Marquette City Commission Photo courtesy: [www.mqtcty.org](http://www.mqtcty.org) MARQUETTE, MI (Great Lakes Radio News) Marquette Mayor Johnny DePetro, Commissioner Fred Stonehouse and Manager Bill Vajda joined Great Lakes Radio News Director Walt Lindala today for an exclusive conversation about the County Road 595 project and the impact on truck routes in the city. The conversation came after a special commission meeting held yesterday in Marquette to explore options for the city after the recent discontinuing of the C.R. 595 project in western Marquette County. The city must now contend with up to 100 runs a day by mine haul trucks traveling to and from the Kennecott Eagle Mine to Humboldt Township via C.R. 550 to Sugarloaf Avenue and Wright Street. The runs are expected to begin next year. According to Mayor Johnny DePetro, this new traffic will increase congestion and wear on the city's roadways as well as decrease safety for motorists. DePetro added that the affected roads are not designed for this level of use and would need millions of dollars in reinforcement work. Commissioner Fred Stonehouse said in order for this to be done, the city would have to redirect money from other scheduled roadway construction projects and that is not in the interest of the city. City Manager Bill

Vajda said the commission instructed him to hire an outside attorney to research the creation of a public and private bypass for truck traffic. Vajda said plans also include the updating the current city truck routes and a revision of the city's current truck traffic ordinance. Vajda also discussed why the commission chose to hire an outside attorney for this project and not use the current city attorney, Ron Keefe. In the Right Mind: Sound Off Saturday This Morning On In The Right Mind On Sunny!

Coverage:

March 2, 2013-Dan Adamini From InTheRightMind Listen To The 120 Minute Show Full Show Audio For March 2, 2013 This morning's topics on In The Right Mind on Sunny 101.9 WKQS were the low levels in the Great Lakes, women being allowed in combat, crazy laws on teacher sex in school and MEAP scores being up. Lowest Lake Levels Since 1918 Lowest lake level measured in Lake Huron and Lake Michigan since measured 1918, fell below 1964 level. Part of the problem has been droughts over the years and also dredging of the St. Claire River which lets more water out to the ocean. Dredging the actual lake though hasn't been part of the problem as the sediment does get put back into the lake. Listen Low Lake Level Rant Listen Tide Is Low Listen Low Lake Level Limerick Women Allowed In Combat Women were allowed to be in combat for the military recently and this is a good thing. As women making up 14% this is a big group to have held back in the military. On top of the women being allowed also the standards are going to be the same across the board between men and women. The rule should be simple, if you can do the duty, you should be allowed to participate. Listen Women In Combat Rant Listen She Is Woman Listen Women In Combat Limerick Teacher Sex In School The State Senate passed a new law recently that changes the penal code for the state. One of the changes was that teachers are not allowed to have sex with students unless they are over 18 years of age. The law changed the limit to 21 years of age. This is a crazy that there should even be a limit. Shouldn't it be just that you are not allowed to have sex with students, no matter what the age? Listen Teacher Sex In School Rant Listen Let Me See Your I.D. Listen Teacher Sex In School Limerick MEAP Test Scores Up One of the things that Governor Snyder has done since coming to power is raising the standards for the MEAP tests. There was resistance to the idea of raising the standards but the results this year are up. Scores for the MEAP test are up which proves that if you set the bar higher, people will respond for the better. Listen MEAP Scores Up Rant Listen MEAP Song Indian Mascots There have been groups that have been offended about native group names for school mascots. A local example is that Marquette schools faced criticism about 10 years ago about the Redmen name. The name and the mascot is not being used to be made fun of, but meant to pull people together and have traits to be proud of. Listen Indian Mascot Rant Listen PC Fight Song Callers Caller #1 gave his feelings on the wolves in the upper peninsula feeling that the wolves don't care about the last cow and will even eat themselves. He also mentioned how raising taxes is not conducive for business.

