**Subject:** Thank You

John,

Thank you for the hospitality on November 15th. The Audio Production students from Wilson Tech had a great time at the Lawrence Herbert School of Communication.

Your extensive tour and presentation definitely impressed the students who left asked themselves the difficult questions about college, careers and the future.

We also thank you for the lunch your provided as well as the awesome WHRU t-shirt. Overall, our experience was the best to date. It was the most impactful trip these audio students have taken here at tech.  
Thank You again!

---

Michael OToole, Instructor  
The Audio Production Class of 2019
