

DESIGNATION OF CHIEF OPERATOR

July 10th, 2020

The Federal Communications Commission requires that the Licensee of a TV Broadcast Station designate a person employed by the Station to serve as a Chief Operator. Accordingly, the person named below is the Designated Chief Operator for KCPQ and KZJO. You will be guided in your duties by the FCC Rules, Article 73.1870.

Chief Operator – Jim Belsvig

1-206-674-1389 (office)

1-206-714-7816 (cell)

In the event of the Acting Chief Operator absences, the FCC requires there to be alternate Chief Operators assigned on a temporary basis.

Alternate Chief Operator – Allen Yaden

1-206-674-1385 (Office)

1-303-929-5297 (Cell)

Alternate Chief Operator – Don Featherston

1-206-674-1566 (office)

1-206-513-3452 (Cell)

As required by the FCC, a copy of this letter is kept with the stations Operators licenses and the original is in the public file.

According to the Rules, one of the duties of the Acting Chief Operator is to inspect the Transmitter Operator Logs weekly. This means that the Logs must be inspected before eight days have lapsed since the log was created.

The inspection of the Transmitter Maintenance Logs should be handled in the same way.

The remainder of the responsibilities are outlined in the FCC Rules, Part 73.1870 (c)(1)(3)(4).

Your assignment is to perform the duties of the Chief Operator as defined in the FCC Rules so as to meet compliance with these Rules for both KCPQ and KZJO.

Pam Pearson, SVP/General Manager
