 30 sec  
Synopsis: The Department of Agriculture's Food Safety and Inspection Service said that no illnesses have been reported from the products sold by San Diego Meat Co. The recall applies to 15-pound cases of ground beef patties and 10-pound bags of bulk ground beef produced between Oct. 7 and Oct. 12 and sold to San Diego County-area caterers and restaurants.

Topic: **NEW IMMIGRATION RULE** Duration: 30 sec  
Synopsis: A federal judge has ruled that adult children who turn 21 while waiting for family-sponsored green cards have to wait anew once they "age out" of their parents' applications. U.S. District Judge James Selna ruled in Los Angeles against a group of immigrants with green cards who sued the federal government, arguing a 2002 law means grown children should be allowed into the country when their parents file new paperwork on their behalf.

Topic: **FORD RECALL** Duration: 30 sec  
Synopsis: Ford Motor Co is expanding its largest ever recall -- involving faulty cruise control deactivation switches that have caused fires -- by 4.5 million vehicles, regulators and company officials said Tuesday. The action effectively closes out a 10-year saga over the switches made by Texas Instruments that has led to more than a half-dozen recalls at Ford covering 14 million registered vehicles, the automaker said in a letter to the National Highway Traffic Safety Administration (NHTSA).

### **Airdate October 15**

Topic: **MORE FORECLOSURES** Duration: 30 sec  
Synopsis: U.S. foreclosure filings climbed to a record in the third quarter as lenders seized more properties from delinquent borrowers, according to RealtyTrac Inc. A total of 937,840 homes received a default or auction notice or were repossessed by banks, a 23 percent increase from a year earlier, the Irvine, California-based seller of default data said today in a report. One out of every 136 U.S. households received a filing, the highest quarterly rate in records dating to January 2005.

Topic: **CIGARETTE FEDERAL LAW "LIGHT"** Duration: 30 sec  
Synopsis: The National Cancer Institute states that smokers will compensate for the lower level of nicotine in light cigarettes by inhaling more deeply, taking larger, more rapid, or more frequent puffs, and smoke extra cigarettes each day. The National Cancer Institute also states that, "researchers also found that the strategies used by the tobacco industry to advertise and promote light cigarettes are intended to reassure smokers, to discourage them from quitting, and to lead consumers to perceive filtered and light cigarettes as safer alternatives to regular cigarettes."

Topic: **TYLENOL AND VACCINES** Duration: 30 sec  
Synopsis: A new study suggests that giving babies Tylenol to prevent fever when they get vaccinated may make the shots a little less effective. It's the first major study to tie reduced immunity to the use of fever-lowering medicines. The study only looked at preventive use of Tylenol -- not whether it is OK to use after a fever develops. The effect was small and the vast majority of kids still got enough protection from vaccines. But doctors at the U.S. Centers for Disease Control and Prevention say the results make "a compelling case" against routinely giving Tylenol right after a shot.

### **Airdate October 16**

Topic: **IMMIGRATION ENFORCEMENT** Duration: 30 sec  
Synopsis: The Homeland Security Department says it has completed agreements with 55 state and law enforcement agencies to help arrest and deport immigration violators. But one of those agreements would limit Maricopa County, Ariz., Sheriff Joe Arpaio and his deputies to checking only the immigration status of jail inmates. Arpaio is the subject of a Justice Department investigation triggered by complaints of racial profiling.

Topic: **INFLUENZA LATEST** Duration: 30 sec  
Synopsis: The swine flu is causing an unprecedented amount of illness so early in the fall -- and federal health officials said Friday that 11 more children have died in the past week. The Centers for Disease Control and Prevention says about half of the child deaths since September have been among teenagers. And overall for the country, deaths from pneumonia and flu-like illnesses have passed what CDC considers an epidemic level. About 6 percent of all doctor visits are for flu-like illnesses, levels not normally seen until later in the fall. Also the vaccination has been slow because of production of time frame.

Topic: **ARPAIO: MORE RAIDS** Duration: 30 sec  
Synopsis: Maricopa County Sheriff Joe Arpaio has launched a crime and immigration sweep in the Phoenix area, less than a day after officials in Washington limited his powers to make federal immigration arrests. The federal government stripped the controversial Arpaio of his power to let 100 deputies make such arrests but renewed another deal that lets 60 jail officers determine the immigration status of people in jail. The sweeps Friday in some heavily Latino areas have drawn criticism that Arpaio's deputies racially profile people, a charge that the sheriff denies. Arpaio says his deputies can still detain illegal immigrants as long as they are turned over to federal authorities within a day or two.

