WERNER "BLUE" FRANCISCO – *Los Angeles, CA*: AMW investigates the murder of a beloved Los Angeles street vendor who stood up to local gangbangers and paid with his life, leaving behind a wife, three kids and an outraged city demanding justice. <http://www.amw.com/fugitives/brief.cfm?id=77280>

CHARLES MENTGES – *St. Paul, MN*: The search continues for convicted sexual predator Charles Mentges, a man with a documented history of sexual abuse against girls under the age of 13. Cops had him in jail once before, but he vanished before a parole meeting and may have taken his run from the law into international waters. <http://www.amw.com/fugitives/brief.cfm?id=76306>

UNKNOWN BILL POWELL KILLER – *North Augusta, SC*: On Nov. 22, 2005, police say a gunman went on a crazed carjacking spree in a North Augusta restaurant parking lot, leaving one man dead and two other people critically injured. Bill Powell only had seconds to warn his friend that someone was running toward them with a gun before he was shot in the face and killed instantly. Police say that the shooter is the same man that had tried to carjack a woman in a fast food drive-thru moments earlier, shooting her as she sped away, and that the same suspect later stole a car at gunpoint and made his escape. Almost six years later, police are still baffled by this cold killer who remains at large. <http://www.amw.com/fugitives/brief.cfm?id=77392&refresh=1>

LARRY JONES – *Sacramento, CA*: In Dec. 2010, police say alleged gang-member Larry Jones and five other men launched a deadly gun battle and assault on a barber shop in Sacramento targeting rival gang members. During the shootout, an innocent mother was shot and killed as she used her body to shield her baby son, saving him in the process. All the suspects are in custody except for Jones who still remains free. <http://www.amw.com/fugitives/case.cfm?id=77074>

SADIQ WAHHAB CAPTURE – *New York, NY / Nassau County, NY*: With more than 30 aliases and a rap sheet that could take up an entire bookshelf, cops say Wahhab was on the run after his latest string of home invasions. Wahhab fought the system for more than 30 years, but his luck has finally run out. <http://www.amw.com/captures/brief.cfm?id=74532>

CHRISTOPHER MEADE CAPTURE – *North Carolina*: Wanted for more than a year for questioning in his wife's suspicious death, Christopher Meade is now officially charged with her murder. On Dec. 18, 2010, John Walsh named Meade as one of his top 10 fugitives in 2010 and 10 days later, authorities arrested Meade in Reynosa, Mexico. <http://www.amw.com/captures/brief.cfm?id=72086>

DERRICK BEST CAPTURE – *North Carolina*: The man whose stray bullet allegedly killed a 3-year-old girl named Princess is in custody. With the help of the U.S. Marshals, North Carolina police forced Derrick Best out of hiding with the aid of tear gas. <http://www.amw.com/captures/brief.cfm?id=77038>

LONNIE CORRELL – *Norman, OK*: Police say a Norman, Okla., couple was in for the shock of their lives when they learned that friend Lonnie Ray Correll, who they had employed as a baby-sitter, betrayed their trust and raped one of their children. Now police and U.S. Marshals need your help to find this accused predator. <http://www.amw.com/fugitives/brief.cfm?id=76962>

JOSE SAENZ – *Los Angeles, CA*: In October 2009, the FBI added alleged gang banger and accused rapist and murderer Jose Luis Saenz to their Ten Most Wanted Fugitives List. Police say Saenz disappeared in 1998 after executing three people including the mother of his infant daughter, and resurfaced ten years later to viciously kill again. <http://www.amw.com/fugitives/brief.cfm?id=57722>

JERRY KETTLE – Clark County, WA / Potter County, TX: In June 1996, Jerry Kettle was found guilty of child rape and molestation and though he served more than eight years in prison, he's failed to register as a sex offender multiple times since his 2004 release. UNKNOWN NORI AMAYA KILLER – Washington, DC: Halloween 2009 came to a tragic end when popular Washington D.C. restaurant owner Nori Amaya was found strangled to death in her apartment. He was in, of all places, a public library in Minnesota. <http://www.amw.com/captures/brief.cfm?id=62452>

MARIZELA PEREZ – Seattle, WA: Marizela Perez walked into a Safeway store on the afternoon of March 5, 2011. MO CO BAG TAX(Henerhan/pkg)

Nearly a million people live in Montgomery County, Maryland, and each time they go to the grocery store -- or another retail establishment -- they mostly carry away merchandise in paper or plastic bags. The county estimates that 83 (m) million bags a year are carried away. And some of them wind up polluting the environment. The plastic bags generally don't degrade, and that polluting trash becomes semi-permanent. So the County Council has followed DC's lead, and established a five-cent-a-bag tax. Nancy Floreen was the only NO vote.

Fredericksburg, Virginia is a city of about 23,000 people. But Fredericksburg gets more than a million tourist visits a year, largely because it was the location of a bloody Civil War battle in 1862. Confederate defenders destroyed the existing bridges across the Rappahannock River, so the invading Union Army built pontoon structures for their invasion. Tourists can learn about the 1862 Battle of Fredericksburg on their own, (by consulting free maps available at the visitor's center), For \$17 adults can purchase tickets and get an hour-and-15 minute "trolley tour" of the city, and now, if they have an i-phone, they can purchase (for \$2.99) a "Battlefield App" for Fredericksburg.

Metro to Dulles Airport (and then beyond the airport into two stations in Loudoun County), is now projected to cost three-and-a-half (b) billion dollars -- a billion more than earlier estimates. AirportsAuthority Board, plans to largely pay for the rail project by continuing to hike the cost for drivers using the Dulles Toll Road. Local and state legislators are screaming (on behalf of those future drivers).

DULLES TOLL RD FEE

The "access road" to Dulles Airport has been free since that facility opened in 1962. That could change, in the future, as the board that oversees construction of the Silver (Metro Rail) Line to Dulles casts about for ways to pay for the more expensive rail station option closer to the terminal. Tolls on the adjoining Toll Road have already risen, and will rise again in January. A financial consultant predicts that one-way tolls might have to rise to more than TEN DOLLARS to pay for the Metro Rail project. As an alternative, the consultant suggests adding tolls to the (now free) access road. That means, not only would local motorists (not going to the airport) be paying for Metro, so would passengers who drove to their cars to Dulles.

MO CO SCHOOL BUS(Henrehan/pkg)

Parts of Stringtown Road, in Clarksburg, Maryland, are new and improved -- the widening here was part of the development deal that has led to the construction of thousands of new homes. But, admidall the density, a part of Stringtown road narrows to two lanes, and dips (and curves) down to a streambed. The dips and the curves occur in both directions. At about 8:45 a.m., two school buses (travelling opposite ways) apparently clipped each other in this narrow, curvy part of the roadway, driving one of the buses off the road and directly into a tree. Clarksburg resident Rob Shapiro came running when he heard multiple sirens, and saw first responders swarming the scene.
