More Round Table Hosts for KAB Student Seminar on April 8!

For the first time ever the KAB Student Seminar will be virtual! We're excited to host high school and college students from across the state for a half day of panels, networking, and fun.

Please join us for our round table event and/or career fair. The round tables will take place from 3-4 p.m. followed immediately by the career fair from 4-5 p.m.

For the round tables, we'll need volunteers from stations to talk about what they do and how they got there. Please click the button below for the various table topics and to sign up.

In addition to recruiting broadcast talent, stations attending the career fair will also earn EEO credit. Since the round tables and career fair are back-to-back, the same person could potentially cover both. Please click the button below to sign up for your virtual career fair booth!

We will be hosting the student seminar on the [Remo](#) platform and information on how to access will be forthcoming. This year, you'll be able to represent your industry and station from the comfort of your home or office.