#### **Airdate October 17**

Topic: **OBAMA HEALTH** Duration: 30 sec  
Synopsis: Top White House advisers Valerie Jarrett and David Axelrod are saying President Barack Obama still believes a government-run health care option would best meet his reform goals. But they say he's not demanding that it be in the overhaul legislation. The White House and lawmakers are trying to blend five versions of health care legislation into something that will pass Congress.

Topic: **DEATH FROM INFLUENZA** Duration: 30 sec  
Synopsis: Hospitals, churches, firehouses and even taxi companies are loading up on hand sanitizer, changing behavior and taking other steps to prevent the spread of swine flu. Bottles of hand sanitizer are within sight of passengers in all 16 taxis operated by Yellow Cab of Iowa City. When people filed into Church of Our Saviour on Sunday in Cocoa Beach, Fla., they bumped fists with priest Sean Heslin instead of shaking hands. Many workplaces and other spots where people gather urge hand-sanitizer use and frequent hand washing.

Topic: **IMMIGRATION RAID by ARPAIO** Duration: 30 sec  
Synopsis: The so-called "toughest sheriff in America" is at it again. This time Sheriff Joe Arpaio has launched a sweep of illegal immigrants in his home base of Maricopa County, Arizona. Saturday was day two of his crackdown, which has lead to friction with federal authorities.

#### **Airdate October 18**

Topic: **FAKE DRUGS SALE ON INTERNET** Duration: 30 sec  
Synopsis: A New York congressman has issued a warning about con artists selling fake flu drugs online. Democrat Anthony Weiner says people may be so worried about the swine flu outbreak and what officials say is a temporary vaccine shortage, that they'll take a risk buying drugs online without thinking about it. He says his office easily found sites selling fake flu drugs. Weiner says FDA investigators saw some that turned out to be acetaminophen, the active ingredient in the over-the-counter pain killer Tylenol. Weiner says buyers need to be sure an online site is legitimate and requires a prescription.

Topic: **FREE VACCINE IN NEW MEXICO** Duration: 30 sec  
Synopsis: To keep New Mexicans healthy, U-N-M Health Services is offering free flu shots at clinics each weekend from now until Thanksgiving. Plenty of people took advantage without leaving the comfort of their cars. Directing the heavy flow of traffic at the U-N-M drive-thru flu clinic is a busy job. As car after car drove up, nurses worked efficiently, vaccinating as many people as possible. Drive-thru clinics are great for people who have trouble getting around. Hospital officials advise getting your shot as soon as possible.

Topic: **IMMIGRATION REPORT**

Duration: 30 sec

Synopsis: Some state and local police are having second thoughts about working with the federal government to enforce immigration laws. Under what's known as the 287(g) program, agencies sign a voluntary agreement with Immigration and Customs Enforcement (ICE) and are trained to check legal status of prisoners and crime suspects, and to initiate deportations. The contract can specify enforcement in jail, in the community or both. Several police agencies have complained that new rules set by the Obama administration would cost too much time and money and, in some cases, damage their relationship with immigrants.

#### **Airdate October 19**

Topic: **BANKRUPTCY FILING DELAYS CHURCH SEX ABUSE CASE** Duration: 30 sec

Synopsis: A high-profile sex abuse case that was set to start Monday against Delaware's Catholic Diocese of Wilmington and a former priest will be delayed after the church filed for federal bankruptcy protection. The bankruptcy filing late Sunday automatically delays the case in Kent County Superior Court, the first of eight consecutive abuse trials scheduled in Delaware.

Topic: **OBAMA ADMINISTRATION AND MEDICAL MARIJUANA** Duration: 30 sec

Synopsis: The Justice Department is set to issue new policy guidelines on medical marijuana Monday. Two department officials described the new policy to The Associated Press, saying federal prosecutors will be told it is not a good use of their time to arrest people who use or provide medical marijuana in compliance with state laws. The new policy is a significant departure from the Bush administration, which insisted it would continue to enforce federal anti-pot laws regardless of state codes. Fourteen states allow some use of marijuana for medical purposes.

