Dear Mr. Hardy:

Thank you for advising us of the desire to retransmit WPTD on your cable television service. Greater Dayton Public Television, Inc., licensee of WPTD (TV), Dayton, Ohio (the "Station"), requests carriage of the Station on your cable television system and on any cable television systems your company launches after the date hereof in the Station's market. This request is conditioned on our understanding that your cable system qualifies as a "cable television system" under the applicable rules of the Federal Communications Commission, 47 C.F.R. § 76.5(a) and may be withdrawn in the event that your new cable system does not so qualify. If you have any questions regarding this request, please direct them to me at (937) 220-1672, or by email to klensman@thinktv.org and to the contact listed in the Station's online public files.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Kitty Lensman', written over a faint, larger blue outline of the same signature.
