John Mullen  
WRHU Radio  
Hofstra University  
Hempstead, NY 11549

Dear John,

Thank you so much for welcoming our students from Campus Connections for the past two years.

As you know, Campus Connections is a Hofstra Continuing Education program that is in partnership with Community Mainstreaming Associates of Westbury, NY, helping extraordinary people live ordinary lives. Our students, who are graduates of special education programs, have the opportunity to interact with students, faculty and staff here on campus. You have been very generous with your time, as you have led tours of the radio and television studios for our students.

Everyone has enjoyed and learned from these tours, and we at Continuing Ed appreciate your ongoing commitment to this important program.

Thank you!

Warm regards,

Gerry Laytin  
Instructor Continuing Education
