*The following are the featured fugitives and others being sought by federal, state or local authorities. The Update (if any) gives current status, previous references, or related information.*

**Margaret DeFrancisco (Murder)**

**Regina DeFrancisco (Murder)** – Regina DeFrancisco dated truck driver Oscar Velazquez, 32, for about three weeks in May, 2000. On June 6, 2000 Regina called Oscar to her home and lured him into the basement, where she began to talk to him at the bottom of the stairs. As they were in conversation, a witness said that Margaret came from behind and shot Oscar in the head with a .380 semi-automatic. The shot to the head killed Oscar almost instantly. Oscar was known to carry a large amount of cash on him. After the sisters shot Oscar, they removed approximately \$600 in cash from his pocket, a silver chair, and keys to his new 2000 Camero Z28 that was sitting outside. The sisters rolled his body in plastic, then carried Oscar's body to his car. The trunk would not shut, so Regina went back inside to get a dog leash to use to hold the trunk shut. The witness also told police that Regina and Margaret got a bucket of bleach and washed down the sidewalk where blood had dripped. The girls jumped into the car. After driving around for a while Regina pulled the car into a vacant lot where the girls attempted to pull the body out of the car. The body was heavy and Margaret had to brace the front seat and use her body weight to push the body out of the trunk. Regina found a bottle of nail polish remover and decided to destroy the body by using the acetone as a fuel and set the body on fire. An anonymous caller called 911 to report a fire in the vacant parking lot. When the tipster ran out to dump water on the fire, he noticed an arm sticking out and called 911 again. The body was later identified as Oscar Velazquez. The girls drove off and attempted to sell the victim's car. Once they realized that no one wanted to buy it, they lit the car on fire. When authorities questioned the women they had different stories, and later fled the area. They have not been seen since, and the witness remains in police custody. Both sisters are known to use alcohol and drugs, and they may be associated with the "Latin King" street gang. Margaret DeFrancisco has a heart tattooed on her stomach near the belly button. She is 17, 5'8" and 130 pounds. Regina DeFrancisco has tattoos of a rose on her chest and an "R" on her left leg. She is 18, 5'6" and 120 pounds. (See Shows #618 and #636, OADs 1/27/01 and 6/9/01)

Arizona police and fire units responded to reports of an explosion and house fire. The bodies found in the rubble were 38-year-old Mary Fisher, her 12-year-old daughter Brittney, and her 10-year-old son Bobby. The family members had been murdered before the fire destroyed their home. Wife Mary had been shot in the back of the head and her throat slashed. The children's necks were also cut. The father of the house, Robert Fisher, was nowhere to be found. Ten days later, police found his vehicle and dog in the Tonto National Forest. An extensive search of the area turned up no signs of Robert Fisher. Police believe he hid out for the first few days after the murders, then left the area to start over in another community. Fisher may have a light scar on his back where he had surgery years ago, and walks with his back very straight and his chest pushed out because of his lower back injury. He is an avid hunter, fisherman and outdoorsman, and enjoys talking about these sports. He chews Copenhagen tobacco, and may be in the company of an unidentified female. Authorities believe he is armed with several weapons including shotguns, handguns, and possibly a .357 Magnum revolver. Fisher is 40, 6'3" and 190 pounds. (See Show #644, OAD 8/11/01)

**Abdul Rahman Yasin (Terrorism)** – Following the New York World Trade Center bombing, law enforcement officials obtained evidence which led to the indictments and arrests of several suspected terrorists involved in the bombing. Yasin, one of those indicted, fled the United States immediately after the bombing to avoid arrest. Yasin is now a fugitive from justice. Yasin was born in the United States, moved to Iraq during the 1960's, and returned to the U.S. in the fall of 1992. He possesses a U.S. passport and an Iraqi passport in the name of Abdul Rahman S. Taher. Because of the nature of the crimes for which he is charged, Yasin should be considered armed and extremely dangerous. A reward of up to \$5 million is being offered for information leading to his arrest or conviction. Yasin uses several other aliases, including About Yasin and Abdul Rahman S. Taha. He may have a chemical burn on his right thigh. He is epileptic and takes medication for his condition. Yasin is 41, 5'10" and 180 pounds. **Christina Yvette Robinson (Murder)** – On April 13, 2001, Aaron Jaquillard came to the home where Robinson and her boyfriend lived, looking for money. Robinson and the boyfriend, Christopher Johnson, owed Jaquillard drug money and an argument possibly ensued over the exact amount. Robinson grabbed a shotgun and shot Jaquillard two times. Johnson shot Jaquillard once. Then, Robinson and Johnson put Jaquillard's body into his SUV, a Chevy Blazer, and Johnson drove it to Michigan. There, he abandoned the car with the body inside and walked away. Johnson was found hiding out at his father's house and was arrested. But by the time police could charge Robinson with the crime, she had fled. Robinson has a tattoo of a cross and snakes on her back, a twisted bracelet tattooed on her right ankle, and a wart or mole on her nose. She may be employed on river or gambling boats, and may be employed as a prostitute. She may be traveling with a white or Hispanic heavily tattooed male in a dark van with Tennessee plates. **Jamal Starks (Murder)** – On September 26, 1997, Andre Herring and Joseph Micieli, working for an armored security van company, were dispatched to the Suffolk County National bank in Riverhead, New York. When they arrived, they drove around to the night drop and Micieli got out of the van. Without warning, three black males, Richard Blie, Jeffus Leftenant, and Jamal Starks, jumped out from the bushes and opened fire on Micieli. Herring was still in the van, but he got out of the van from the driver's side, walked around, and was struck with bullets. Both men were wounded badly, but still managed to fire back at the suspects. Leftenant and Starks were shot in their legs. Herring was shot a total of nine times, and Micieli was shot six times. The three suspects took one crate of night deposits from the van, totaling more than \$300,000. Then the men ran off. Micieli survived the shooting, but Herring did not. Blie and Leftenant were both arrested and convicted in the murder. Jamal Starks is still on the run. Starks may have been involved in another armored car robbery on Monday, January 5, 1998. Around 6:30pm two black males robbed the exact same Patriot Armored Van. **John Patrick Addis** (Murder, Kidnapping) -- Addis is wanted for the 1995 kidnapping and murder of his girlfriend in the Nevada desert. On August 19, 1995, police say Joann Albanese disappeared from her residence in Las Vegas along with her boyfriend, John Edwards. Police later determined that Edwards was in fact, John Patrick Addis, a former Alaskan state police homicide investigator. Police say Addis was working as a personal trainer in Las Vegas, when he became involved in a romantic relationship with Joann. On the day she disappeared, Joann, a single mother of two, was scheduled to have dinner with Addis to inform him that the relationship was over. Joann's car was discovered several days later, abandoned in Little Hell's Canyon near Prescott, Arizona. Police say Addis strangled Joann in a fit of rage and hid her body. Police say Addis has a history of traveling around the country finding work in fitness clubs, so he can meet women, romance them, and live off their money. On July 31, 1998, three years after Joann disappeared, a grand jury in Clark County, Nevada charged Addis with her murder and kidnapping. On October 9, 1998, hunters discovered Joann's body. Police determined she had been murdered. Addis, who has used the aliases John H. Edwards and John Elliott, is an avid body-builder who works in gyms as a personal trainer. He is a small plane pilot, outdoorsman and marksman, and is skilled in forensics and criminal investigation. He believes in UFO's and the god RAH, and often claims he's a science fiction writer who writes screenplays on UFO's. His ex-wives say he has a history of domestic violence and fraud, and he has served time in jail for custodial interference. The store is on the border of Tennessee and Mississippi. At approximately 9:45am, an unknown black man entered the store, went to a cooler and brought a beer to the counter. As Michael was ringing up the sale, the man pulled a gun out and shot Michael in the head. The shooter then took his own money and the beer and fled the store. The car drove off in the direction of Mississippi. Michael died from the wound. No money was taken from the register and it appears Michael did not know the man. Police believe the murder was a planned hit. Michael told friends a couple of weeks prior to the murder that he was scared of something or somebody. **Hector Perez Killers (Murder)** – On October 9, 2001, Hector Perez and about eight neighborhood kids, including his brother and sister, met at nearby Maslow Park, a common hang-out for the kids. The group of kids was sitting on the grass when a 1997-1999 purple or black Dodge Neon with tinted windows and chrome wheels slowly rolled into the parking lot, slowed down, then drove away. Suspect #1 was driving. Approximately 20 minutes later, after the group had moved to the bleachers of the nearby baseball diamond, the same car returned. This time, the passenger window was down. Witnesses heard a voice from the car yell "Hey!", then, without any further warning, three shots were fired. Everyone fled, but little Hector was shot in the chest. One of the neighborhood kids tried to administer CPR, but it was too late. Perez died shortly thereafter. Possible motives for this shooting include gang initiation, mistaken identity, or perhaps one of Hector's friends was the intended target. In fact, the neighborhood boy who administered CPR reportedly had a single bullet shot into his home a few weeks after the Perez murder. Police do not know if the two incidents are related. Suspect #1 has long wavy hair. Suspects #2, #3 and #4 are bald.