## Coverage:

March 30, 2013-Dan Adamini From InTheRightMindListen To The 120 Minute ShowFull Show Audio For March 30, 2013This morning on In The Right Mind on Sunny the focus of the morning is the war on religion in society today.Religion In SocietyFreedom of religion doesnt mean freedom from religion for the current times, even though the war on Christianity and religion in general is being waged in society. From the schools as Christianity is removed from schools (Christmas break changed to winter break, and so on) its gone almost overboard for how much has been removed. Most people cant even have a sensible conversation because God has been scrubbed clean from society.There are quotes from John Adams and Thomas Jefferson on the role of religion in their lives. The first amendment is more about the government just not endorsing a religion.Listen Religion In Society LimerickUpdates On Previous TopicsCCI is set to shutdown in 2014, the mine for CCI has had a good run and lasted way longer than its expected lifetime. Which is something to remember when the Eagle Mine starts up operation. The wolf issue is still on going as the signatures needed were met to put the issue of the wolf hunt on the ballot. So now the next mission is to educate people!The lake levels are still the lowest since measuring began about 90 years ago. The state though has passed a bill to dredge the harbors so boats can still operate in the waters. Also Lions Field was approved by the Marquette County Road Commission, so the next step is getting the park expansion approved by the Marquette Township Board, give them a call and let your voice be known!Listen CCI Shutdown LimerickCallersCaller #1 called in to wonder why atheists get married in the church. Dan replied that it may be for acceptance by the spouse or family.

He discussed about how hes working on legislation for this as well.Benishek also gave updates on how hes trying to work on streamlining the federal government, which includes the government working with the veterans. Plus the CISPA vote was up recently and he explained why he voted for it.If you want to get a hold of Congressman Benishek you can online at [benishek.house.gov](http://benishek.house.gov)Listen Dan Benishek InterviewListen Dan Benishek LimerickListen Dan Benishek SongInterview With Jim Iwanicki From Marquette County Road CommissionJim Iwanicki In The Studio This MorningJim Iwanicki from the Marquette County Road Commission came in the studio this morning to talk about the issues facing the county roads. He gave stats on the funding of roads and how materials have gone up since the last revenue increase in 1997. Also the moves to slash full time employees to try and save money with the limited funding as well.With the limited funding the road commission still has the same amount of road to maintain. Roads were only designed for about twenty years and the problem is trying to keep up with the aging roads. Iwanicki gave his opinion on the thoughts about the proposals of having the road funding rely more on local governments as well. Plus

he discussed this summer with some of the road work being paid for by the Rio Tinto Mine. Listen Jim Iwanicki Interview Listen County Road Limerick Listen County Road Song Callers Caller #1 commented on when Social Security and Medicaid is going to go to broke. Feels that are budget needs to be changed as income changes and that the problem is that jobs need to be kept in the country. He also commented that he feels the parties are in a stalemate. Caller #2 feels that CISPA does nothing to actually protect the people and the government. It only takes away our liberties and right to privacy but hasn't worked on anything to protect. He sees nothing good out of CISPA. Caller #3 doesn't like the CISPA bill and feels that Benishek, while making some good decisions, has made some bad decisions regarding our area. Caller #4 asked Jim why County Road 595 wasn't put in. Jim answered about why the funding stopped, which was about the EPA's standards.

