

The following represent some of the key issues facing the broadcast area of KIDK during the current filing period. They are referenced on the accompanying programming summaries.

Unless otherwise noted, all programs aired as part of Eyewitness News at 5:30 PM AND/OR 9 P.M.

A) **EDUCATION:** Issues relating to public school and university education in our community.

**Title: BYUI Diversity Petition**

Broadcast Date: 6-18

Duration: 2:24

Description: A group of BYU-Idaho College of Performing and Visual Arts students have initiated a petition drive calling for creation of a diversity and inclusion office. They claimed some college policies “weaponized the violence against the early members of the Church of Jesus Christ of Latter Day Saints against black Americans. Students of the “Black Student Union” said that cultural group was discontinued by the university. They contend the university’s diversity rate has suffered, because minorities can’t find a place in the academic, cultural, and social environment.

**Title: JUNETEENTH**

Broadcast Date: 6-19

Duration: 2:30

Description: A group of Rexburg people joined together to stage a Juneteenth commemoration in the city. One of the organizers explained the history of the occasion. The day marked the delivery of the emancipation proclamation to slaves in Texas. Group organizers said the nation’s slavery history impacts the genealogy of many citizens and is a topic that must always be taught.

B) **HEALTH / ENVIRONMENT:** Issues related to our environment and health of our community.

**Title: CHILDHOOD IMMUNIZATION**

Broadcast Date: 5-26

Duration: 2:15

Description: Amid the COVID-19 pandemic, district health officials are concerned about a major drop-off in childhood immunizations. Because school was out, when the district normally holds its free clinics, they are worried that many young kids may be missing important vaccines. Measles vaccines in key age groups are down by over 15%. In 2019, two-thirds of children 5 months and older were up to date on vaccinations. In 2020, that number dropped to less than half.

**Title: IDAHO REBOUNDS ENTERS STAGE 3**

Broadcast Date: 5-28

Duration: 1:53

Description: Governor Brad Little said he was working to move Idaho towards a more normal lifestyle. Stage 3 of Idaho Rebounds will begin as planned on May 30. That will allow bars and movie theaters to open, if they follow safety protocols. Gatherings of up to 50 people will be allowed, along with social distancing and other safety measures. Under established guidelines, night clubs and larger venues, including sports events, should remain closed, but develop plans for Stage 4.

C) **GOVERNMENT/POLITICS:** Issues facing local government including taxation and politics.

**Title: COVID-19 ECONOMY**

Broadcast Date: 5-27

Duration: 2:02

Description: The Rexburg-based Research and Small Business Development Center is keeping a close eye on economic trends in Rexburg, Rigby, and Idaho Falls. Officials say good data will help business leaders recover more quickly from C-19 closures. Based on its data, the researchers predict that if the number of C19 cases does not spike again, the economy should recover in 3 to 6 months. If it does, that road could be closer to 18 months.

**Title: INFRASTRUCTURE PROJECTS**

Broadcast Date: 6-17

Duration: 2:00

Description: Rexburg and Madison County are cooperating on a number of new public infrastructure projects. The city is completing work on a new dog park and is now focusing on a “river adventure” park along the Teton River. It will begin at the Eagle Park on the north side of Rexburg and continue over the next several years. The city is also working to provide high speed broadband internet for all areas for the city.

**Title: Eastern Idaho State Fair**

Broadcast Date: 6-26

Duration: 2:06

Description: The Eastern Idaho State Fair Board voted 4-2 to go ahead with the Eastern Idaho State Fair this September. Fair Manager Brandon Bird says he plans to move ahead with the week-long event, while protecting the public under the threat of COVID-19. Bonneville County representatives were against the move, saying there had been no approved safety plan. The Mayor of Blackfoot, however, said he would use his authority to stop the proceedings in his community until he says a favorable safety plan.

D) **ECONOMY:** Tracking trends affecting our community’s business base as well as the rise and fall of industry in the community.

**Title: HIGH SCHOOL RODEO**

Broadcast Date: 5-27

Duration: 2:05

Description: Every year, the High School Rodeo Association championships are a huge economic engine for the city of Pocatello. Unlike other high school sports, it is not regulated by the Idaho High School Activities Association. But, Bannock County Commissioners decided to cancel the event at county facilities because of the COVID-19 health restrictions. (Ultimately, the association opted to move its events to Blackfoot.)

**Title: MOVIE THEATER COMEBACK**

Broadcast Date: 5-28

Duration: 2:09

Description: Local movie theaters are preparing to open for the first time since the COVID-19 virus forced their closure. The Blackfoot Movie Mill and Idaho Falls Paramount Twin are working with local health officials to reopen. The theaters have been holding private parties as a sort of practice and as a way to pay bills. In preparation for a June 13 opening, the theaters are booking shows and scheduling time for disinfecting the auditorium between shows.

**Title: FRIGITEK DEVELOPMENT**

Broadcast Date: 6-22

Duration: 1:29

Description: A new potato storage facility is opening at a site near the Pocatello airport. Frigitek told the location because of its proximity to interstate highway and rail lines, making it easier to transport storage products. Combined with the underutilized airport property, the company believes it is a good opportunity for the community. Frigitek is currently in the engineering and design stage of the project.

E) **LAW ENFORCEMENT:** Tracking trends in neighborhood crime and the legal progress of criminal cases.

**Title: DAYBELL INVESTIGATION (ongoing story)**

Broadcast Date: 6-9 AND SUBSEQUENT FOLLOW-UPS

Duration: 2:02

Description: Investigators spent the day at the Fremont County property of Chad Daybell, finally serving him a warrant and arresting him. Police were examining the property for any sign of missing children, Tylee Ryan and JJ Vallow, last seen in September of 2019. Daybell was home when the search began at around 7 a.m. and was taken into custody after he was seen in his car during the afternoon. Daybell was believed to be held in the Fremont County Jail.

Team coverage included interviews with shocked neighbors after two sets of human remains were found buried on the property.

Within the next two weeks, both Vallow-Daybell and Daybell were formally charged with Conspiracy and destruction of evidence.

**Title: MISSING BOY**

Broadcast Date: 5-27

Duration: 3:09

Description: A Mississippi private investigator has joined the effort to find an Idaho Falls teen, missing since 2018. The investigator believes Jed Hall is still alive. He has questions about surveillance video that followed the boy as he broke into a charter school and left money for former girlfriend. Idaho Falls Police have enlisted support to search the back country, but the investigator believes that may be the wrong target and that the boy could be in another state.

**Title: COVID 19 SCAMS**

Broadcast Date: 6-16

Duration: 1:55

Description: Idaho Attorney General Lawrence Wasden encouraged people to protect themselves, their parents, families and communities from becoming the targets of scammers. The latest involves people pretending to be contact tracers for COVID 19. The impersonators use the ruse to steal people's financial information. Legitimate tracers will ask where you live, who you have seen lately and where you have been. Wasden warned that crisis, like the pandemic, is always a perfect time for scammers to scam.

**Title: INL FIRE SEASON**

Broadcast Date: 6-25

Duration: 1:59

Description: With memories of the 100,000 acre Sheep Fire in 2019 still fresh, the Idaho National Laboratory is preparing for the 2020 fire season. The site is working with 15 other mutual aid fire departments. INL has also re-seeded much of the burn area to help reduce fuel conditions. The INL fire department has also established a new "dozer boss" position to help supervise specialized equipment.

***Note: Due to a computer system-wide malfunction, files for the first two months of the filing period were lost.***