**Michael Blane Brashar (Murder)** – On March 30, 1982, the body of 20-year-old Mary Ann Castille was found in a Houston, Texas bayou. She was raped, strangled, and left partially nude. Police had no suspects and had interviewed all of the teenager's friends, including 14-year-old Lisa Dawn Hoag. On July 1, 1982, a week after police interviewed Lisa, her body was found raped and strangled in a school yard. A tip led detectives to Michael Blane Brashar, who was 21 at the time. He lived in the same apartment complex as Lisa, and he knew both girls from hanging out at a local convenience store. Brashar was arrested and held for unpaid traffic tickets. Detectives grilled him, took a blood sample, gave him two lie detector tests which he flunked, and took a shoe cast of his sneaker. All of the evidence they had was circumstantial, so police were forced to release him. All along, Sgt. Boyde Smith of Houston homicide, believed Brashar was responsible for the two murders, but he couldn't prove it. It remained a cold case until 1999 when DNA testing became available. Sgt. Smith reopened the case. He found out that the semen sample in Mary Ann Castille's case had become tainted, but the sample in Lisa Hoag's case was usable. Their crime lab conducted a DNA test comparing the semen to Brashar's 1982 blood sample. The test results indicated that Brashar was indeed their suspect. After almost 20 years, detectives know who killed Lisa Hoag, and suspect he was involved in Mary Ann Castille's case. Sgt. Smith put out a nationwide alert to all police departments. He didn't receive any solid leads. On March 16, 2001, Houston police filed capital murder charges against Michael Brashar. Brashar, who has used the aliases Mickey T. Craft, Mickey Graft, and Doyle R. Brashar, has a scar on his right forearm. He has worked in construction and is known to frequent homeless shelters and churches. Brashar is 40, 5'10" and 175-200 pounds.

with several friends. The men stopped to relieve themselves on the side of the road. For an unknown reason, Dominguez turned on his passenger, Edward Sanchez, and shot and killed him. Sanchez's body was found a few days later in a deserted field. Dominguez, who has used the alias Armando Dominguez and the last name Brown, has tattoos of a dragon on his upper left arm and a scorpion on his upper right arm. He has worked as a milker in a dairy. He may have altered his appearance. Dominguez is 25, 5'7" and 175 pounds.

**James William Kilgore (Possession of Explosives)** -- In the 1970's Kathleen Soliah and her boyfriend James Kilgore joined the Symbionese Liberation Army (SLA). The SLA was a terrorist group best known for kidnaping heiress Patricia Hearst, who later joined them. In May of 1974 six members of the SLA were killed during a shootout with the police during which the house in which they were hiding caught fire. Despite the fire, they refused to surrender. After the shootout, only three members of the group were left: William and Emily Harris, and Patricia Hearst. The group needed new members, and they were soon joined by Kathleen Soliah and James Kilgore. Soliah and Kilgore played a major role in the SLA's next wave of terror. In August 1975 three patrol cars blew up in San Francisco. In her memoir Patricia Hearst admits helping plant one of those bombs. The SLA then moved their campaign to Los Angeles. After a pipe bomb failed to detonate under a police cruiser parked outside a Sunset Strip Restaurant, the LAPD ordered an inspection of every patrol car in the city. Several bombs were found before they exploded. A month later, the FBI closed in on the SLA in San Francisco, capturing the HARRISES and Hearst. However, Kathleen Soliah and James Kilgore eluded the authorities. Soliah was recently captured in Minnesota. Kilgore has been on the run for 25 years. There is a \$25,000 reward for information leading to his arrest and conviction. Kilgore is an accomplished athlete, skilled at basketball and golf. He has worked on a sports book. He has two children, but nothing is known about their mother. He has also worked as a house painter and a cook. Kilgore is 54, 5'10" and 175 pounds. **The Unknown Ladder 11 Door Thief (Robbery)** -- The New York Fire Marshals are searching for the person or persons who stole a fire engine door from a memorial outside a firehouse. On September 11, 2001, Ladder 11 in New York City's fire department was destroyed in the World Trade Center disaster. The entire crew from the department was killed and the only keepsake the members could salvage from their old fire truck was the rear door. The department kept this door in front of the fire house in remembrance of the tragic day, and out of respect for the crew that was killed. On January 3, 2002 a probationary member from Ladder 11 opened the bay doors and noticed the keepsake door was missing. He immediately notified his officer, and the Fire Marshals took a report. An anonymous tipster told the fire station he saw three individuals (two white males with spiked hair and one Asian female) hanging around the outside of the station, and at one point he even overheard the suspects talking about taking the door. The

Ordinarily a busy church, on the day after New Year's, St. Dominic's was quiet and empty. A 45-year-old woman, not a member of the church, was in the main lobby waiting to meet with a spiritual advisor. She was trying to find a smaller chapel in the building called the "Adoration Chapel". She saw a man sitting in the last pew of the main chapel and asked him for directions to the Adoration Chapel. He led her to an area behind and to the right of the altar called the Sacristy, a series of small rooms used by the clergy. Once inside the sacristy, she knew she was definitely in the wrong place, but it was too late. The man attacked her from behind and raped her. **Cassandra Denise Washington (Murder)** – On December 13, 2001, 19-year-old Julio Moreno brought his friend, 17-year-old Jessie Lazenby, over to Cassandra “Poochie” Washington’s house to collect money that was owed to Julio by Washington’s husband. When the boys went into her home, the lights were dim and she began digging through her purse. Four black men jumped the boys, threw them onto the ground and robbed them of the money in their pockets. The four unknown men and Cassandra Washington forced Julio and Jessie into Julio’s car as two of the suspects got in and the others got into Washington’s white Oldsmobile. One of the suspects drove Julio’s Camero outside of town as Washington and her cohorts followed. The suspects told Julio and Jessie to get out of the car and to take their pants off and start walking. As Julio took his pants down, one of the men shot him in the head as Jessie watched. They then shot Jessie six times in the chest, arm and shoulder, and then fled in Washington’s car. Julio died at the scene, but amazingly Jessie was still alive. Jessie tried to save his friend, but it was too late. Jessie then managed to drive the car to a nearby adult video store called the Love Shack for help. Meanwhile, inside the Love Shack, a customer and two employees heard Jessie’s car sideswipe another in the parking lot. They ran outside to find Jessie’s ankle pinned between his car and the parked car. The employees managed to unpin him by moving the parked car. The customer ran back inside and grabbed some plastic bags from the counter to protect herself from Jessie’s blood. She came out and managed to put her fingers in the bullet hole above Jessie’s heart. One employee was inside calling 911 and the other was outside helping the customer by keeping Jessie’s legs elevated until help arrived. The customer kept Jessie conscious by talking to him and making him say her name so he wouldn’t pass out. Ambulances and police arrived and Jessie told them his friend was still alongside the road, shot to death. Police are now looking for Cassandra Washington and the four unknown black men. Washington has several unknown tattoos on her right ankle and calf, and left ankle. She may be in New Orleans where her family lives. She fled with her 9-year-old son, Myrin, and possibly her 17-year-old sister Jamie Daughtry went with her. Washington is 28, 6'2" and 250 pounds.

**James “Rick” Johnson (Robbery)** – Johnson was the mastermind behind an attempted robbery at Lamco Jewelers in Alameda, California in April 1997. The attempt failed but the owners, Richard and Wanda Cook, were almost beaten to death in the process. Johnson needed his way into the back rooms of a pool hall in San Francisco, making friends with pool hustler and jeweler Richard Cook. When Johnson found out that Cook kept a safe in his store which allegedly had millions of dollars in cash and jewels. Johnson plotted to rob Cook of his money. Johnson recruited a team of six men. Each man had a specific role in the job. Two men scoped out the store. Posing as customers, they visited the store several times checking out security and the Cooks’ routine. Two other men were recruited to subdue the Cooks and secure the location. Another man was lookout and the sixth man was recruited to create an accident with the Cooks’ only employee so he would not get to work to interrupt the robbery. Planning for the robbery

took over a year. Johnson knew Cook would never give up the safe combination, so he created a scheme to take the entire safe. The team of men retrofitted a U-Haul truck with a heavy-duty winch and enough iron to handle the move. When the time was right, the team went into action, equipped with walkie talkies and a police scanner. Each member of the team meticulously did their part. Halfway through the plan something went wrong. The police scanner said there was a disturbance at the location and they were dispatching a car. The team thought they had been had and called off the heist. But they were wrong: the call was for a dispute next door. The team fled and all but Johnson was captured. Johnson's car was found at the San Francisco airport. He is known to have an active passport and connections in Europe. Johnson, who has used the nicknames Rick and Romeo, has a small unknown tattoo on his left shoulder. He is very healthy and body conscious, likes the beach, and is reputedly a ladies' man. He does not do drugs, but has made money importing and selling drugs. He tends to be quiet and introspective, philosophical about life, feels that he doesn't "fit", and has suicidal tendencies. He likes to take risks, and at one time was a high rise window washer. His father left when he was young, and he may be seeking a father figure or older male mentor. Johnson is 33, 6'2" and 170 pounds.

**Dominic "D-Murder" Dennard (Murder)** – Dennard shot and killed a Syracuse University graduate student in a botched robbery attempt on January 20, 2002. Dennard shot and killed Simeon Popov, 27, after Popov walked in on a holdup. Popov was there delivering an order of chicken wings. Authorities believe that Robert Adams, Dennard's getaway driver who has been apprehended and also charged with the murder, never actually entered the apartment where the murder took place. Adams and Dennard believed that drug money was at the apartment and planned for Dennard to take it while Adams kept watch in the vehicle during the robbery. When Popov arrived unexpectedly with the food delivery, Dennard shot him once in the head with a handgun. After the shooting, Dennard made one of the other people in the apartment go through the deliveryman's pockets to retrieve cash. A video-game system, some videodiscs and some cell phones were taken from the apartment. Dennard is 21, 5'9" and 190 pounds.