President Of ABATE Vince Consiglio About a half hour into the program the president of the program ABATE in Michigan Vince Consiglio called in to the program to discuss the issues for motorcyclists and the changes that have been happening in the state since the helmet law took effect. One issue in the past year has been the lack of licensing on the roads for cyclists. 58 percent of the riders in accidents in the state in the past year were found to not have a motorcycle license. Consiglio went on to explain how to get the proper training and certifications for riding a motorcycle. One of the issues with the problem is the enforcement which ABATE is looking at trying to have more done with. Also putting a limit on the number of seasons a rider can have a training permit. Consiglio also mentioned about classes that people can take to be trained and learn properly how to ride a motorcycle. He also mentioned an advanced class that will be taking place in Houghton this summer as well. Since the law has been passed Consiglio has noticed many more different state plates on motorcycles in Michigan and events have been much bigger in years past. Consiglio encourages everyone to look for more information to go to the ABATE website and also the Michigan Secretary of State website as well. Listen Helmet Rant Listen Helmet Limerick Listen Dead Mans Curve Listen Interview With Vince Consiglio Miss Upper Peninsula Kaylyn Kutchie With Dan In The Studio Miss Upper Peninsula Kaylyn Kutchie The newly minted Miss Upper Peninsula USA Kaylyn Kutchie came into the studio in the second hour this morning to talk about her experience. Brown came in to discuss updates for the Catholic Church in Marquette and the Wolf Issue keeps cropping up once again!Wolf Hunt Issue Still GoingThe issue of a wolf hunt in the upper peninsula is still going on but with a new twist. The Michigan Legislature is working a bill through that would make the current referendum moot. Does the end justify the means? Thats a good question to have.There is still a great deal with the idea of having getting the signatures and also having it be up to a vote of the people. Groups usually hire people and will pay people to get signatures and pay by the signature. These people obviously dont care about the wolf hunt.Listen Wolf RantListen Wolf LimerickListen Whos Afraid Of The Big Bad WolfAn Update From Msgr. BrownMsgr. Brown joined Dan in the studio this morning to give an update on the Diocese of Marquette which includes the process of how a new Bishop is selected and how the Diocese will operate until the selection. Msgr Brown also talked about the churchs position on different issues in the news. Brown also discussed the constitution with the issue of church and religion.Listen Interview With Msgr. BrownCallersCaller #1 called in this morning agreeing that there needed to be a wolf hunt. He didnt like the new bill that makes the referendum meaningless.Caller #2 called in discussing the constitution with the issue of religion with Msgr. Brown. May 25, 2013-Dan Adamini From In The Right MindListen To The 120 Minute ShowFull Show Audio For May 25, 2013This morning on In The Right Mind guests Bob Ross and Roger Rhodes joined Dan in the studio to discuss Christian Music Night being cancelled in the Music In The Park series in Marquette and Dan gives the details on the Sawyer International Airport runway situation.Christian Music Refused For Music In The Park SeriesFirst topic this morning was about the Music In The Park

series on Presque Isle in Marquette. The series has been going well for about six years now and there was always a Christian Music Night as one of the nights. This year a person for the city decided that the liability insurance the city has will not be extended to the Christian Night bands, as it usually is for the rest of the bands. Why is there any discrimination for religious music in the series? Will the city be looking at every bands playlist before they play? The only factors were for the music to not promote violence or contain swears to be more family friendly. Guests Bob Ross and Roger Rhodes joined Dan in the studio this morning to talk about their experience as they were told by the city of this and what has to happen for this decision to be reversed. Listen No Christian Music Rant Listen Interview With Bob Ross and Roger Rhodes Listen No Christian Music Limerick 1 Listen No Christian Music Limerick 2 Listen No Christian Music Listen Amazing Grace Runway Shortening Sawyer International Airport At Sawyer International Airport there is talk of the runway being shortened down to about 9,000 feet from the current 13,000 feet. The reason is because of the money and the FAA willingness to match only certain options for the maintaining of the runway. The Department of Transportation is willing to grant money to maintain the runway, but the FAA needs to match to help the airport as well. The FAA will only match to destroy the excess length of the runway, but not to maintain the runway as it currently standing. Only some planes like fully loaded 767s or 737s could not land, and yes Air Force One still could land in Marquette. But this could hurt the prospects of trying to lure a company to use the airport as a hub. Listen Runway Rant Listen Runway Wolves Come Back Up Again Wolves keep popping back up in the news as another dog was killed by a wolf. Its another reminder of the problem that is not going away. The referendum for the wolf hunt is still going to be on the ballot for Michigan but the legislature did pass a law that now renders it toothless. Listen Wolf Limerick Listen Lion Sleeping Callers! Caller #1 asked who writes the insurance for the city and told them to look for it using the freedom of information act. Cant believe that this decision to turn away anyone on the arts Caller #2 mentioned how you cant find the words separation of church and state in the government. Felt it was a double standard for Christians in general and art as well. Caller #3 wanted to discuss the gravel pit in Negaunee closure because its near a residential area. Hears reasons for people not liking the pit because of noise and dust but he doesnt think it is actually a problem.

