**RECRUITMENT FOR FULL-TIME VACANCIES**

The Employment Unit has engaged in broad recruitment for its full-time vacancies and has widely disseminated information concerning these vacancies using a variety of communications methods. The stations provide a jobs hotline phone number (610-668-5797)

that refers individuals interested in employment with the stations to visit [www.nbcunicareers.com](http://www.nbcunicareers.com) and apply online. This jobs hotline includes language options for English and Spanish. Job openings are always posted on [www.nbcunicareers.com](http://www.nbcunicareers.com), and the Company's Staffing Center advertises job openings with targeted/specialized web sites in the broadcast industry when necessary. Both stations' web sites also provide links directly to [www.nbcunicareers.com](http://www.nbcunicareers.com). This recruiting web site, which is available to the public, now allows NBCUniversal internal employees to apply for open jobs, which promotes career advancement opportunities for all employees. NBCUniversal's Employee Referral Program has been updated and the Human Resources Department at the Employment Unit has sent this new information to the Employment Unit's population. The program is designed to further the promotion of diverse recruiting by our own employees.

## NOTIFICATION TO COMMUNITY GROUPS AND RECRUITING ORGANIZATIONS

The Employment Unit invites employment sources and community organizations to submit a written request via a form available on the stations' websites to be included on WCAU and WWSI's job vacancy distribution list. In the 12 months included in this reporting period, no organizations have contacted the Employment Unit directly to request written notice of open job opportunities. If such requests are received, the Employment Unit will email job opening notices to any recruiting source or community organization that requests the information and responds with an email address to receive such job information. In addition, the Employment Unit has developed its own list of recruiting organizations to which it sends notices of open job opportunities.