**Jill Lyn Euto Killer (Murder)** – During the Superbowl on January 28, 2001, someone brutally murdered 18-year-old Jill Lyn Euto in her Syracuse, New York apartment. There were no signs of forced entry and the killer used a knife from Jill's kitchen, stabbing her repeatedly and practically severing her head. Jill's mother, Joanne Browning, says she went to Jill's apartment the next day because Jill never showed up at her mother's Superbowl party. When Joanne opened the unlocked door to Jill's apartment, she found Jill's murdered body in a posed position on the floor. Joanne immediately called police. Since then, a few witnesses who heard strange noises from Jill's apartment have come forward, but police have not yet been able to identify a suspect. The murder occurred between noon and 9:00pm on the day in question. Jill's dog, "Hootch", a Boston terrier, was found unharmed in the apartment.

**Charles Runyan (Sexual Battery)** – From March 1999 to February 16, 2000 Charles Runyan sexually battered 13-year-old Jessica Brooks in Lake City, Florida. Runyan was dating and had been engaged at one point to the victim's mother, Jill Porter. He lived with the victim's mother, her son Cody, and the victim. Porter stated that when Jessica was 11, a stranger raped her and Runyan had stood by the family in dealing with the incident. Runyan began to abuse Jessica upon his release from bond for driving with a suspended license in March 1999. Runyan began to molest Jessica in her house while her mother was gone. This included sexual intercourse. Runyan would have Jessica sit on his lap and tell her that he wanted to wrestle with her; he would then remove her underwear and have sex with her. In addition, Runyan molested Jessica in his van and at his work. He engaged in intercourse with her twelve times in the house, two or three times in the van, and at least twice at work. Jessica told her friend, Heather Purvis, about the incident. Purvis reported it to her mother, Katherine Purvis, who persuaded Jessica to report the incident to her mother. Brooks also told Katherine Purvis that Runyan would physically abuse Cody, Jessica's brother. AMW viewer Scott Avera played pool with Runyan prior to seeing the broadcast, then called authorities. Georgia police searched pool parlors and found Runyan, who had been working construction under the name Charlie Brown. (See Show #659, OAD 1/5/02)

Gambill and Bagwell were convicted of the murder of Heather Rich, a 16-year-old cheerleader from Waurika, Oklahoma. They were in the process of being transferred back to the state prison system after an unsuccessful appeal. Soto and Jordan were arrested on November 28, 2000 for the murder of Soto's step-grandparents. They were in jail waiting for their trials to begin. The group was last known to be traveling in a silver Chevrolet Tracker with Texas plates 5MB D88. a scar on his right hand. Bagwell is 23, 5'8" and 160 pounds. (See Show #633, OAD 2/2/02)

**Guerrin Saintio (Murder)** – On April 28, 2001, Guerrin Saintio was upset because his car had been stolen. He thought 20-year-old Jason Bayard, a fellow member of the Zombie gang or crew, had taken it. Saintio confronted Bayard outside Bayard's home near Little Haiti in Miami. Bayard denied stealing his car, but Saintio gunned him down anyway. Bayard died in front of his home and an innocent bystander was injured with a gunshot wound to her leg. Miami detectives got a murder warrant for Saintio but he was gone. He resurfaced on October 18, 2001 after Miami Dad police officers spotted a car that matched the description of a car wanted in a recent robbery. After attempting to pull the car over, officers were led on a high speed chase through Miami and parts of Broward County. The chase ended and officers arrested Saintio and his partner Patrick Bass. The next day Saintio and Bass exchanged identities and Saintio walked out of jail. Saintio reappeared on November 23, 2001. Saintio ambushed two men outside a convenience store. One of the victims, 26-year-old Oldo Dulcio, died at the scene. Saintio was last seen in Montgomery, Alabama, and authorities believe he might still be in that area. Saintio, who uses the aliases Guerrin Saintil and Clint Smith, and the nicknames "G" and "Gary", is a known drug dealer. He is 27, 5'8" and 145 pounds.

**Anibal Mustelier (Extortion, Bank Larceny)** – In 1989, Mustelier was hired to kill Frank Condom, a Miami businessman. On December 22, 1989, Mustelier and another thug, Nelson Cruz, followed Frank in their car as Frank left a nightclub. As Frank drove home, Mustelier emptied a 30-round clip from his machine gun into Frank's car, then sped away. Frank somehow managed to escape the attack with only a gunshot wound to his arm. Mustelier and his crew weren't done. Mustelier and several other men planned to use a bomb to blow Frank up. On August 17, 1990, Cruz and two other men went to Frank's mother's house and put a bomb under Frank's car. When Frank and his family got into the car, the bombers detonated the device. Once again the attack failed. Frank and several members of his family suffered serious injuries but fortunately none died from the blast. Eventually, most of the group was arrested but Mustelier managed to slip away. Mustelier resurfaced in 1996 when he pulled off one of the largest bank heists in south Florida. Mustelier put together a crew of criminals and was able to get safety deposit box keys made for the Sun Trust Bank. On November 18, 1996, two men went into the bank and got away with approximately 8,000 pieces of jewelry valued at between \$5 million and \$7 million from three different safety deposit boxes. The men gave the money to Mustelier, who disappeared. Authorities believe Mustelier fled to Venezuela shortly after the robbery, but may currently be back in Florida. Mustelier has used numerous aliases including Emilio Suarez, Barrero Musteler, Anibal Musieler, Ramon Llercna, and Anivan Mutelier. He has a small scar on his neck, wears contact lenses or glasses, and is known to keep in shape and work out at gyms. He may be taking ballroom dance lessons or hanging out in dance clubs. **Michael Bliss (Sexual Assault on a Minor)** B Michael Bliss repeatedly molested his 9-year-old niece and videotaped the molestation. In some of the videos, both Bliss and his victim's face are clearly visible. The assaults began on September 2000, shortly after Bliss was released from prison after serving nine years for three counts of attempted murder. Bliss rented a video camera from a local rental company, and those dates match the dates that Bliss molested his young victim in hotels in Vermont and Massachusetts. Authorities searched Bliss' residence after his victim came forward and told one her family members. When Bliss discovered the police had been at his residence, he fled in his mother's car. Bliss' mother's car was recovered at the Bradley International Airport, where he had rented another car. The rental car was recovered a little over a week later at Los Angeles Airport. He has not been seen since. In 1991, Bliss was convicted of beating three boys with an aluminum baseball bat. He nearly killed the children, and one victim even flat-lined on his way to the hospital. Bliss went on the run immediately after that crime. After a month-long chase, he was recovered at the Canadian border trying to re-enter the United States. Bliss served nine years for that conviction. He also has been previously convicted of cocaine possession and served time in the 1980's. Bliss is balding, may have blonde hair and may wear glasses. He is left-handed and may limp slightly due to an injury to his right ankle. He is proficient with computers, likes baseball and NASCAR, and may be working as a delivery truck driver. Bliss is 36, 5'11" and 185-210 pounds. (See Show #638, OAD 6/23/01)

**Unknown Joni Rosenblum Killer (Murder)** – 44-year-old Joni Rosenblum was gunned down in front of her home in the Sky Lake section of North Miami Beach, Florida. She had been running errands all afternoon. Her mother, 11-year-old daughter and her daughter's friend were also in the car. Joni was driving her white Lincoln Navigator. As she turned the corner and proceeded down the street on which she lived, she was passed on the right side by two men in a white and gray Dodge Caravan. The Caravan blocked Joni's path into her driveway. The passenger of the van got out and came towards Joni. She rolled down her window to see what he wanted. Eyewitnesses say that it was then that she realized that the guy had a gun. As the unknown assailant approached her SUV, he raised the shotgun. That's when Joni put the car in reverse, but before she could get away, the shotgun went off, hitting Joni in the chest. Her car lurched backward down the street, coming to a rest in front of a tree at the end of the block. She died a short time later at the scene. The Dodge Caravan used during the shooting was recovered; it had been stolen the day of the murder. The suspect is in his 20's, 5'9"-6'0" and of average build.

