

## 2014 First Quarter Report and Community Issues

The following issues were identified in the Summit County Quality of Life Project conducted by the United Way of Summit County, the Akron Community Foundation and The University of Akron as part of the Thriving Community Needs and Assessment Study. Interviews of 183 individual “key informants” as well as 40 in-person interviews of county residents were conducted by the Federation for Community Planning.

Among some of the major findings were:

- ✓ The State of the Economy
- ✓ Scale of Summit County Demographics
- ✓ Politics
- ✓ Human Services
- ✓ Crime
- ✓ Children
- ✓ Education
- ✓ Overall performance of Akron schools

WAKR-WONE-WQMX concentrated programs on the following ten issues for this quarter:

1. The Economy
2. Education
3. Children’s Services
4. Political Leadership
5. Crime and Personal Safety
6. Health Care
7. Race, Religion and Diversity
8. Transportation

## **Need to Know Public Affairs Vignettes**

**These 1:00 news and public affairs vignettes provide community and public service reports generated by the RCRG Newsroom for broadcast on WNWV-HD (WNWV through January 30, 2014.) These reports air at various times on WAKR, WONE and the streams of WAKR, WONE and WQMX.**

SKIN HEALTH there's a dietary solution waiting for all of us dealing with skin damage; Cleveland Clinic nutritionists point out many vegetables have restorative power when it comes to skin health and restoration.

SLED SAFETY there are benefits to being in Northeast Ohio during a snow winter; some of the best sledding hills and valleys east of the Mississippi. But use common sense safety thinking before hitting the gentle slopes to avoid non-gentle injuries.

WOMEN'S HEALTH CHECK all women should see a health provider at least once a year, especially setting a baseline for healthy goals and self-performance. That includes annual PAP and breast exams.

YOGA HEALTH targeting more healthy performance? Think about the role yoga can make in terms of mental, body and spiritual health and well-being. Yoga helps refocus and can help with your thinking.

BODY PART FOODS some foods are better for us than others; for example, cutting open a tomato bears a remarkable resemblance to the chambers of the heart. Doctors say there's often a relationship between how a vegetable or fruit looks compared to the healthy body performance it can deliver.
