Subject: NewsNation FCC Closed Captioning Compliance Certification for Q2 2022

This letter certifies that during the **2nd Quarter of 2022**, based on certifications received from its program providers/syndicators, the video programming either aired on or provided by NewsNation satisfies the captioning requirements of FCC Rule 79.1(b) and the caption quality standards of FCC Rule 79.1(j)(2) (accuracy, synchronicity, completeness and placement), except as noted below:

On June 16, 2022 during *Morning in America* from 6:37am CT – 8:21am CT captions did not air due to multiple equipment failure.

The equipment and technical issue causing the omission above has been resolved. NewsNation will continue to closely monitor our captioning process to prevent future omissions.

If you have any questions or need any further assistance, contact me at cdiazfinch@nexstar.tv.

Sincerely,
Carmen Finch
Programming Supervisor