**Unknown (murder)** -- Mickey Thompson made his name through race cars, both on and off the track. Whether he was drag racing, off-road racing, or smashing another land speed record, Mickey pulled the crowds, eager to see what he would do next. Even with almost five hundred speed records broken, Thompson didn't stop there. His inventions and innovations not

only made cars faster, but safer and better protected. With his business moving along smoothly, and his love for his wife Trudy deeper than ever, in 1988 Thompson seemed to be on an easy street. But just past six o' clock in the evening on March 16, 1988, Trudy and Mickey were brutally murdered by two gunmen in the driveway of their Bradbury, California home. Two witnesses say that Mickey was shot first, injured, and forced to watch his wife being murdered before his eyes, knowing he was next. The Los Angeles County Sheriff's Detective on the case, Mike Robinson, said that they "were there to do one thing and that was to kill them..." The killers even had bicycles ready to make their escape--a shrewd move in Mickey's gated community, where a car could easily have been boxed in. The ruthlessness of the killers and their apparent deliberate planning both suggest a contract killing, but who would want Mickey dead? Many signs point to Michael Goodwin, Mickey's former business partner, who attempted to swindle the Thompsons, but was stopped in court by Mickey. After a half-million dollar award was made to Mickey, the couple began receiving numerous death threats. Goodwin, who is serving time in federal prison for bank fraud, denies any connection to the murders. Police believe their only hope is to track down the gunmen, and find out who put them onto the Thompsons. Both suspects are described as having a thin muscular build and wearing dark hooded sweatshirts during the murders. They are approximately 32-45, 6'0", and approximately 175 pounds. The killers possibly were seen in the area before the murders in a then-new maroon Volvo station wagon. Following the initial broadcast, a tipster recalled having seen two men loading bicycles into a Ryder truck in a nearby parking lot. Thompson's sister has offered a \$1 million reward for information leading to the capture and conviction of those responsible for the deaths of her brother and sister-in-law. Children who ride the bus with Ashley say she never got on the bus that morning. Massive searches using all available police tools including helicopters and dogs have turned up no clues. **Danielle van Dam**

Age: 7

Height: 4'0"

Weight: 58 pounds

San Diego police are scouring the Sabre Springs area for Danielle van Dam. Her parents, Damon and Brenda van Dam, reported her missing when they discovered Danielle was not in her room at about 9:00am on Saturday, February 2, 2002. Damon van Dam told police he put Danielle and her two brothers to bed at around 10:30pm Friday night while Brenda van Dam was out celebrating with friends until about 2:00am at a send-off for a woman who was leaving the area. When Brenda arrived home with four friends at about 2:00am, they ate pizza with Damon and talked for about an hour. Shortly after the friends left, Damon and Brenda told them they noticed lights blinking on their burglar alarm panel and found a sliding glass door and a side garage door open. The alarm was not set, but the panel is a type that indicates when doors and windows are opened and shut at all times. The couple told police they closed the doors and went to bed, and did not check on the children. Saturday morning a friend stopped by about 9:00am to see if Danielle could come out and play. Damon and Brenda thought Danielle was still sleeping and Brenda went in to wake Danielle. The couple discovered Danielle was missing from her room and called 911. Police began investigating immediately using helicopters, horses and dogs to search the area canyons for Danielle. Officers also conducted door-to-door searches and provided the Border Patrol and Customs Service with photos of Danielle to keep watch for her at the border. When last seen Danielle was wearing blue pajamas with flowers on them.

**Angel Manuel Rivera (Murder)** – Rivera murdered three of his tenants on June 26, 1991. Witnesses saw Rivera pull up to the Santa Cruz house he rented out to several tenants. Rivera had an argument with tenant Geronimo Aragon Modesto about working on cars in the driveway of the house. Rivera pulled out a gun and shot him, killing Modesto immediately. Hearing the shots, Juan Rodriguez, a father of two, ran outside to see what the commotion was about; Rivera shot him as well. Rodriguez died at the hospital shortly after. Rodriguez's common-law wife ran out of the house next, leaving their two small children inside. Rivera shot her as she exited the front door, killing her immediately. Rivera then fled the scene. In 1999 Rivera surfaced at the home of a distant cousin, Felix Gusman. The Gusman family offered him a room, telling him he could stay for a few nights or until he found a place to live. Rivera, however, ended up staying for several months. Gusman had heard that Rivera had killed someone and confronted Rivera. Rivera said the shooting was in self-defense and that he was the victim of a stabbing, showing Gusman old surgery scars as evidence. It was during this time that Rivera became involved with the Gusman daughter, Myra. Rivera moved to East Chicago and asked Myra and her 11-year-old son, Orlando Sotomayor, to join him. Gusman warned his daughter of the murders, but she went anyway. Gusman never saw his daughter again. On December 12, 1999, Myra's son said goodnight to his mother and Rivera, then went to sleep. The next morning he woke up to find his mother strangled to death. Since 1999 Rivera has been getting food and shelter from the unsuspecting Puerto Rican Catholic Church. Claiming to be a religious man, he seeks the help of the community and priest for food and shelter in exchange for light yard work and home repairs. Rivera, who has used the aliases Jose Robles, Sylvester Vasquez, Miguel Rivera and Manuel Rivera, has a surgical scar on the right side of his abdomen, a lump on his left shoulder, and may have surgical scars on his left shin and knee. He takes handyman-type jobs and may make money as a day laborer. He is a compulsive liar with a history of battering his women and children. He may walk with a limp, and reputedly collects guns. Rivera is 56, 5'9" and 160-170 pounds.

on the night of May 4, 2001. Dwight, a commercial fisherman, lived with his 12-year-old son Darryl. John Boyd was a friend of Dwight's. The four men intended to rob Dwight Vice of money and marijuana. During the course of the robbery, the four tortured Dwight and his son Darryl by repeatedly strangling and beating them while demanding to know where Dwight's money and drugs were stashed. Young Darryl's spinal cord was severed by a stab wound to the back and he was strangled until the men thought he was dead. His father was stabbed and strangled to death. Androutsopoulos and his crew fled the scene believing they had killed Dwight and his son. The next morning Dwight's co-worker stopped by the trailer to pick Dwight up for work and found the horrific scene. Incredibly, little Darryl was still alive. The 12-year-old was able to identify his father's "friend" John Boyd as one of the attackers. Police arrested the Boyd brothers and Howerton, but Androutsopoulos slipped out of the area and remains at large. Darryl was left permanently paralyzed by the stab wound to his spinal cord. Androutsopoulos, who may associate with members of the Latin Kings street gang, has worked at a meat processing plant. He may have a mustache and goatee. Androutsopoulos is 26, 5'7" and 160 pounds.

**Michel Barrera** (Attempted Murder, Armed Burglary) -- Barrera is wanted by the FBI for the 1998 armed robbery of two Miami banks, carjacking a Miami man, and the attempted murder of a Metro-Dade police officer during his getaway. Then, on May 1, 1998 around 1:00pm they robbed the Republic National Bank in Miami at gunpoint. Following the robbery, the two men fled the bank and a high-speed chase ensued with Metro-Dade police officers. During the chase, cops say the two suspects fired on pursuing officers, then carjacked and severely injured a Miami civilian before ditching his car in a canal. Search teams combed the heavily foliated area near the canal and were able to find and arrest Barrera's accomplice, but Michel Barrera was nowhere to be found. Barrera, a Cuban immigrant, comes across as a sweet, nice young boy. However, he is a known gang member who may try to recruit other teenagers to commit crimes and may be hanging out with "punk" teenagers on the street. was not allowed to participate in any extracurricular activities after school hours. He had enrolled in the ROTC program at his high school and was told earlier in the week of the murder that he would not be allowed to attend an ROTC dinner. His instructor had sent a note home to the parents telling them how important this was, but they still did not give Martin permission to attend. On November 1, 2001, Martin acted as if he was going to school, but actually hid behind the garage. After the assault, the girls were able to convince Vargas and Cordon that they that they would keep it a secret. When the four were leaving the hotel, Vargas and Cordon went back to the room to get the bottle of whisky. That's when the girls fled. Authorities believe these men may have been hiding from police from other states for unknown crimes. Both suspects may be working in the restaurant business or in construction. He drove right to the intersection in his 2001 Chevy Malibu where Salinas and Sevilla were hiding. Salinas and Sevilla jumped out of the grass and carjacked Jerry, making him drive to a nearby orchard. The men shot Jerry in the back of the head and left him in the orchard. Leslie Ann was still strapped in her car seat. The men drove back to the Salinas apartment to pick up Lorenzo. the Rio Grande. On July 29, 2001 Border Patrol agents found Leslie Ann still strapped in her car seat, but she was already dead. She died of dehydration and exposure to the intense Texas heat. The fugitives crossed into Reynosa, Mexico and tried to sell the new car for \$1,000. Someone tipped off the Reynosa police and the cops chased the men into a rundown neighborhood. That's when the men abandoned the car and took off on foot. The police lost them in the chase. Several days later, police found Jerry's body in the orchard. **Sheldon Alton Daniel (Attempted Murder, Robbery, Kidnapping)** – On September 6, 2001, four robbers entered an Office Max store in Plymouth Meeting, Pennsylvania. Sheldon Daniel and Naru Salahudding walked into the store at 8:06pm; Keith Williams and Shameek "Blue" Mayes entered the store at 8:32pm. All four men hid out in the restroom until the store was supposed to be closed. At 9:15pm, the men came out of the restroom yelling and screaming. Two were wearing Halloween masks and two were wearing black shrouds. The store was full of customers because it was "back to school" time and the store's hours had been extended. The fifth member of the gang, a store employee who was their "inside man", was a no show, but the men proceeded with the robbery anyway. They forced the customers, including children, to the front of the store at gunpoint, and had one of them in a headlock. They also tied an employee to a chair with duct tape and left him in an aisle. They forced a second employee to stay in the restroom. Two of the men stayed with the group of customers while the other two escorted the managers to the office. They asked the managers to open the drop safe in the cash room, which held a large quantity of cash. When manager Matt Finch couldn't get the safe open, they made him beg for his life, then shot him in the arm. Manager Paul Rossi couldn't get the safe open either, so they beat him repeatedly with a gun, wounding him in the head. After about eight minutes, the two robbers left with about \$1,600, rejoining their accomplices at the front of the store, then fled. Daniel, who uses the alias Shaheed, is Muslim. He may have facial hair and may be working in a department store. Daniel is 22, 6'2" and 200 pounds.

babysitter and "friend" to kids in the area. The single man set his home up in a way that would attract children. His backyard had swings and a cage with rabbits and ducks. Inside the house, Goldberg had children's computer games that he would allow them to use, kid's music, art supplies, and even children's soap. He would also take them to Disneyland, parks, lakes, etc. Goldberg was found out after two young girls playing on his computer saw an image of two of their young friends naked, including the next door neighbor. A full investigation was launched and six neighborhood kids reported being assaulted by Goldberg. Child pornography was found on his computer, including a photo of him having sex with children. After cops came in to search his house and took his computer away, Goldberg fled the area in late June. In early July, after finding evidence on the computer, police issued an arrest warrant for him. Authorities know he visited his parents in Rumson, New Jersey, shortly after running. There is evidence he was also in Las Vegas, and Bullhead City, Arizona. The suspect may have been wearing a blue shirt and blue shorts at the time of the murder.