Topic: **WHITE HOUSE CASTS DOUBT ON AFGHAN RELIABILITY** Duration: 30 sec

Synopsis: A senior aide says President Barack Obama will not commit more U.S. troops to Afghanistan until he's convinced the central government can be a credible and effective U.S. partner. In Sunday talk show interviews, White House chief of staff Rahm Emanuel repeatedly underlined doubts about the Kabul government as a reliable partner for the U.S. Emanuel did not answer directly when asked whether Obama would wait for a final election outcome before deciding U.S. troop levels in Afghanistan. The issue of developing an effective Afghan central government has dogged the U.S. mission virtually from the war's beginning.

#### **Airdate October 20**

Topic: **SCHOOL LUNCHES**

Duration: 30 sec

Synopsis: Improving nutritional value of U.S. school food programs by increasing servings of fruits, vegetables and whole grains could increase the cost of breakfast by as much as 25 percent and lunch by 9 percent, according to a report released on Tuesday. A report from the Institute of Medicine, an arm of the National Academies, proposed updating school meal programs to meet nutritional needs and foster better eating habits, but recognized healthier, fresher ingredients would boost costs, especially at breakfast where fruit servings would increase.

Topic: **HEALTHCARE POLL**

Duration: 30 sec

Synopsis: A new poll suggests more and more Americans are worried about losing their current health care coverage. As the health care debate nears the floor of the Senate, the poll from the nonpartisan Robert Wood Johnson Foundation finds conflicting views on whether an overhaul will help, make things worse or do nothing. About one-third of respondents say they're worried about losing current coverage in the next 12 months. That's a slight increase from 29 percent in August. The share who say they're worried has gone up by 11 percentage points since spring.

Topic: **STATES CAN'T AFFORD DEATH PENALTY** Duration: 30 sec  
Synopsis: At 678, California has the nation's largest death row population, yet the state has not executed anyone in four years. But it spends more than \$130 million a year on its capital punishment system -- housing and prosecuting inmates and coping with an appellate system that has kept some convicted killers waiting for an execution date since the late 1970s. This is according to a new report that concludes that states are wasting millions on an inefficient death penalty system, diverting scarce funds from other anti-crime and law enforcement programs.

Topic: **UNEMPLOYMENT BENEFITS** Duration: 30 sec  
Synopsis: A coalition of Democratic senators wants to extend unemployment benefits for Americans who are out of work. If approved, the measure would keep unemployment checks coming for an additional 14 weeks.

Topic: **IMMIGRATION LAWSUIT** Duration: 30 sec  
Synopsis: A Miami lawyer will be filing a lawsuit against Immigration because they deported the husband of one of his clients that was here under TPS. ICE deported him because he had a previous order of deportation but the lawyer says that they made a mistake and that is the reason for suing.

Topic: **OBAMA SMALL BUSINESSES** Duration: 30 sec  
Synopsis: President Barack Obama is expected to announce a series of initiatives Wednesday aimed at boosting credit to small businesses, an administration official said, as the White House tries to address a thorny problem which many believe is a continuing drag on the economy. The White House will move to increase the caps on existing Small Business Administration loans. It will also include measures to make it easier for small banks to access funds from the Troubled Asset Relief Program. The Obama administration has struggled to figure out what to do for small businesses and has spent months trying to get its initial program off the ground.

Topic: **OBAMA SMALL BUSINESSES** Duration: 30 sec  
Synopsis: President Barack Obama unveiled plans Wednesday to refocus spending of the government's \$700 billion financial bailout away from Wall Street's big financial institutions and toward small businesses on Main Street. Speaking in a small business near Washington, Obama said the initiatives would make it easier for smaller community banks to provide credit to small businesses, which have been hard-hit by the financial crisis. The president's plan also includes a request that Congress increase caps for existing Small Business Administration loans.

Topic: **IMMIGRATION SAN FRANCISCO** Duration: 30 sec  
Synopsis: Undocumented youths arrested on felony charges in San Francisco would have to be convicted before police could turn them over to federal immigration officials under a new policy approved by the San Francisco Board of Supervisors. The supervisors voted Tuesday to overturn an existing ordinance that allows police to hand over juvenile illegal immigrants after they have been arrested on felony charges. The supervisors' 8-2 vote is enough to override an expected veto from Mayor Gavin Newsom.

Synopsis: Los Angeles County will open the first in a series of swine flu vaccination clinics today, offering free shots to high-risk residents without insurance or a regular source of health care. Fielding has urged residents, especially pregnant women and children, to seek vaccinations from clinics or their doctor. Increasing amounts of H1N1 vaccine are expected to arrive in Los Angeles County on a weekly basis. Public Health's vaccine clinics will provide vaccine free of charge to residents in the H1N1 vaccine priority groups who do not have health insurance or a regular source of health care.