The State of Michigan Attorney General Interview with Attorney General Bill Schuette Michigan Attorney General Bill Schuette was in town this weekend for a fundraiser and Dan got a chance to speak with him and get an update on Lansing earlier in the week. The main topic being about the Its Okay To Say law which lets citizens send anonymous tips about people who show signs for violent acts. Listen Bill Schuette Interview Listen Bill Schuette Song New Boy Scout Policy For Gay Members Recently there has been controversy over with the Boy Scouts because they formally announced that Boy Scouts are allowing openly gay members. For what the oath and the code of the Boy Scouts this is a surprise. As the code and the oath dont even relate to a persons sexual orientation. This is more of a frustration that this is being talked about at all even. This is more of a group forcing people to accept them because they feel left out when they arent in the first place. Listen Boy Scout

Rant Listen Boy Scout Limerick Listen In The Boy Scouts [www.nplsf.org](http://www.nplsf.org) for more information Lynn Moon Of The National Parks Of Lake Superior Lynn Moon from The National Parks Of Lake Superior called in towards the end of the program this morning to talk about the group and their fundraiser coming up on Thursday. The group, formed in 2006, supports the five national parks that are on Lake Superior. The support goes to different projects like money for trails or money for a park to have Junior Ranger books made up for children. The fundraiser for the NPLSF is a two hour cruise to look at the city and the coast and have a narrated tour as well. The cost is only \$50 per ticket and can be bought at Down Wind Sports or by calling 906-360-9765. There is a limited number of tickets so if you are interested get your ticket now! Listen Lynn Moon Interview Listen Crusin Callers Caller #1 thinks that the argument from the city on the Christian music issue is way out there and doesn't agree with the decision. Wonders to the city about the Art On The Rocks where people write about Mother Earth. He also says if the city does follow through on the decision to boycott the series. Caller #2 has felt frustrated with how the Boy Scouts have been with the issue. She feels that homosexuality doesn't mean you are a bad person. Caller #3 wanted to comment that he's never limericked that long. On the issue of Boy Scouts, that family values should be within the family, not with the Boy Scouts. Caller #4 called in to say that she just felt that people should be more tolerant.

June 15, 2013-Dan Adamini From In The Right Mind Listen To The 120 Minute Show Full Show Audio For June 15, 2013 This morning on In The Right Mind the proposed Ishpeming Roundabout was discussed as well as Facebook and recaps on previous topics! Ishpeming Roundabout Some people were surprised to the announcement of a roundabout being proposed in Ishpeming on US 41 for the intersection of 2nd and 3rd street. Some people are up in arms about the roundabout being put in. A roundabout is known to reduce accidents, and thus injuries and fatalities. It is weird that they didnt try to put in a second stoplight first as a cheaper alternative first to see if that would help lower the stats on the intersections first? Listen Roundabout Rant Listen Roundabout Limerick Listen Roundabout Song Facebook! Facebook, most people in the world have one nowadays. It is a great tool when used properly but there are people who post ridiculous and outlandish things on the site. People need to realize that these things are posted in a public forum and watch what they say! Listen Facebook Rant Listen Facebook Limerick Listen Facebook Song Callers Caller #1 thinks that the roundabout is a very dumb idea because the drivers are already pretty dumb to begin with. June 29 2013-Dan Adamini From In The Right Mind Listen To The 120 Minute Show Full Show Audio For June 29, 2013 This morning on In The Right Mind on Sunny the Supreme Court decision on gay marriage and new immigration was discussed. Gay Marriage Issue It may be right or wrong, but the term marriage has been used for thousands. Using marriage as term of discrimination isn't actually true. Lots of issues like power of attorney and wills, can be taken care of without a marriage license. There is the social security survival benefits that could be made the case for marriage could also be opened to close family as well. Lots of these issues could be fixed without redefining the word marriage. Listen Gay Marriage Rant Listen Gay Marriage Limerick Listen Love and Marriage New Immigration Legislation Proposed The Senate recently has proposed legislation for a path to citizenship for between seven and twenty million illegal immigrants. This would give some protection and paths for illegal immigrants. Wouldn't an easier thing be like Canada maybe and let people come, work, and then leave? This has nothing to do with hate towards the immigrants at all. Also the laws needed to be a little