**Saul Enrique Zelaya (Child Molestation)** – In March 1999, Zelaya appeared in court to face charges in several child molestation cases. His first victim, a 13-year-old female who was his neighbor, was lured into his bedroom. Once inside, Zelaya assaulted her. Later, he tried to lure the same victim into his home again. When she resisted, Zelaya forcefully pulled her into his living room. He physically blocked the doorway with his body and sexually assaulted her. Zelaya has exhibited similar behavior in at least two other assault cases. The next was a 9-year-old female who he lured into his home, and another 13-year-old female who was assaulted, but successfully resisted being forced by Zelaya into his truck. Zelaya has been observed leering at under-age females in public places. At one such event, at a public swimming pool, Zelaya was seen looking at 12- and 13-year old females. He approached a 14-year-old female and unsuccessfully tried to pull her bathing suit off her. A fourth victim was an 18-year-old female. When she entered a bathroom at Zelaya's residence, he followed her in, pushed her to the floor and assaulted her. When she told her attacker she would call the police, Zelaya replied, "The police won't do anything. You're over 17 years old." Zelaya posted bond in March 1999. **MISSING:**

**Danielle van Dam**

Age: 7

Height: 4'0"

Weight: 58 pounds

San Diego police are scouring the Sabre Springs area for Danielle van Dam. Her parents, Damon and Brenda van Dam, reported her missing when they discovered Danielle was not in her room at about 9:00am on Saturday, February 2, 2002. Damon van Dam told police he put Danielle and her two brothers to bed at around 10:30pm Friday night while Brenda van Dam was out celebrating with friends until about 2:00am at a send-off for a woman who was leaving the area. When Brenda arrived home with four friends at about 2:00am, they ate pizza with Damon and talked for about an hour. Shortly after the friends left, Damon and Brenda told them they noticed lights blinking on their burglar alarm panel and found a sliding glass door and a side garage door open. The alarm was not set, but the panel is a type that indicates when doors and windows are opened and shut at all times. The couple told police they closed the doors and went to bed, and did not check on the children. Saturday morning a friend stopped by about 9:00am to see if Danielle could come out and play. Damon and Brenda thought Danielle was still sleeping and Brenda went in to wake Danielle. The couple discovered Danielle was missing from her room and called 911. Police began investigating immediately using helicopters, horses and dogs to search the area canyons for Danielle. Officers also conducted door-to-door searches and provided the Border Patrol and Customs Service with photos of Danielle to keep watch for her at the border. When last seen Danielle was wearing blue pajamas with flowers on them. (See Show #664, OAD 2/9/02)

they thought the man was her uncle, so they didn't say anything. Bianca never returned, and her family says she has no uncle. Since then police have been searching for Bianca. Her family and friends have placed posters all over the Bridgeport area hoping to find Bianca, but investigators have no new leads. Authorities started out at a loss because Bianca was not immediately ported missing. Relatives didn't realize Bianca was missing until about 4:30pm the day she disappeared. Additionally, her family didn't call police until 8:30pm that night because they thought Bianca might have gone to a friend's house and forgotten to call. It was only after they reported Bianca missing that the family found out she left with the man in the van that morning before school started. Detectives believe the man may have abducted the little girl, or at least may know what happened to her. The unknown man is in his 20's, of average height and build, and has kinky black hair and long sideburns. He was driving an older model brown and tan van. The van was beat up and sanded in some areas. Bianca is a very good student who loves to dance and sing to all kinds of music. She is very outgoing and has high self-esteem. **Reginald "Red" Devoir Boxley (Murder)**

**Elvin Bernard "Benny" Young (Murder)** – Boxley and his half-brother, Young, are known drug dealers in Tennessee with connections in Kentucky, Illinois and Indiana. Boxley, Young, and Clarence "Chuck" Gaston ran a large drug operation until the feds indicted Boxley on drug distribution charges. Boxley was forced to go underground and his partnership with Gaston fell apart. In mid-1998, Boxley and his associates robbed Gaston's drug house. In retaliation, Gaston targeted Boxley's brother, Benny Young. Instead, on December 31, 1998, Gaston killed Zackary Echols who was standing next to Young. When Boxley heard the news, he set out to kill Gaston the next day. Boxley and Young couldn't find Gaston, but they found his brother, Sherman Gaston. They followed him to his apartment and knocked on the door. A young child answered and Sherman appeared. At that moment Boxley shot Sherman in the head, killing him. The child was unharmed. In February 1999, investigators pieced together the two shootings. Clarence Gaston and two others were convicted and sentenced to life in prison for the murder of Zackary Echols. By June 2001, Boxley, Young and two other associates were indicted in the retaliation murder of Sherman Gaston. By then, Boxley and Young were long gone. They were last spotted in Tennessee. Most likely, girlfriends and drug associates are hiding them out. Boxley, who has used the alias Jerome Lee Warren, has scars on both arms, on his chest and abdomen, and a gunshot scar on his back, as well as "Red Nasty" tattooed on his upper right arm and "RB & AG" tattooed on his upper left arm. He has an upper front gold tooth and a very pointy head which is prominent when he shaves his head. He drives fancy cars and SUVs, and sometimes dresses as a woman to disguise himself. Boxley is either 35 or 26, 6'2" and 215 pounds. Young has an unknown tattoo on his chest, and a pointy head similar to his brother's. He is 34, 6'1" and 200 pounds.

**Unknown Adriana Pinon Killer** – 18-year-old Adriana Pinon was an aspiring actress who appeared 19 times on the TV soap opera "The Young And The Restless". She had been home alone all afternoon on January 31, 2002 when an unknown person shot and killed her. Adriana's mother discovered her body in the living room at 5:30pm. The investigation is focusing on unknown vehicles and strangers which neighbors saw near Adriana's house the afternoon of

the murder. One neighbor reported seeing a black sedan backed into the driveway of the Pinon home. Based on interviews with this witness and others, police believe this car might be an older black Ford sedan – possibly five to ten years old – possibly a Thunderbird or Lincoln Continental. Another neighbor reported seeing a suspicious man hurrying from the direction of Adriana's house toward what might have been a getaway car. This witness describes the car as a champagne-colored Ford Taurus. But based on this and other interviews, police believe the car might have been grey or silver – possibly a Taurus, but possibly a Toyota or Honda. Amazingly, this second witness took down a license number – 930662 – which she remembers as green or blue numbers on a white background – without letters. So far, no car has turned up matching this witness's information. That might mean one or more numbers is wrong, but it could also be a good clue to the possible suspect's identity. Police believe the man seen hurrying toward the car and the car's driver were both Hispanic.

**Eric Sekyere** (drug smuggling) -- This fugitive approached the U.S. Customs, claiming he wanted to work as an informant. Over time, it became clear he was working both sides of the law and when confronted, Sekyere fled with his long time friend, George Asamoah. Asamoah was captured in 1995, but is believed Secure is still smuggling drugs from Africa. A native of Ghana, Sekyere speaks with a slight British accent, wears glasses, has a dark complexion and usually has a thin moustache. He drinks beer and likes soccer games. He is 37, 5'8", 175 pounds, with black and brown eyes. (See Show #417, OAD 7/13/96)

**Rafael Guillen** (Capital Murder, International Kidnapping) – Guillen and Primavera Baltazar, members of a high profile Los Angeles street gang called "Varrio Maravilla", were paid \$10,000 by Ana Almaraz to kill her husband's lover, Mercedes Caballero Saldana. The two gang members drove to Mercedes' Caballero Saldana. The two gang members drove to Mercedes' house in El Paso, Texas on January 28, 2000. They posed as flower delivery people and knocked on the door. They then bound and gagged Mercedes with duct tape and then stabbed her to death in front her 2-year-old daughter. Warrants for capital murder for all three were obtained and filed. Ana Almaraz and Primavera Baltazar have been located and taken into custody, but Rafael Guillen went into hiding. On March 6, 2001 Guillen assaulted his ex-girlfriend Leticia Torres with a tazer gun and then bound and gagged her with duct tape and put her into his Ford Expedition and began driving towards Mexico. As he was driving the two hours from L.A. to San Diego to cross the border, she was able to get loose and jump into the driver's side where a struggle ensued causing an accident. The truck crashed into a telephone pole and Leticia was able to escape. She got out of the truck and screamed for help. A bystander rescued her and walked with her back to the border to obtain help from the Mexican customs officers. In the meantime, Guillen jumped into a following car, possibly his cousin's car, and fled to Tijuana. Leticia was taken back to San Diego the next day by an FBI agent and is now in FBI protective custody. Guillen, whose nickname is "Pony", has numerous tattoos including a hat with "chinga tu madre"