Topic: **HATE CRIME REGULATION**

Duration: 30 sec

Synopsis: Legislation that would extend hate-crimes protection to gays and lesbians cleared the U.S. Congress Thursday. The bill now heads to the White House, where President Obama will sign it into law or reject it because it approves weapons systems that the Pentagon does not want. It passed the Senate by a vote of 68 to 29. The House approved it on Oct. 8.

Topic: **SWINE FLU 1,000 DEATHS**

Duration: 30 sec

Synopsis: Federal health officials say more Americans than ever have gotten their flu shots early. So far, 60 million people have bared their arms for the standard winter flu vaccine. Usually, most don't get the shot until later in the fall. One reason for the greater numbers is more availability of the standard vaccine. Another reason is concerns about swine flu, the vaccine for which is in short supply because of production problems. The Centers for Disease Control and Prevention says more than 1,000 deaths are blamed on swine flu so far. Director Dr. Thomas Frieden says it's more widespread now than ever. The CDC reports 46 states now have widespread flu activity. The only states that don't are Connecticut, Hawaii, New Jersey and South Carolina.

Topic: **OBAMA EMERGENCY FOR SWINE FLU** Duration: 30 sec  
Synopsis: President Barack Obama is making what administration officials are describing as a pre-emptive move against the swine flu. He's declaring the pandemic a national emergency, in an effort to speed treatment to thousands of infected people. Administration officials say the effort is designed to make decisions easier when they need to be made. The declaration authorizes Health and Human Services Secretary Kathleen Sebelius to bypass Federal rules when opening offsite hospital centers.

Topic: **OBAMA STIMULUS** Duration: 30 sec  
Synopsis: President Barack Obama is appealing to banks to lend more money to small businesses. In his weekly radio and Internet address, he says too many small business owners have been unable to get credit despite the Obama administration's efforts to jump-start lending. Obama also mentions the \$700 billion taxpayer-financed financial bailout, and says it's time banks returned the favor by helping small businesses. He also says the administration will "take every appropriate step" to encourage banks to meet those responsibilities. He did not specify what those steps might be.

Topic: **CA: SWINE FLU LONG LINES** Duration: 30 sec  
Synopsis: Many Americans stood in long lines Saturday to get the H1N1 vaccine but in Southern California, residents got vaccinated without ever leaving their cars. Hundreds of people took advantage of a drive-thru clinic at Beach Cities Health District in Redondo Beach. The line of cars stretched along several blocks. Los Angeles County Public Health has scheduled over 200 H1N1 vaccination clinics during the next couple weeks. The first round of vaccines is being given to those in priority groups. They include babies, adults with medical problems, pregnant women, and medical workers.

Topic: **OK DRIVE THRU VACCINES** Duration: 30 sec  
Synopsis: Long lines in Oklahoma City Saturday, showed many believed the best defense against the flu is a good offense. Thousands packed two metro high schools to get free H1N1 shots. Grant High School's freshman Michaela Bailey was first in line at five in the morning. Not everyone seemed to be a huge fan of getting a shot but after it's all said and done, the Oklahoma City County Health Department officials say they vaccinated over 35-hundred people at both the U. S. Grant and Southeast High flu shot clinics.

Topic: **PUBLIC OPTION HEALTH CARE** Duration: 30 sec  
Synopsis: The Nevada Democrat on Monday announced that the Senate's merged health care bill would introduce a government-sponsored program into the health insurance market. But it remains unclear whether Reid, who is facing a tough re-election battle back home, has managed to corral the filibuster-proof 60 votes needed to guarantee passage of a final bill containing a so-called public option. That would include all 57 of his fellow Democratic senators and the two independents who caucus with them.

Topic: **EMERGENCY FOR H1N1** Duration: 30 sec  
Synopsis: Despite long lines and limited supplies of the H1N1 flu vaccine, U.S. efforts against the disease are not too late, Health and Human Services Secretary Kathleen Sebelius said Monday. Sebelius acknowledged frustrating waits to get the vaccine, but said some 16.5 million doses are now being made available, with efforts to get more.