easier for LEGAL immigrants as well. The solution is quite simple, if you are law abiding feel free to stay! If you break a law and commit crimes, time to deport.Listen Immigration RantListen Immigration LimerickListen Run Run RunNSA Spying!It has been recently shown that the NSA has been spying on all Americans and that pretty much every ones been tracked and its been run through a computer looking for keywords and themes to look for. 109th District State Representative John Kivela says he is supporting the call from Michigan Governor Rick Snyder for the State Senate to pass a measure expanding Medicaid coverage in the state. Appearing on The SUNNY Morning Show with Walt & Mike today, Representative Kivela said he feels Snyder is absolutely correct in pushing the State Senate to take up the issue. The Marquette Democrat says the pressure from the Governor to get the House-approved measure passed in the Senate sooner than later is appropriate because time is of the essence in getting all of the state residents signed up and registered for the coverage will be a lengthy process. Morning Show: City Planners Seek Public Input On Placemaking Of 3rd Street In Marquette

Coverage:

Marquette City Manager Bill Vajda Marquette, MI (Great Lakes Radio News) The Marquette City Commission is voting tonight on the hiring of extra legal counsel to respond to a tax valuation challenge by Marquette General Hospital. The agenda item comes after officials with M-G-H requested a state tax tribunal hearing disputing the tax valuation placed on the hospital's property as determined during the sale process of the facility to Duke-LifePoint. In an interview with The SUNNY Morning Show with Walt & Mike last week, Marquette City Manager Bill Vajda said city officials arrived at the tax value through due diligence exercised while the proposed purchase of M-G-H was under review by MI Attorney General Bill Schuette's office and they are standing by the figure. Vajda says the city spent \$75,000 over the six-month pre-sale process in conjunction with the A-G's office determining the number and now may have to spend an additional \$100,000 to defend it in the dispute. Tonight's City Commission meeting gets under way at 7:00 o'clock at Commission Chambers at City Hall in Marquette. ## Morning Show: Cliffs Natural Resources And Rio Tinto Announce Community Agreement

### Coverage:

Little Brothers Friend Of the Elderly. Marquette, MI (Great Lakes Radio News) Little Brothers Friends of the Elderly are hosting their first Easter Dinner in Marquette this Sunday. Executive Director Cathy Aten called in to The SUNNY Morning Show with Walt & Mike today to let area listeners know about the dinner and how to take part. Aten said the dinner is free of charge for anyone 60 and older and is at 2:00 p.m. at Messiah Lutheran Church at 305 W. Magnetic, and those interested in taking part must call in to Little Brothers to make a reservation! The number to call is: (906) 482-6944. Aten added that the dinner is made from scratch and prepared on site along with special desserts, fresh flowers on the tables, and left overs are packaged and sent home with our elderly friends. Volunteers will come in at 10:00 that morning to prepare the meal, set up and decorate the dining room, greet our elderly friends, and then serve the meal as a sit down dinner where everyone eats together at 2:00pm as a family. Aten said that Little Brothers is all about providing friendship and love to our elderly friends and adding the special touches that let them know they are cared for.