On July 31, 1977, Marone walked off work release and remained a fugitive for six years. In 1982, Marone was arrested. In 1984, Marone was paroled on a 12-year term. Marone moved to Ocean County, New Jersey, where he spent time with friends who had an 8-year-old boy. The boy told police Marone molested him several times in 1991. **Jose Juan Salaz (Escape)** – Salaz escaped from the Garza East Unit of the Texas Department of Criminal Justice. He is currently the only escapee inmate in the 153-year history of the Texas prison system who has not been recaptured, killed or discovered dead. On the night of March 22, 1997, Salaz and other inmates from his dormitory were coming back into the housing area from the recreation yard. As the door closed behind them, Salaz, who was toward the back of the line, noticed that the door did not completely shut and lock. Salaz seized the opportunity, exited through the door, ran across the recreation yard and scaled a series of three fences to get out of the unit. Prison employees were unable to see Salaz clearly through the fog that night. Despite an extensive manhunt, Salaz was not recaptured. Salaz was serving a life sentence for attempted capital murder of a police officer as part of a 1995 shootout in Houston, Texas. Salaz and his accomplice, Geronimo Alverado, kidnapped a man and demanded \$5,000 for his safe return. During the money exchange on April 2, 1995, undercover cops were able to buy back the hostage. Then Salaz and Alverado got into a gun battle with police. One officer was shot by another officer in the crossfire. Cops shot Salaz four times with shotgun blasts. Salaz was apprehended when he drove his car into a police cruiser. Salaz has scars from the encounter on the left side of his forehead, the left side of his neck, and both legs. **Ann Kibalo (Child Abduction)**

**AMERICA'S MOST WANTED - Show #666 (MW-1521)**

March 4, 2002

Page 4

**Samantha Kibalo (Missing Child)** – Three-year-old Samantha Kibalo vanished last February while in the care of her non-custodial mother, Ann Kibalo. Samantha's father, Mike, was granted full custody of Samantha after splitting from Ann. After their split, Mike would take Samantha to Long Island, where Ann lived, whenever Ann requested a visit with her daughter. At the end of their week-long visits, Ann always brought Samantha back home to Rockland County. After the most recent visitation, Ann failed to appear at the designated meeting place, the Ramapo police station in Suffern, New York. This is not Ann's first attempt to kidnap Samantha. Ann also abducted her ten days after her birth, before she and Mike had split up. Ann was permitted to keep Samantha throughout the custody battle, which took almost a year. After that year Mike was given custody of Samantha and Ann was allowed unsupervised visitation. There is currently a felony warrant out for Ann Kibalo for custodial interference. Police recovered Ann's car after Samantha was reported missing, but there was no sign of Ann or Samantha. Police are concerned for Samantha's safety because of Ann's unstable mental condition. While the Rockland police have searched as far as New Hampshire and Illinois, they have received the most credible sightings from Florida. They are specifically focusing on the Boynton Beach area and Palm Beach County. Ann may wear eyeglasses while driving. She is also thought to have a rare red-haired Tibetan Spaniel named Vodka with her. Mike Kibalo says Vodka would be due for immunizations about this time. Ann Kibalo has used the aliases Ann Yermak, Ann Saul, and Ann Kaplan. She is 38, 5'0" and 120 pounds. Samantha Kibalo is 3, 2'9" and 22 pounds.

**Christopher Alan Fiegehen** (Murder) – On February 10, 2002, Fiegehen climbed up the balcony of Alan and Lorella Chorkey's home and shot Lorella when she confronted him. Alan most likely came to his wife's aid and was attacked by Fiegehen, this time with a knife. Lorella was able to call 911 and told the operator that she had been shot and that her husband was fighting with the attacker. Moments later the phone went dead. When police arrived at the scene they found Lorella lying on the floor with a gunshot wound to the head. She was able to tell investigators that the attacker was Fiegehen. Fiegehen had dated Lorella's daughter, Alane Dockstader, but when the relationship ended, Fiegehen began stalking her. Alane had just recently obtained a court-ordered restraining order against him. Alane was not home the night of the attack. Hours after the attack, Fiegehen borrowed a pickup truck from a friend and drove to Truckee, California where he pawned his snowboarding equipment for roughly three hundred dollars. Fiegehen, who has used the alias Christopher Alan, has both ears pierced. He is a drinker and drug user, but does not smoke. He is into snowboarding and BMX racing. He may have his hair cut extremely short or shaved. He has worked as a bartender, and may have a gun in his possession. Fiegehen is 23, 5'10" and 180 pounds.

**Samuel Avalos Gallardo** (Vehicular Homicide) – Gallardo is an escaped convicted murderer who has been on the run since February 25, 1994, when he escaped from the Stewart Conservation Camp in Nevada. Gallardo was convicted for DUI causing death and serious bodily injury. On October 4, 1992, Gallardo struck Gary Selby Jr.'s car head on while entering Highway 80 in Reno. Gary was killed instantly, but his friends who were in the car with him survived the crash. On April 29, 1993 Gallardo was sentenced to 40 years. He escaped the next year and has not been seen since. Gallardo may have a limp from a bad hip resulting from the accident. He frequents bars, works construction as a laborer, and his last known occupation was working at an Olive Garden restaurant in Reno. Gallardo is 33, 5'6" and 155-160 pounds.

**Unknown Alyssa Owen Killer(s)** – 8-year-old Alyssa Owen was last seen coming home from school on February 11, 2002. The next day, her body was found by the side of a gravel road. She had been strangled. Alyssa's mother, Janice Owen, is missing. Janice was last seen at

the family home at 5:45pm on February 11. She was talking with two white men in her front yard. One of the men was wearing a red baseball cap and a leather jacket. Authorities believe Janice may be in danger. Police are looking for two vehicles that were in the Boonville, Missouri area on February 11 and 12. One is a white, boxy, four-door compact and the other is a late 1960's green GMC pickup truck. Janice Owen wears glasses, and when last seen, she was wearing purple nurses' scrubs and white tennis shoes. Owen is 43, 5'2" and 107 pounds.

**Benjamin Alberto Arellano-Felix (Drug Trafficking)** – Benjamin Arellano-Felix is wanted by Mexican and American authorities for the May 24, 1993 murder of Cardinal Juan Jesus Posadas Ocampo. Posadas was sitting in his car at La Guadalajara International Airport when he was ambushed by as many as 15 gunmen. More than 40 shots were fired, including 14 that hit the cardinal and eleven that hit the driver. The Mexican government says Posadas' death was the result of a botched assassination attempt by feuding Mexican drug lords. Authorities say the intended victim was Joaquin Guzman Lata, one of the biggest cocaine and marijuana traffickers in Mexico. Guzman was arrested by Mexican officials on Thursday, June 10, 1999 in Guatemala. The hit was paid for by a consortium of rival gang members. The cardinal pulled up in the middle of the shoot-out and got caught in the crossfire. Guzman got away unharmed. During their investigation officials discovered a thousand-foot tunnel owned by Guzman that led from Tijuana to the United States. Officials believe the tunnel was designed to transport drugs under the border into California. Arellano-Felix may have fled to the United States. He is 49, 5'10" and 170 pounds. (See Shows #597, #630 and #644, OADs 7/28/00, 4/28/01 and 8/11/01)

**Unknown (Murder)** – On March 21, 1999, well-known Las Vegas cabbie John Harris was murdered. He was working the late night shift that night and was scheduled to work until 3:00am. When his employer, Vegas-Western cab company, had not heard from him by 4:00am, they became concerned and contacted the police. At 6:47am police responded to a call of a shooting. They found Harris slumped over his steering wheel in the parking lot of the Sahara Palms Apartment complex off the main strip in Las Vegas. He had suffered a bullet wound to his head. Police have few clues. According to Harris' trip sheet, his last pickup was two people at a local hotel called Arizona Charlies. The trip sheet also indicated that the two people were dropped off at the Smoke Ranch Apartments at 2:55am. Ironically, detectives could not find a hotel or apartment complex by that name. Approximately \$500 was stolen from Harris' cab, so police have determined that robbery was the motive. Harris' long-time friend, magician Lance Burton, has put up a \$10,000 reward for information leading to the arrest of Harris' murder. (See Show #566, OAD 11/20/99)

**Unknown Taxi Cab Robber Suspect (Armed Robbery)** – On the night of August 17, 2001, two young Hispanic males called for a taxi cab from a pay phone at a Crown gas station in

the Hybla Valley section of Alexandria, Virginia. A cab was dispatched to pick them up from the Springfield Taxi Cab Company at approximately 2:00am. The suspects directed the cab driver to an apartment complex located at Fairfield and Lockheed Boulevards in Alexandria. Once there, the suspects produced a gun and a knife and robbed the driver of approximately \$29 in cash and relieved him of his wallet. They fled the taxi on foot. The suspect who brandished the handgun was later apprehended in Texas. In Texas, that suspect is listed as an adult, but in Fairfax County he is listed as a juvenile, so his name has not been released to the public. The other suspect, the one with the knife, remains at large. This case was the first in the Washington, DC metropolitan area where a taxi cab robbery was captured on film in the form of still photographs. Springfield Taxi Cab Company had installed the new digital security system in their cabs just two weeks prior to the robbery.