Topic: **NEW JOBS, A GOOD SIGN** Duration: 30 sec  
Synopsis: An economic survey out Monday provides fresh evidence that a fitful recovery is underway as customer demand grows in the third quarter for the first time in more than a year and the jobs outlook brightens a bit. For the first time since the recession began, the portion of companies planning to add employees in the next six months outnumbered those expecting to cut jobs, according to this month's quarterly survey of economists at 78 firms by the National Association for Business Economics.

Topic: **UNEMPLOYMENT BENEFITS** Duration: 30 sec  
Synopsis: Senate Democrats are trying again this week to extend unemployment benefits. Democrats are pushing a bill that would extend expiring benefits for 14 weeks in all states and an extra six weeks in states where unemployment is above 8 1/2 percent. Unhappy with how Democrats' planned to pay for the extended benefits, Republicans refused to let the benefits extension move ahead via unanimous consent.

Topic: **HEALTHCARE OVERHAUL**

Synopsis: Leading Democrats Sunday said they expect Congress to pass a major healthcare reform backed by President Barack Obama, but supporters may have to accept legislation that falls short on some issues. The U.S. Senate Monday is set to begin debate on the sweeping overhaul of the \$2.5 trillion U.S. healthcare system amid growing concerns about the cost of the legislation that aims to provide medical coverage for millions of the uninsured. "We want to cover the uninsured, yes, but we don't want to do it in a way that's going to drive up the costs for folks who currently have it," said Senator Evan Bayh, one of a number of centrist Democrats whose support will be crucial to pass the overhaul in the face of solid Republican opposition.

Topic: **OBAMA AFGHANISTAN**

Synopsis: The centerpiece of President Barack Obama's revised war strategy in Afghanistan is expected to be the deployment of about 30,000 more U.S. troops to secure population centers and to train Afghan security forces to gradually assume control. Washington hopes the buildup, expected to be phased in over the next 12 to 18 months, will create conditions to allow the U.S. troop presence to eventually be scaled back. General Stanley McChrystal, the top U.S. and NATO commander in Afghanistan, has told lawmakers that a troop drawdown could begin by 2013, while the White House said it expected U.S. forces out of the country by 2017-2018.

Topic: **HEALTH CARE - UNEMPLOYED**

Synopsis: A potential health care crisis is looming for thousands of unemployed Americans. A federal subsidy to the COBRA plan ends today. COBRA is the program that allows workers to keep their company's health insurance plan after they leave their job. The economic stimulus bill President Barack Obama signed in February cut the cost of COBRA by 65 percent for workers laid off after Sept. 1 of last year. The aim was to keep the ranks of the uninsured from exploding as unemployment moved toward double digits.

Synopsis: Some Houston charities are asking whether children are in the country legally before giving them toys. In a year when more families than ever have asked for help, several programs providing Christmas gifts for needy children require at least one member of the household to be a U.S. citizen. Others ask for proof of income or rely on churches and schools to suggest recipients. The Salvation Army and a charity affiliated with the Houston Fire Department are among those that consider immigration status, asking for birth certificates or Social Security cards for the children.

Synopsis: Breast ultrasounds found 100% of suspicious cancers in women under 40 who found lumps or other suspicious areas of the breast, offering a cheaper, less-invasive alternative to surgery or biopsies, U.S. researchers said Wednesday. They said targeted ultrasound -- which examines just the area of the breast where a lump is identified -- should become the standard of care for women under 40. The findings may address some of the concerns raised by a federal advisory panel about breast exams done by women or doctors to investigate lumps or hot spots in the breast, which most often turn out to be harmless.

Topic: **NEW HOME SALES DECREASE**

Synopsis: Sales of new homes plunged unexpectedly last month to the lowest level since April, a sign the housing market recovery will be rocky and heavily dependent on the generosity of Uncle Sam. The 11% slump from October's pace shows that consumers are taking their time following an extension of a deadline for first-time buyers to qualify for a tax credit. The incentive was set to expire at the end of November, but Congress pushed back the date to April 30 and expanded the program to include current homeowners who relocate.

Synopsis: Stress is a normal part of life and we all deal with stress in our own way. However, stress is actually on two different levels in some cases, since mental illness fits into the equation. Everyone has to deal with stress and even so-called "normal" minds have the potential to break down. This doesn't mean a person has a mental illness, rather likely means the person is dealing with a complicated problem that isn't a common part of their day. When someone has a nervous breakdown, it's a temporary state of mind and that person is often capable of returning to a normal lifestyle upon receiving corrective treatment.
