* "The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for station's that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day. Further, TBN's multicast channel, Enlace (a Spanish language service), also provides additional Children's Programming."

* "The Children's Television Programming Rules Order, FCC 19-67 (released July 12, 2019), deleted the obligation for station's that multicast to air three (3) hours of digital Children's CORE programming for each multicast channel. The primary signal of a station may complete its Children's CORE obligation by airing either (i) three (3) hours per week (as averaged over a six-month period) of CORE Programming, or (ii) 156 hours of CORE Programming annually, including at least 26 hours per quarter of regularly scheduled weekly programming of at least 30 minutes in length and up to 52 hours annually of CORE Programs of at least 30 minutes in length that are not aired on a regularly scheduled weekly basis, such as educational specials and regularly scheduled non-weekly programming, and/or other non-regularly scheduled programming and short-form programming, such as PSAs and interstitials. In retaining the existing three (3) hour per week (on average) requirement the FCC also expanded CORE Programming hours to be between 6 a.m. to 10 p.m. local time, and allows stations to also air thirteen (13) hours per quarter of the regularly scheduled weekly CORE programming on a multicast stream. Accordingly, stations need to air at least two-thirds of their total annual CORE Programming hours (i.e., 104 hours) on their primary streams and no more than one-third of their total CORE Programming (i.e., 52 hours) hours on a multicast stream. All Core Programming that is not regularly scheduled weekly programming must be aired on a station's primary stream. TBN and its affiliated stations provide three (3) or more hours of CORE programming on the primary signal, and provide additional Children's Programming on its multicast channel SMILE 24-hours per day.

CHILDREN'S PROGRAMMING CERTIFICATION

October 1st to December 31st, 2021

This is to certify that the list set forth below identifies all programs and series aired by **24H** during the above-referenced calendar quarter that were originally produced and broadcast primarily for an audience of children 12 years old and under. As a standard practice, we formatted and aired each of the children's programs and series identified below so that the total commercial time (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour) did not exceed 10.5 minutes per hour on weekends, and 12 minutes per hour on weekdays in compliance with the Children's Television Act of 1990 and the rules and regulations of the Federal Communications Commission (the "FCC"), (the "Regulations").

None of the following programs or series included any commercial spots (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour) that contained references to, characters or actors from, or that offered products related to, the underlying program or series. Any instances in which the children's programming commercial limits were exceeded during the referenced calendar quarter are explained in detail below. I further certify that I have been designated by **24H** as the official responsible for oversight of compliance with the FCC children's programming commercial limits, and I am familiar with the Regulations.

[List children's programs run during calendar quarter]

I hereby declare under penalty of perjury that the foregoing is true and correct.

This is to certify that the list set forth below identifies all programs and series aired by **TVE Internacional** during the above-referenced calendar quarter that were originally produced and broadcast primarily for an audience of children 12 years old and under. As a standard practice, we formatted and aired each of the children's programs and series identified below so that the total commercial time (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour) did not exceed 10.5 minutes per hour on weekends, and 12 minutes per hour on weekdays in compliance with the Children's Television Act of 1990 and the rules and regulations of the Federal Communications Commission (the "FCC"), (the "Regulations").

None of the following programs or series included any commercial spots (including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour) that contained references to, characters or actors from, or that offered products related to, the underlying program or series. Any instances in which the children's programming commercial limits were exceeded during the referenced calendar quarter are explained in detail below. I further certify that I have been designated by **TVE** as the official responsible for oversight of compliance with the FCC children's programming commercial limits, and I am familiar with the Regulations.