**David Lopez (Murder)**

**Ruben Lopez (Murder)** -- David and Ruben Lopez are wanted by the San Jose Police department for the 1997 murder of Leonard Miller. Police say the Lopez brothers were involved in a business dispute with Leonard's son, Steve. Brother David, Ruben and Efram Lopez operated Red's Hydraulics in Long Beach, California. Steve Miller and his father, Leonard Miller, owned and operated Lowrider Hydraulics in San Jose. The two companies were fierce competitors in the lucrative custom-lowrider car parts supply industry. Detectives say David and Ruben hired three men from Los Angeles and sent them to San Jose to kill Steve Miller. On the morning of March 3, 1997 one of the men entered Lowrider Hydraulics and asked to see the owner. When sixty-year-old Leonard Miller walked out to the counter he was gunned down. The intended target, Steve Miller, was not at work that morning. Within weeks the three contract killers were arrested. The hitmen implicated David and Ruben Lopez as the men who had hired them to kill Steve Miller. Before police could arrest them, the Lopez brothers packed up their families and disappeared from Long Beach. Both brothers have used the surname Ramirez. David Lopez has a stocky build and long, flowing hair. He is married to Clara Elena Lopez; they have four children. David Lopez is 41, 5'4" and 176 pounds. Ruben Lopez wears a goatee and has long flowing jet-black hair. He is described as a workaholic. He is married to Margaret Elaine Lopez; they also have children. Ruben Lopez is 44, 5'8" and 180 pounds. Following the initial broadcast, a tipster called in with valuable information, but the authorities need to talk to this person further and are urging him or her to call back. (See Shows #526, #528 and #566, OADs 1/23/99, 2/6/99 and 11/20/99)

**James Martin Wooten (Sexual Assault of a Child)** -- Wooten sexually assaulted his girlfriend's daughter. He was arrested and bailed out. After his release, Wooten harassed the victim by calling her, and sending her gifts and letters. He was arrested for tampering with a witness and again posted bail. He has not been seen in Gorman, Texas since he was released. In 2000 Wooten was spotted in the Colorado City, Texas area. He had a beard and long hair.

**AMERICA'S MOST WANTED - Show #667 (MW-1522)**

March 18, 2002

Page 4

Wooten applied for a job in Roscoe, Texas, using the alias of James Kitchens. Police located an apartment complex that Wooten was apparently staying at in Lorraine, Texas, but never apprehended the suspect. Wooten has a birthmark on his right arm. He may be working as a truck driver. Wooten is 36, 5'8" and 190 pounds.

**Unknown (murder)** -- Mickey Thompson made his name through race cars, both on and off the track. Whether he was drag racing, off-road racing, or smashing another land speed record, Mickey pulled the crowds, eager to see what he would do next. Even with almost five hundred speed records broken, Thompson didn't stop there. His inventions and innovations not only made cars faster, but safer and better protected. With his business moving along smoothly, and his love for his wife Trudy deeper than ever, in 1988 Thompson seemed to be on an easy street. But just past six o' clock in the evening on March 16, 1988, Trudy and Mickey were brutally murdered by two gunmen in the driveway of their Bradbury, California home. Two witnesses say that Mickey was shot first, injured, and forced to watch his wife being murdered before his eyes, knowing he was next. The Los Angeles County Sheriff's Detective on the case, Mike Robinson, said that they "were there to do one thing and that was to kill them..." The killers even had bicycles ready to make their escape--a shrewd move in Mickey's gated community, where a car could easily have been boxed in. The ruthlessness of the killers and their apparent deliberate planning both suggest a contract killing, but who would want Mickey dead? Many signs point to Michael Goodwin, Mickey's former business partner, who attempted to swindle the Thompsons, but was stopped in court by Mickey. After a half-million dollar award was made to Mickey, the couple began receiving numerous death threats. Goodwin, who is serving time in federal prison for bank fraud, denies any connection to the murders. Police believe their only hope is to track down the gunmen, and find out who put them onto the Thompsons. Both suspects are described as having a thin muscular build and wearing dark hooded sweatshirts during the murders. They are approximately 32-45, 6'0", and approximately 175 pounds. The killers possibly were seen in the area before the murders in a then-new maroon Volvo station wagon. Following the initial broadcast, a tipster recalled having seen two men loading bicycles into a Ryder truck in a nearby parking lot. Thompson's sister has offered a \$1 million reward for information leading to the capture and conviction of those responsible for the deaths of her brother and sister-in-law. **Guerrin Saintio (Murder)** – On April 28, 2001, Guerrin Saintio was upset because his car had been stolen. He thought 20-year-old Jason Bayard, a fellow member of the Zombie gang or crew, had taken it. Saintio confronted Bayard outside Bayard's home near Little Haiti in

Miami. Bayard denied stealing his car, but Saintio gunned him down anyway. Bayard died in front of his home and an innocent bystander was injured with a gunshot wound to her leg. Miami detectives got a murder warrant for Saintio but he was gone. He resurfaced on October 18, 2001 after Miami Dad police officers spotted a car that matched the description of a car wanted in a recent robbery. After attempting to pull the car over, officers were led on a high speed chase through Miami and parts of Broward County. The chase ended and officers arrested Saintio and his partner Patrick Bass. The next day Saintio and Bass exchanged identities and Saintio walked out of jail. Saintio reappeared on November 23, 2001. Saintio ambushed two men outside a convenience store. One of the victims, 26-year-old Oldo Dulcio, died at the scene. Viewer tips led authorities to Warner Robins, Georgia, and even identified his vehicle. Saintio was easy to spot in this tiny town. Local authorities captured Saintio without incident. (See Show #664, OAD 2/9/02)

**Lucio Eduardo Fernandez (Murder)** – Fernandez is wanted in connection with the February 26, 2001 stabbing death of Brian O'Neill. The two Massachusetts men engaged in a fight outside of Master McGrath's Restaurant in Seabrook, New Hampshire. During the fight Fernandez pulled out a knife and stabbed O'Neill once in the abdomen. O'Neill and Fernandez did not know one another. O'Neill had been living at the Best Western Inn across from the restaurant for the two weeks because his own home had burned two weeks earlier. Friends and relatives say that O'Neill felt he had a new lease on life because he had escaped the blaze only moments before the home was completely engulfed in flames. Fernandez has used several aliases, including Luis Carelli, Luigi Edward Carelli, and Lewis Correlle. He may sell drugs for money and has served time for drug-related offenses. He is a loner who depends on other people for transportation and works sparingly as an unskilled construction worker. He speaks Spanish, and may claim to be Italian-American. **Pennsylvania Suitcase Jane Doe** – On July 11, 1995 a fisherman discovered a suitcase inside a trash bag along the banks of a creek. Inside the suitcase he caught a glimpse of a human shoulder. Closer examination by the police revealed the torso of a young woman; her legs had

been removed from her pelvis. The torso was wrapped in a sheet and then packaged in a plastic quilt bag. The bag was then wrapped in a quilt and placed in a suitcase, which in turn was bound with wire, taped, and placed in the garbage bag. The woman's fingerprints did not match with any records. A computer enhanced an image of her face and the pictures of a blouse found in the suitcase were released to the media, but yielded few clues. Six months later, police received their next major clue when a deer antler buff found a human leg bone in the woods seventy miles away. A police search uncovered a second leg at the site, along with a trash bag containing a sludge which later turned out to be liquified human flesh. A bag containing clothing was also found at the site. Due to composition, medical examiners were unable to positively match the legs and torso with DNA evidence. However, when doctors placed the right femur head into the hip joint, the leg fit perfectly. The autopsy revealed that the victim ate beef with gravy (and nothing else) shortly before she was killed. The torso was found along with a blue denim blouse with a one-inch white stripe. (See Show #636, OAD 6/9/01)

**Nova Esther Guthrie** (Armed Bank Robbery) – Guthrie and her boyfriend, Craig Pritchert, robbed the Bank of Southwest in Durango, Colorado on October 31, 1997 and the Wells Fargo Bank in Mesa, Arizona on August 13, 1999. The FBI believes Guthrie and Pritchert have also held up banks throughout the Pacific Northwest and Texas. In March 1999, Guthrie surrendered to the FBI in Denver, Colorado and was released on bond. She moved to Cheyenne, Wyoming to live with relatives and got a job as a waitress. Pritchert remained at large. Agents believe the love-struck couple reunited on the internet. On April 4, 1999 Guthrie drove out of Cheyenne to meet Pritchert and resumed her life on the run with him. Pritchert is an active day trader on the internet. He covers his stock losses by robbing banks. The robberies have all been meticulously planned, employing scanners, handcuffs, guns, two-way radios, masks, and well-timed precision to gain access to the bank vault where the large amounts of currency are stored. Guthrie is believed to have been the getaway driver in the Durango robbery. Guthrie has used several aliases including Nova Hicks, Nova Thomas, and Alex Santini. She is from a white supremacist-religious fundamentalist family background. She studied to be a mortician, and has worked in sales and as a waitress. She loves to ski and snowboard, and may be hanging around ski resorts. Guthrie is 28, 5'4", and 130 pounds. Arizona. Pritchert, Guthrie and an unnamed associate are also charged with the armed robbery of the Bank of Southwest in Durango, Colorado on October 31, 1997 in which they allegedly made off with \$50,000 in cash. Pritchert has numerous aliases, including Josh Riggs, Garrett W. Guthrite, John Guthrite, Wil Hicks, Brent Wilson Hicks, Matthew Ryan Pritchard, Michael Craig Pritchert, Michael Craig Pritchard, Michael Craig Pitcher, and Craig Pritchard. Then he pulled out a knife and stabbed Jason Sizemore. As he left the bar, Pinnace told the bartender, "You should have listened." Pinnace, who has used the aliases Marquise Pinnace and Marcus Pinnace, wears stud earrings in double-pierced ears and has two upper front teeth permanently crowned in gold. He may be working as a handyman, carpenter, or construction day laborer. Pinnace is 34, 5'9" and 180 pounds.

