## **RECRUITMENT FOR FULL-TIME VACANCIES**

The Employment Unit has engaged in broad recruitment for its full-time vacancies and has widely disseminated information concerning these vacancies using a variety of communications methods. When WCAU and WWSI have job openings, they reach a large potential applicant pool by running on-air announcements with information regarding their recruiting websites and jobs hotline at least five to seven times per week during various times of the day on both stations. All on-air announcements refer individuals interested in employment with the stations to visit [www.nbcunicareers.com](http://www.nbcunicareers.com) and apply online. These announcements also include a jobs hotline phone number (610-668-5797) that job seekers can call to obtain information about job openings. This jobs hotline includes language options for English and Spanish. Job openings are always posted on [www.nbcunicareers.com](http://www.nbcunicareers.com), and the Company's Staffing Center advertises job openings with targeted/specialized web sites in the broadcast industry when necessary. Both stations' web sites also provide links directly to [www.nbcunicareers.com](http://www.nbcunicareers.com). This recruiting web site, which is available to the public, now allows NBCUniversal internal employees to apply for open jobs, which promotes career advancement opportunities for all employees. NBCUniversal's Employee Referral Program has been updated and the Human Resources Department at the Employment Unit has sent this new information to the Employment Unit's population. The program is designed to further the promotion of diverse recruiting by our own employees.

## NOTIFICATION TO COMMUNITY GROUPS AND RECRUITING ORGANIZATIONS

The Employment Unit publishes an annual newspaper ad inviting employment sources and community organizations to submit a written request to be included on WCAU and WWSI's job vacancy distribution list. The recruitment print ad placed within the past 12 months for this reporting period was placed in the Philadelphia Inquirer and ran on Sunday, January 26<sup>th</sup>, 2014. It also ran in the Daily News on Monday, January 27<sup>th</sup>, 2014, monster.com for (7 days) from January 26<sup>th</sup> to February 1<sup>st</sup>, 2014, and philly.com mobile for 30 days from January 26<sup>th</sup> to February 26<sup>th</sup>, 2014. In the 12 months included in this reporting period, no organizations have contacted the Employment Unit directly to request written notice of open job opportunities. If such requests are received, the Employment Unit will email or fax job opening notices to any recruiting source or community organization that requests the information and responds with an email address or fax number to receive such job information. In addition, the Employment Unit has developed its own list of recruiting organizations to which it sends notices of open job opportunities.

During the four-year-period, students have the opportunity to learn the many aspects of broadcast operations and develop company-specific skills. Students are paid for the work they complete and additionally receive matching dollars from the stations designed to assist them with their academic costs.