**Ruben Hernandez Martinez (Aggravated Sexual Assault)** – On May 17, 1998, Ruben Martinez, along with cohort Luis Castanon, snuck into the Nashville apartment rented to Kelly Quinn and her roommate. They waited until Kelly returned home. When she went to her room, the two men attacked her, raping her continuously for hours. They told her that they had been watching her for some time. When they were done, they made Kelly shower to remove any DNA evidence. Kelly cleverly concealed semen that was on her neck. After the men fled, cops eventually found Castanon's fingerprint. He was arrested, and due to fingerprint and serology, he was convicted of aggravated sexual assault and sentenced to 60 years. Authorities learned that Martinez might have been the second man involved. A search of Martinez' apartment turned up Kelly's boom box stereo. Martinez and his family fled to Texas, where he admitted his part in the rape. He may be involved in as many as three other Nashville area rapes. Martinez usually wears a goatee or at least a mustache. He was the victim of domestic abuse as a child and is described as physically abusive towards women. He has worked as a house painter. **Christopher Alan Fiegehen (Murder)** – On February 10, 2002, Fiegehen climbed up the balcony of Alan and Lorella Chorkey's home and shot Lorella when she confronted him. Alan most likely came to his wife's aid and was attacked by Fiegehen, this time with a knife. Lorella was able to call 911 and told the operator that she had been shot and that her husband was fighting with the attacker. Moments later the phone went dead. When police arrived at the scene they found Lorella lying on the floor with a gunshot wound to the head. She was able to tell investigators that the attacker was Fiegehen. Page 2

Martin was raised in an exceedingly religiously strict home. Both his brother and sister had left the home at age 16 due to inability to cope with the restrictions imposed by their father and step-mother. He did not have many friends and was described as a loner. Martin had exhibited behavioral problems and his parents enrolled him in a "boot camp" to help deal with this. Martin was not allowed to participate in any extracurricular activities after school hours. He had enrolled in the ROTC program at his high school and was told earlier in the week of the murder that he would not be allowed to attend an ROTC dinner. His instructor had sent a note home to the parents telling them how important this was, but they still did not give Martin permission to attend. On November 1, 2001, Martin acted as if he was going to school, but actually hid behind the garage. He stabbed his father, David Martin, to death on the front lawn of their house and then left on foot. David Martin died on the way to the hospital. Martin's step-mother believes that he had intended to kill her as well. Martin may be heading for Buffalo, New York where his sister and uncle live. Correspondence between Martin and his sister had ceased in 2000, but she and their uncle had wanted to come get Brian from California and take him to live with them in New York. Martin is a perfectionist with obsessive compulsive tendencies. He may have teenage acne. Because he has lived in California for a year, his hair may be lighter and he may have a tan. Martin is 16, 5'6" and 130 pounds. (See Show #665, OAD 2/16/02)

**Kathie Harless** (Murder)-- Harless is accused of murdering her newborn son and dumping him into an outhouse toilet. On April 9, 2001, police in Leitchfield, Kentucky were called to Bratcher's Flea Market to report the discovery of the body of an infant. A septic tank worker had been pumping out the women's outhouse when his vacuum hose became stuck. When the man pulled the hose out of the toilet, the body of a male human infant was attached to the hose by the buttocks. An autopsy showed that the baby was a newborn at the time of death, and there were no apparent abnormalities that should have caused the baby's death by natural causes. Police discovered that Kathie Harless, a regular vendor at the flea market, had been seen

with blood on her clothing at the previous flea market session. She also appeared to be extremely weak, weak enough that she had to have help breaking down her table and loading her merchandise back into her vehicle at the end of the day. Brandishing pistols, the gunmen began firing as soon as they entered the bar, but the gunmen had picked a bar that was full of off-duty police officers that night who'd come to see a band of cop-musicians, "Pigs In A Blanket", perform. All three gunmen were wearing masks. When Tarango tried to jump over the bar to get to the cash register, several patrons grabbed him and slammed him to the floor. The third suspect began firing wildly into the crowd. At that same moment, on the other side of the bar Rodriguez engaged in a toe-to-toe shootout with off-duty cop Dennis Devitte. Devitte was shot seven times, but managed to fatally wound Rodriguez with eight bullets. Rodriguez died at the scene. Five other patrons were wounded during the attempted robbery. single, divorced mother, disappeared from her home in Zachary, LA. Tracey Warner, Connie's 17-year-old daughter, returned home from a weekend trip around 9pm and her mother's car was in the driveway, but Connie was nowhere to be found. After waiting for her mother for two and a half hours, Tracey became worried and called her grandfather. When he came over, they searched the house, found blood splatters and called the police. The Zachary Police detectives immediately suspected foul play. They secured the area, began searching for evidence, and started interviewing neighbors and other witnesses. Then, on September 2, 1992, a truck driver found Connie Warner's body in a drainage ditch in Baton Rouge. On April 5, 1993, two teenagers drove to the Buhler Plains Cemetery to "park" for the evening. While a teenage girl, 16, and her boyfriend, 18, were snuggling, someone opened their car door and interrupted them. The intruder attempted to stab them to death with a sling blade. After the murder, the men placed Richezza's body in a box, carried it to the cemetery and hid the body in a storage vault. **Clifford Carrol Graham** (Mail Fraud, Wire Fraud, Income Tax Evasion) -- It's the oldest confidence game in the book: the goose that lays golden eggs, the promise of money out of thin air. But no one ever suspected it would come from self-made millionaire Clifford Graham. In the 1970s, Graham got rich establishing the Fotomat chain - a network of little yellow shacks that

suddenly sprung up in parking lots across the country. His critics called him a dreamer when he got started. He proved them wrong millions of times over. So when Graham started looking for investors for a new scheme, he didn't come up short. He had developed a number of wealthy and influential friends, and was able to impress them with his contacts at the upper levels of government - including Gerald Ford. Coming from anyone else, his promises would have looked insane at best, criminal at worst. But when he put out word that his latest company, Au Magnetics, would soon be using new technology to extract gold from ordinary sand, the world beat a path to his door. The feds say that behind his impressive sales pitch, however, Graham was in deep trouble. His millions from the Fotomat empire had dwindled away into nothing, they claim, and he wasn't about to give up his extravagant Southern California lifestyle. Whether the technology was viable or not was a moot point, they say: he wasn't in it for the gold - he was in it for his investors' cash. Graham allegedly oversold shares in his company, and instead of using the investments for development of his miracle gold machine, FBI agents claim that he lined his own pockets with \$10 million of his investor's money. Among the hardest hit was Graham's own secretary, Kristine Griffin, and her husband, a veteran firefighter. They thought they were getting an inside track on a sure-fire scheme. Instead, they lost their life savings. Following an attempted investor takeover, the FBI and IRS became very interested in Graham. That when, they say, he decided to take an extended vacation. Graham was allegedly last seen living large on a Caribbean island. Meanwhile, the Griffins, their equity wiped out, were wondering how they were going to feed their second child. Graham has used the aliases "C.C." and Cliff. He has a scar from the right corner of his mouth to his right cheek and a scar on his right leg, but he may have had plastic surgery. He is a physical fitness enthusiast who wears lifts in his shoes to add up to three inches to his height. He may be armed with a revolver. Graham is 77, 5'4" and 155 pounds. (See Shows #298, #376 and #498, OADs 1/4/94, 8/19/97 and 6/6/98)

**Martha Ann Gomez (Sexual Assault of a Child)** -- Gomez is wanted for sexually assaulting three girls between the ages of 13 and 15 from 1996 to 1998. Gomez posed as a teenage boy and usually met her victims through phone chat/sex lines. She preyed upon girls with low self-esteem, touting herself as someone who would listen to their problems. The conversations eventually escalated to actual meetings where Gomez sexually assaulted the girls. When the girls, who still believed Gomez was a man, tried to break out of the relationship, Gomez threatened their lives and their families' lives. In at least one case, police say Gomez used a gun. Police figured Gomez out and arrested her in the fall of 1998 on one count of aggravated sexual assault of a child. She bonded out. On November 24, when she was supposed to appear in court, and as police were filing three additional charges against her, Gomez disappeared. Gomez may have cut her hair and dyed it blonde. She has acne scars on both cheeks, "Gomez" tattooed on her lower left arm near her wrist and "ACE" on her upper left arm near the biceps. She has a very masculine walk, and hunches down as she walks. She claims she injured her back years ago when working in a candle factory, and used to receive disability checks for a dislocated disc in her back.
